Joshi,2002-04-24 In a work of stunning archival recovery and interpretive virtuosity Priya Joshi illuminates the cultural work
performed by two kinds of English novels in India during the colonial and postcolonial periods Spanning the nineteenth and
twentieth centuries readers and writers empire and nation consumption and production In Another Country vividly explores a
process by which first readers and then writers of the English novel indigenized the once imperial form and put it to their
own uses Asking what nineteenth century Indian readers chose to read and why Joshi shows how these readers transformed
the literary and cultural influences of empire By subsequently analyzing the eventual rise of the English novel in India she
further demonstrates how Indian novelists from Krupa Satthianadhan to Salman Rushdie took an alien form in an alien
language and used it to address local needs Taken together in this manner reading and writing reveal the complex ways in
which culture is continually translated and transformed in a colonial and postcolonial context *The Boys' Life of Mark*
