the twenty first century from the works of Homer to the monks of the Middle Ages from the saint to the shaman Bourke examines the crisis apparition and the phenomena of the living ghost in legend lyric and lore demonstrating their universal nature for the first time He shares profound accounts from a wide range of sources including history literature folklore theology and contemporary culture to reveal how widespread these ghostly encounters are throughout the ages In demonstrating how these remarkable encounters with living ghosts aren't fearsome experiences but leave the recipient full of healing and hope this book offers insight into how the beloved dead seem to communicate and the intertwined nature of humanity in this world and the next
