Algorithms in Game Programming Daniel Sánchez-Crespo Dalmau, 2004 To even try to keep pace with the rapid evolution of game development you need a strong foundation in core programming techniques not a hefty volume on one narrow topic or one that devotes itself to API specific implementations Finally there's a guide that delivers As a professor at the Spanish university that offered that country's first master's degree in video game creation author Daniel Sanchez Crespo recognizes that there's a core programming curriculum every game designer should be well-versed in and he's outlined it in these pages By focusing on time-tested coding techniques and providing code samples that use C and the OpenGL and DirectX APIs Daniel has produced a guide whose shelf life will extend long beyond the latest industry trend Code design data structures design patterns AI scripting engines 3D pipelines texture mapping and more They're all covered here in clear coherent fashion and with a focus on the essentials that will have you referring back to this volume for years to come

Phantasmagorical Culture: A Discussion of Disney as a Creator and a Cultural Phenomenon Genevieve C. Goddard-Pritchett, 2010-09-26 Culture is informed by both the producers and consumers of that culture However in the case of the Walt Disney corporation the producer is so powerful that it is not just informing culture but making a new culture all its own Through playing on ideas of nostalgia utopia and the American dream Disney has constructed a world of fantasy that is becoming real in the eyes of consumers *Josh McDowell's One Year Book of Youth Devotions* Josh McDowell, 1997 Presents Scripture verses and readings for each day of the year designed to help young people make good choices in their daily lives **The Discipline of Market Leaders** Michael Treacy, Fred Wiersema, 2007-03-20 The classic bestseller

outlining tactics for any business striving to achieve market dominance What does your company do better than anyone else What unique value do you provide to your customers How will you increase that value next year Drawing on in depth studies and interviews with the top CEOs in the country renowned business strategists Michael Treacy and Fred Wiersema reveal that successful companies do not attempt to be everything to everyone Instead they win customers by mastering one of three value disciplines the highest quality products the lowest prices or the best customer experiences From FedEx to Walmart the companies that relentlessly focused on a single discipline not only thrived but dominated their industries while once powerful corporations that didn't get the message from Kodak to IBM faltered Presented in disarmingly simple and provocative terms The Discipline of Market Leaders shows what it takes to become a leader in your market and stay there in an ever more sophisticated and demanding world
