Keep It Fake Eric G. Wilson,2015-05-05 Shoot straight from the hip Tell it like it is Keep it real We love these commands especially in America because they appeal to what we want to believe that there s an authentic self to which we can be true But while we mock Tricky Dick and Slick Willie we re inventing identities on Facebook paying thousands for plastic surgeries and tuning in to news that simply verifies our opinions Reality bites after all and becoming disillusioned is a downer In his new book *Keep It Fake* *Inventing an Authentic Life* Eric G Wilson investigates this phenomenon Hedraws on neuroscience psychology sociology philosophy art film literature and his own life to explore the possibility that there s no such thing as unwavering reality Whether our left brains are shaping the raw data of our right into fabulous stories or we re so saturated by society s conventions that we re always acting out prefab scripts we can t help but be phony But is that really so bad We re used to being scolded for being fake but Wilson doesn t scold because he doesn t think we need to be reprimanded Our ability to remake ourselves into the people we want to be or at least remake ourselves to look like the people we want to be is

in fact a magical process that can be liberating in its own way Because if we re all a bunch of fakes shouldn t we embrace that And if everything really is fake then doesn t the fake become real really In lively prose honest provocative witty wide ranging as likely to riff on Bill Murray as to contemplate Plato Keep It Fake answers these questions uncovering bracing truths about what it means to be human and helping us turn our necessary lying into artful living **Journal of the Outdoor Life** ,1909 **The Timberman** ,1948 **Architectural Perspective for Beginners** Frank Ayers Wright,1896
