

The background of the book cover is a classical landscape painting. It depicts a church with a prominent steeple and other architectural details, situated on a grassy hill. To the left, there are large, leafy trees. A path or road leads from the foreground towards the church. The sky is filled with soft, white clouds. The overall style is reminiscent of 17th or 18th-century European landscape art.

Follow Me Experience The Loving Leadership Of Jesus:

Follow Me Jan D. Hettinga, 1996 Jan Hettinga addresses the roadblocks that keep Christians from following Christ in spirit the mistrust of authority the fear of giving God full control the inability to perceive and understand God the confusion about God and His ways and peoples willingness to face their own resistance to God **The Problem of Jesus** Mark Clark, 2021-02-23 The modern world portrays Jesus in many ways for many reasons Some are well intentioned but misguided others are aberrations still others have some but not all the essential keys In order to see and understand the real Jesus and what the Gospels say about him we have to see him in his first century context and work out from there Here is a portrait of Jesus that in some ways will affirm what traditional Christianity has always understood about him and in other ways upend it altogether Award winning author Mark Clark delves into the person and work of Jesus of Nazareth his parables and miracles his controversial challenge of discipleship and obedience his seemingly insane claim to be God and what his death and resurrection if they did happen actually mean Mark is unafraid to tackle questions such as What would first century Jews have immediately recognized about Jesus that modern Christians often miss What do the Gospels accomplish and can we trust them Is there a problem with science and Jesus miracles What are the barriers stopping people from following him And what is Christianity in light of an accurate portrayal of the object of its faith The Problem of Jesus engages with ideas from all realms of study from Malcolm Gladwell and Jordan Peterson to historians scientists and philosophers from N T Wright to C S Lewis from Star Wars to Pretty Woman all unite to form a breathtaking and accurate portrait of Jesus the man the message and the mission who forever altered the course of human history As a former atheist I would call this book philosophical dynamite The Problem of Jesus will take your thinking about Jesus and your relationship with him to whole new levels Pastor and author Ray Johnston **Heart of the Living God** Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is Gods gift to us in our Imago Deithe image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I dont think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process Thats the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at

www.PreciousHeart.net *FAITH ADRIFT CHRISTIANITY* Cecil W. Stalnaker, 2022-07-27 Faith Adrift Christianity is a biblical response to a devastating form of Christianity that has gripped the heart and soul of many Christians and their churches namely that of nominal Christianity. This form of Christianity is counterfeit at its best and is one of the greatest challenges facing the church today whether Protestant, Catholic or Orthodox. It is estimated that an alarming 75% of professing Christians are living lifeless forms of their faith. Although so many identify as Christians, something is strangely wrong. Sadly, wavering in the Christian faith is more common than not. Millions of professing Christians in America and Europe are adrift spiritually and indifferent to Jesus Christ and his church. This deceptive form of Christianity is not only personally detrimental to the Christian but devastating to the life of the local church. Being a weak form of Christianity, the church loses its saltiness and its light dims. It nullifies its penetrating and powerful outreach into society. If not countered, Christians will continue to drift toward the sea of nominally having nothing but a token relationship with God. For this reason, Faith Adrift Christianity is an indispensable guide because it reveals counters and provides answers from a biblical perspective to churches regarding those who profess Christ yet live lapsed Christian lives. The uniqueness of Faith Adrift Christianity is its biblical analysis as to why people manifest an aloofness regarding God. Yet it does not merely cite the problems and leave the reader adrift; for it offers effective means to combat this very troublesome challenge. **The**

Adventure of Discipling Others John Purvis, Ron and Mary Bennett, 2014-02-27 Just like Jesus, you can pour faith into believers, helping them grow spiritually and fulfill their unique niche in God's kingdom. In this handbook and Bible study, you'll learn why we are called to disciple believers. What topics lay a biblical foundation for new Christians? How to develop a discipling process. **Setting Your Course** Dr. Greg Bourgond, 2014-03 God is very clear about His purposes for you. If you

want to live a meaningful life, it must be aligned with His purposes. You have a unique purpose to fulfill a committed passion to embrace a role to perform unique methodologies, a personal toolkit to employ and an ultimate contribution to make. In *Setting Your Course*, author Dr. Greg Bourgond seeks to help you set your course, find focus for your life, engage in God's journey for you, and finish your journey well. He employs a three-part process to influence you to live all out for Christ: the compass, map, and guide. The compass explains the importance of orienting your life in accordance with established biblical compass points. The map defines the trajectory you are to follow based on how God has wired you. The guide stresses the importance of being mentored and mentoring others. *Setting Your Course* helps you formulate a deliberate strategy for determining your purpose, assists you in aligning your life according to God's plan, encourages you to become a proactive partner in fulfilling God's purposes and redemptive activity, and exhorts you to leave a worthwhile legacy in the lives of others.

Minding God's Business Ray S. Anderson, 2008-10-01 Pastors, leaders of Christian organizations, and lay persons will find an invaluable guide and spiritual wisdom in this book. Focusing primarily on the what rather than the how of managing Christian organizations, Ray Anderson clearly presents a biblical and theological basis for understanding the unique

characteristics of Christian organizations and what it means to manage such organizations in a Christian way Anderson emphasizes the role of leadership for Pastors and those who manage Christian organizations providing helpful teaching on issues such as strategic planning the development of mission statements as a definition of the organization's goals and what it means to use biblical principles prayer and dependence on the Holy Spirit in carrying out the organization's goals There is an increasing interest in and concern for how Christian organizations and churches are managed in today's complex society Ray Anderson has made a careful study of this Christian organizational problem and helps us all to better understand the biblical stance related to an issue which affects so many of us Here is timely help a theological perspective and practical applications The author gives us an effective refreshing creative approach to *Minding God's Business* Ted W Engstrom President World Vision After several decades of leadership theory and practice without much theology often leading to ruthless pragmatism on one hand or ineffective mysticism on the other Ray Anderson has stepped in and done what he does best He teaches us that *Minding God's Business* is most effective when it simultaneously pays attention to the Spirit and to the organization with no nutty false dualisms If reading how to books on leadership and management are leaving you wanting more and if theological works make you say What do we do now pick up *Minding God's Business* You'll get the whole picture Todd Hunter Founder and President Society for Kingdom Living Author *Christianity Beyond Belief* Ray Anderson merges the secular concepts of accountability competence and excellence with the spiritual concept of the calling of God to the secular workplace erasing the lines we often draw between the two As a leader in both the secular and para church environments I have striven to operate with one standard God's good pleasing and perfect will Ray ties it all together in a theological context that will help us get it right Craig W Olson CEO Fresh Start Bakeries Chairman Concordia University Irvine CA Board of Regents *The Kingdom in the Republic* Lucie Bardiau-Huys, 2006-06 Two observations initiated this study the statistical fact that today less than 1% of the French population are evangelical Christians despite centuries of Christianity present in France and multiplied missionary efforts in the twentieth century and the obvious lack of missiological studies about these poor results and the particularities of secularist France as mission field A preliminary research project survey concerning communication and relations in French churches indicated the existence of a specific French mindset An investigation of the place of religion throughout history and a sociological analysis of today's values and self image in France provided insight into the French collective identity This identity compared to a relational approach of the New Testament Christian identity led to the identification of conflict zones Among the different possibilities for handling the conflict the incarnational ministry model was withheld This study concludes with the proposal of a six principle framework for a church growth inducing approach that takes into account the cultural specificities of the French mission field **Still Restless** Jan David Hettinga, 2016 What would you give to travel back in time and make an appointment with Jesus to talk to God in flesh Would you ask the questions that cause you doubt Would you expect his answers to bring you peace *Still Restless* relates

good news God has always had time for honest seekers even when they have hard questions or objections The proof is in the life of Christ Jesus met for one on one conversations to share the way to truth and life He never used the same approach twice proving that the gospel is designed for everyone no matter an individual s experiences or personality Hettinga walks through these gospel encounters to demonstrate how talking with Jesus is a good thing to do particularly in today s fast paced modern world Conversations with Christ reveal a spirituality that shuts down evil and empowers good They produce a faith that surrenders control right from the beginning embracing the relief of following a leader who cares for you The search for spiritual peace is universal Finding an end to inner restlessness is much less common Marcus Brotherton author of the award winning Feast for Thieves **You Can Lead Effectively!** Mathew Philip,2008-05 Recent years saw the publication of scores of books on leadership both in Christian circles and in the secular world of politics and business But this book fills in some gaps and will be a valuable addition to them It is written in a style and format that is very reader friendly The ideas are communicated well This book could serve as a good textbook in classes on leadership in theological institutions Back cover

Hunter, 2004 Those Christians who work in missionary settings among non Christian groups learned an important lesson long ago about communicating the gospel You can build the church ring the bell and hope that folks will find their way to your doorstep Or you can immerse yourself in the culture build relationships and minister to people where they are Needless to say it is the latter route that bears the greatest fruit and the greatest similarity to Jesus own practice of proclaiming the gospel As churches in North America seek to grow and minister more effectively they would do well to remember that they too live in an increasingly non Christian culture The churches that will succeed in reaching out to the unchurched in this society are those who have learned how to encounter such people on their own territory Hence one congregation brings visitors into their building not through something foreign sounding like a narthex but through a coffee and espresso bar In this and dozens of other ways innovative congregations are reaching out to the unchurched Kent Hunter names such forms of ministry the Jesus Enterprise In this helpful book he tells the stories of churches where this kind of outreach has become the norm More important he also provides other churches the tools they need to identify the particular opportunities their context presents and ways to take advantage of those opportunities to present the gospel to those most in need of it **How I Changed My Mind about Women in Leadership** Alan F. Johnson, 2010 Well known evangelical leaders from a broad range of denominational affiliations and ethnic diversity share their surprising journeys from a restrictive view about women in leadership to an open inclusive view that recognizes a full shared partnership of leadership in the home and in the ministries of the church based on gifts not gender Christian Leadership Maxie Dunnam, 2019-02-05 The bedrock grounding of church leaders is in God This grounding comes through deliberate and explicit attention to God through prayer and self reflection Leadership as vocation Christian leadership begins with self leadership clarifying one's own heart one's whole being and one's mind in order to find and show that one's most basic identity and deepest and most concrete security lie in God not in success or in pleasing someone else or in being seen as a good person or being loved by a congregation or the faith community we lead Contents includes The Vocation of Leadership The Shape of Our Vocation Lessons From the Saints What is Good Ministry The Persons We Are and the Institutions We
