

FOOTPRINTS

One night a man had a dream.
He dreamed he was walking
along the beach with the Lord.
Across the sky flashed scenes from his life.
For each scene, he noticed two sets
of footprints in the sand:
One belonging to him, and the other to the Lord.
When the last scene of his life flashed before him,
he looked back at the footprints in the sand.
He noticed that many times along the path of his life
there was only one set of footprints.
He also noticed that it happened
at the very lowest and saddest times in his life.
This really bothered him
and he questioned the Lord about it.
"Lord, you said that once I decided to follow you,
you'd walk with me all the way.
But I noticed that during
the most troublesome times in my life,
there is only one set of footprints.
I don't understand why when I needed you most
you would leave me."
The Lord replied, "My precious, precious child,
I love you and I would never leave you.
During your times of trial and suffering,
when you see only one set of footprints,
it was then that I carried you"

Footprints A Compendium Of Musings Thoughts And Values:

Footprints Assad Mario Sabga, 2003-11-01 In his *Footprints A compendium of musings thoughts and values* Assad Sabga reveals his thoughts on many different aspects of life In doing so his thoughts and views manifest the works of many great scholars and writers who undoubtedly inspired him During his life he has constantly reviewed and revised his thoughts and personal philosophy if only as a result of personal growth but more often than not in response to different experiences he encountered He took literally to heart the basic statement of Socrates The unexamined life is not worth living and was constantly thinking about life and examining and comparing his own At fifty three years of age he sought to simplify and consolidate all of the complex thoughts that has disseminated through his mind ever since his college days and wanting to leave footprints so that his children may either follow in his way or having chosen their own path they might have the knowledge guidance and companionship of what he truly believed He then decided to write a summary of these thoughts and values more as a compass for his children and their children than for any other reason On review he soon found out that as hard as he tried not one thought of his was original or unique Wherever he ventured in his thoughts he found that someone had been there before him and he was merely repeating what he had read or learned about somewhere before and more often than not that person had expressed the idea much better than he ever could He however makes no apologies for that nor does he attempt to take credit for it but instead views it as a tribute to these great men who have influenced his life so much
