Holzapfel, 2001-01-01 **A History of European Folk Music** Jan Ling, 1997 The aim of this study is to increase understanding of folk music within an historical European framework and to show the genre as a dynamic and changing art form The book addresses a plethora of questions through its detailed examination of a wide range of music from vastly different national and cultural identities It attempts to elucidate the connections between and the varying development of the music of peoples throughout Europe firstly by examining the ways in which scholars of different ideological and artistic ambitions have collected studied and performed folk music then by investigating the relationship between folk and popular music Jan Ling is Professor of Musicology at Göteborg University Sweden **Central European Folk Music** Philip V. Bohlman, 2013-10-28 This is the first annotated bibliography in German or English to gather the rich sources for German language folk music scholarship It presents a comprehensive view of both historical and contemporary trends in a field embracing folkloristics and ethnomusicology as well as philological and cultural studies Beginning with early theories of folk song formulated by Herder Goethe the Brothers Grimm and others the book examines the most important collections of the 19th century folk song movement and surveys the 20th century institutions and publications that have made folk music scholarship essential to an understanding of German speaking Europe The book represents the enormous diversity of folk music Ideas of genre and classification contrast with the ways in which minority and ethnic groups have contributed to the complex constructs of 19th and 20th century nationalism The intellectual history in this book often takes the form of a clash between institutions and the forceful personalities of scholars who theorized that folk music was the product of individuals or the linguistic core of nations Entries that illustrate the ways in which constructs of folk music have contributed to the politics of culture e g in Nazi Germany or in the workers culture of the former German Democratic Republic also constitute the expansive musical landscape covered by this book The author includes diverse disciplinary perspectives not just those of folklorists but also concepts from ethnomusicology historical musicology and religious and cultural studies In addition to traditional studies of the canons of German folk music e g ballads and singing society repertoires Bohlman includes studies of religious and ethnic minorities and of German folk music in nations and regions outside Central Europe The comprehensive nature of this book not only makes available a rich history of scholarship but also contextualizes Central European folk music as a vital and critical discipline for the interpretation of a changing Europe Includes index *Song Loves the Masses* Johann Gottfried Herder, 2017-01-31 9 Music Transcendent and Sublime Herder s Von Music 1800 Translation of Von Musik On Music Epilogue Herder s Journey Notes Bibliography Index A B C D E F G H I J K L M N O P Q R S T U V W Y Z **East European Accessions Index**, 1960 **The Geography of Tourism of Central and Eastern European Countries**

Krzysztof Widawski, Jerzy Wyrzykowski, 2017-01-24 This book presents a comprehensive overview of the tourism market development in Central and Eastern European countries. It is divided into 13 chapters including a chapter dedicated to Belarus, all richly illustrated with colorful maps and illustrations. The book presents the output of international conferences organized every two years by the Department of Regional Geography and Tourism of the University of Wrocław, which have served as inspiration for this book. Chapter 1 provides the characteristics of 20 post-communist countries of the region on the international tourism market and it sets the background and context for the following chapters. Chapters 2 to 13 present the condition of research on tourism: tourist attractions, tourist infrastructure, tourism movement, main types of tourism, as well as tourist regionalization in 12 Central and Eastern European countries. All chapters have been updated with reference to the statistics. This book is a revised and updated version of *The Geography of Tourism of Central and Eastern European Countries* published by the Department of Regional Geography and Tourism of Wrocław University in 2012. It has been developed by a group of specialists through their exchange of research experience in the scope of international tourism in Central and Eastern Europe.

Focus: Music, Nationalism, and the Making of the New Europe Philip V. Bohlman, 2010-09-13 Two decades after the fall of communism in Eastern Europe and one decade into the twenty-first century, European music remains one of the most powerful forces for shaping nationalism. Using intensive fieldwork throughout Europe, from participation in alpine foot pilgrimages to studies of the grandest music spectacle anywhere in the world, the Eurovision Song Contest, Philip V. Bohlman reveals the ways in which music and nationalism intersect in the shaping of the New Europe. *Focus: Music, Nationalism, and the Making of the New Europe* begins with the emergence of the European nation-state in the Middle Ages and extends across long periods during which Europe's nations used music to compete for land and language and to expand the colonial reach of Europe to the entire world. Bohlman contrasts the national and the nationalist in music, examining the ways in which their impact on society can be positive and negative, beneficial for European cultural policy and dangerous in times when many European borders are more fragile than ever. The New Europe of the twenty-first century is more varied, more complex, and more politically volatile than ever, and its music resonates fully with these transformations.

Encyclopedia of Jewish Folklore and Traditions Raphael Patai, 2015-03-26 This multicultural reference work on Jewish folklore, legends, customs, and other elements of folk life is the first of its kind. **List of Works in the New York Public Library Relating to Folk Songs, Folk Music, Ballads, Etc.** New York Public Library, 1907. *Songs of Earth* Anna L. Wood, 2021-11-01 Based upon *Cantometrics: An Approach to the Anthropology of Music* 1976 by Alan Lomax, *Songs of Earth: Aesthetic and Social Codes in Music* is a contemporary guide to understanding and exploring Cantometrics, the system developed by Lomax and Victor Grauer for analyzing the formal elements of music related to human geography and sociocultural patterning. This carefully constructed cross-cultural study of world music revealed deep-rooted performance patterns and aesthetic preferences and their links with environmental factors and ancient socioeconomic practices. This new

and updated edition is for anyone wishing to understand and more deeply appreciate the forms and sociocultural contexts of the musics of the world's peoples and it is designed to be used by both scholars and laypeople. Part One of the book consists of a practical guide to using the Cantometrics system, a course with musical examples to test one's understanding of the material, a theoretical framework to put the methodology in context, and an illustration of the method used to explore the roots of popular music. Part Two includes guides to four other analytical systems that Lomax developed which focus on orchestration, phrasing, and breath management, vowel articulation, instrumentation, and American popular music. Part Three provides resources for educators who wish to use the Cantometrics system in their classrooms, a summary of the findings and hypotheses of Lomax's original research, and a discussion of Cantometrics' criticisms, applications, and new approaches, and it includes excerpts of Lomax's original writings about world song style and cultural equity.
