El Gran Capitan, Jose De la Guerra Joseph A. Thompson, 1961 *Aztlán and Arcadia* Roberto Ramon Lint Sagarena, 2014-08-22 In the wake of the Mexican American War competing narratives of religious conquest and re conquest were employed by Anglo American and ethnic Mexican Californians to make sense of their place in North America These invented traditions had a profound impact on North American religious and ethnic relations serving to bring elements of Catholic history within the Protestant fold of the United States national history as well as playing an integral role in the emergence of the early Chicano a movement Many Protestant Anglo Americans understood their settlement in the far Southwest as following in the footsteps of the colonial project begun by Catholic Spanish missionaries In contrast Californios Mexican Americans and Chicana os stressed deep connections to a pre Columbian past over to their own Spanish heritage Thus as Anglo Americans fashioned themselves as the spiritual heirs to the Spanish frontier many ethnic Mexicans came to see themselves as the spiritual heirs to a southwestern Aztec homeland Father of All Louise Pubols, 2010-01-04 This deeply researched engagingly presented and immensely valuable book demolishes longstanding myths about Mexican California as a colorful custom bound world apart In place of this fantasy past Louise Pubols offers a history of the de la Guerras that reveals a family and a society caught up in yet not wholly overcome by the global economic and political developments of the first half of the nineteenth century Stephen Aron Professor of History at the University of California Los Angeles and Executive Director of the Institute for the Study of the American West at the Autry National Center The Father of All combines first rate historical analysis with in depth archival research Don Jos de la Guerra and his extended family are fascinating historical personages and their encounters with other Californio elites provide a compelling story but Pubols takes us to a higher level of understanding by demonstrating the crucial role of extended family ties in the economic and political history of California during the Mexican Period Pubols provides a convincing argument that family ties kept the prevalent political unrest from breaking out into more violent civil conflict Dr Jarrell C Jackman Executive Director Santa Barbara Trust for Historic Preservation **The Mexican Frontier, 1821-1846** David J. Weber, 1982-06 Reinterprets borderlands history from the Mexican perspective **American Catholics** James J. Hennesey, 1983-03-24 Written by one of the foremost historians of American Catholicism this book presents a comprehensive history of the Roman Catholic Church in America from colonial times to the present Hennesey examines in particular minority Catholics and developments in the western part of the United States a region often overlooked in religious histories *The History of Alta California* Antonio Maria Osio, 1996-05-15 Antonio Mar a Osio s *La Historia de Alta California* was the first written history of upper California during the era of Mexican rule and this is its first complete English translation A Mexican Californian government official and the landowner of Angel Island and Point Reyes Osio writes colorfully of life in old Monterey Los Angeles and San Francisco and gives a first hand account of the political intrigues of the 1830s that led to the appointment of Juan Bautista Alvarado as

governor Osio wrote his History in 1851 conveying with immediacy and detail the years of the U S Mexican War of 1846 1848 and the social upheaval that followed As he witnesses California s territorial transition from Mexico to the United States he recalls with pride the achievements of Mexican California in earlier decades and writes critically of the onset of U S influence and imperialism Unable to endure life as foreigners in their home of twenty seven years Osio and his family left Alta California for Mexico in 1852 Osio s account predates by a quarter century the better known reminiscences of Mariano Guadalupe Vallejo and Juan Bautista Alvarado and the memoirs of Californios dictated to Hubert Howe Bancroft s staff in the 1870s Editors Rose Marie Beebe and Robert M Senkewicz have provided an accurate complete translation of Osio s original manuscript and their helpful introduction and notes offer further details of Osio s life and of society in Alta California *The Pacific Historical Review* Anna Marie Hager,1976 Myth and the History of the Hispanic Southwest David J. Weber,1988 Located in Southwest Collection *La Purísima Concepción* Michael R. Hardwick,2015-05-11 In two centuries La Purísima Concepción went from a fledgling frontier mission to a renowned California State Historic Park Once home to many Spanish soldiers settlers and hundreds of Chumash Indians La Purísima held the seat of the California Mission government under Father Mariano Payeras It withstood catastrophic events including widespread disease in early years and a great Southern California earthquake in 1812 Emerging from ruins for the last time in 1934 after restoration by the Civilian Conservation Corps structures appear today as they did in the early nineteenth century The uniquely restored California Mission complex operates as a state park in a pastoral setting Author and archivist Michael R Hardwick chronicles the story of La Purísima and the resilient people and culture that made a lasting influence **Remapping the History of Catholicism in the United States** David J. Endres,2017 For more than thirty years the quarterly journal U S Catholic historian has mapped the diverse terrain of American Catholicism This collection of essays including seven of the most popular and path breaking contributions of recent years tells the story of Catholics previously underappreciated by historians women African Americans Latinos Asian Americans and those on the frontier and borderlands Publisher description **Farm Workers and the Churches** Alan J. Watt,2010-02-23 In the mid 1960s the charismatic Cesar Chavez led members of California s La Causa movement in boycotting the grape harvest and melon pickers in South Texas called a strike against growers contesting unfair labor and wage practices in both states In Farm Workers and the Churches Alan J Watt shows how the religious and social contexts of the farm workers their leaders and the larger society helped or hindered these two pivotal actions Watt explores the ways in which liberal expressions of Northern Protestantism transplanted to California and combined with the pro labor wing of the Catholic Church and the heritage of Mexican popular piety provided a fertile field for the growth of broad support for Chavez and his organizing efforts Eventually La Causa was able to achieve collective bargaining victories including a historic labor contract between California agribusiness and farm workers The movement did not fare as well in Texas where the combination of a locally weak union leadership a more conservative Southern Protestant ethos and the strikebreaking

measures of the Texas Rangers all boded ill. However, a general Chicano movement ultimately took permanent root in the state because of the workers' struggle. Watt offers a careful examination of the complex interactions among religious traditions, social heritage, and ethnicity as these factors affected the course and outcomes of these two pioneering campaigns undertaken by La Causa.

Pasadena Before the Roses Yvette J. Saavedra, 2018-10-09 Incorporated in 1886 by midwestern settlers known as the Indiana Colony, the City of Pasadena has grown into a world-famous tourist destination recognized for the beauty of its Tournament of Roses Parade, the excitement of the annual Rose Bowl, and the charm of the Old Town District. But what existed before the roses? Before it was Pasadena, this land was Hahamog na, the ancestral lands of the Tongva people. Later, it comprised the heart of the San Gabriel Mission lands, and in the Mexican period, it became Rancho San Pascual. The 1771 Spanish conquest of this land set in motion several colonial processes that would continue into the twentieth century and beyond. In *Pasadena Before the Roses*, historian Yvette J. Saavedra examines a period of 120 years to illustrate the interconnectedness of power, ideas of land use, and the negotiation of identity within multiple colonial moments. By centering the San Gabriel Mission lands as the region's economic, social, and cultural foundation, she shows how Indigenous, Spanish, Mexican, and American groups each have redefined the meanings of land use to build their homes and their lives. These visions have resulted in competing colonialisms that framed the racial, ethnic, gender, and class hierarchies of their respective societies.

A Cumulative Bibliography of Medieval Military History and Technology Kelly DeVries, 2008 This is the second update of *A Cumulative Bibliography of Medieval Military History and Technology*, which appeared in 2002. It is meant to do two things: to present references to works on medieval military history and technology not included in the first two volumes, and to present references to all books and articles published on medieval military history and technology from 2003 to 2006. These references are divided into the same categories as in the first two volumes and cover a chronological period of the same length, from late antiquity to 1648, again in order to present a more complete picture of influences on and from the Middle Ages. It also continues to cover the same geographical area as the first and second volume, in essence Europe and the Middle East, or again influences on and from this area. The languages of these bibliographical references reflect this geography.

We Are Not Animals Martin Rizzo-Martinez, 2022-02 *We Are Not Animals* traces the history of Indigenous people in the Santa Cruz area through the nineteenth century, examining the influence of Native political, social, and cultural values and these people's varied survival strategies in response to colonial encounters.
