Folle Farine:

Folle-Farine, by 'Ouida'. Marie Louise De la Ramée, 1871 The Women Aesthetes vol 1 Jane Spirit, Sue Asbee, Mary Joannou, Claire Nicholson, 2024-08-07 The aesthetic movement dominated the closing decades of the nineteenth century. It was significant for the role women played in it at a time when there were growing opportunities for them both artistically and professionally. The material in this collection provides a representative selection of essays, fiction, poetry and drama by female authors. *The Fallen Angel* Sally Mitchell, 1981 Discusses the figure of the unchaste woman in a wide range of fiction written between 1835 and 1880 including serious novels by Dickens, Mrs Gaskell and George Eliot, popular novels that provided light reading for middle class women, sensational fiction, propaganda for social reform and stories in cheap periodicals which reached a different and far wider audience than either serious or popular novels. During these years some women were struggling to become women instead of the angels of purity that sentimental morality had made of them. The sexual woman, the whore, the mistress, the runaway wife, the seduced or fallen innocent, all attracted a cluster of ideas about the differences between women and men, about the power structure in sexual relationships and about women's place in the social and moral world. In considering these topics, this book traces women and illuminates differences in the fiction writer for different social classes. Publisher description Victorian Women Writers and the Woman Question Nicola Diane Thompson, 1999-07 This book was first published in 1999. This collection of essays by leading scholars from Britain, the USA and Canada opens up the limited landscape of Victorian novels by focusing attention on some of the women writers popular in their own time but forgotten or neglected by literary history. Spanning the entire Victorian period, this study investigates particularly the role and treatment of the woman question in the second half of the century. There are discussions of marriage, matriarchy and divorce, satire, suffragette writing, writing for children and links between literature and art. Moving from Margaret Oliphant and Charlotte Mary Yonge to Mary Ward, Marie Corelli, Ouida and E Nesbit, this book illuminates the complex cultural and literary roles and the engaging contributions of Victorian women writers. Ouida the Phenomenon Natalie Schroeder, Shari Hodges Holt, 2008 This first full length study of the works of best selling Victorian novelist Ouida, pen name for Marie Louise Rame, examines the evolution of social, political and gender issues in Ouida's fiction from her high society romances of the 1860s to her satirical exposes of contemporary society in the 1880s and 1890s. This study places Ouida in the context of nineteenth century debates over gender by exploring the contradictions between the vehement critiques of marriage in her fiction and the equally vehement anti feminist sentiments of her journalism. Examining Ouida's revision of gender stereotypes such as the domestic angel, the adventuress and the dandy, Schroeder and Holt establish Ouida as a significant predecessor of the 1890s New Woman.
