Smith, 2007-05-01 Building on the highly praised and deliciously browseable two volume compendium the Oxford Encyclopedia of Food and Drink in America this new work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world Within its pages for example we learn that

Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors Edited by Andrew Smith a writer and lecturer on culinary history the Companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions **Food and Drink in History** Orest A. Ranum,1991 Food, Drink and Identity in Europe ,2016-08-01 Scholars across the humanities and social sciences are increasingly examining the importance of consumption to changing notions of local regional national and supranational identity in Europe As part of this interest anthropologists historians sociologists and others have paid particular attention to the roles which food and drink have played in the construction of local regional and national identity in Europe This volume provides the first multidisciplinary look at the contributions which food and alcohol make to contemporary European identities including the part they play in processes of European integration and Europeanization It provides theoretically informed ethnographic and historical case studies of transformations and continuity in social and cultural patterns in the production and consumption of European foods and drinks in order to explore how eating and drinking have helped to construct various local regional and national identities in Europe Of particular note in this volume is its attention to how food and drink intersect with recent attempts to foster greater European integration in part through the recognition and support of common and diverse European cultures and identities **Food and Drink in History** Robert Forster,Orest A. Ranum,1979 The study of food reflects the relationship among climatic demographic productive technological and cultural trends in history Dietary customs assist in fashioning the tone and direction of society The text addresses the issues of economic nutritional psychosociological and cultural approaches to food and history in a series of eleven articles The articles explore the methodological approach to nutrition history changes in food consumption patterns subsistence level in relation to food consumption agricultural productivity consumer tastes and the language of food in dietary laws codes and as a system of communication *Bread and Salt* R. E. F. Smith,David Christian,1984 *Bread and Salt* a literal translation of the Russian word for hospitality explores the social and economic implications of eating and drinking in Russia in the thousand years before 1900 Eating and drinking are viewed here as social activities which involves the economics of production storage and distribution of food stuffs These activities attract both social controls and state taxation in this way the everyday process of eating and drinking is linked with the history of Russia The dominance of grain in the diet throughout the period and the importance of salt as implied in the title are dealt with as are the early Russian beer drinking fraternities The relatively late introduction of spirits in the form of vodka and its disastrous consequences in social terms are described Tea and the samovar also much more a latecomer than is generally realized did little to diminish excessive drinking Drinking in any event was by no means discouraged by the state since it was a major source of state income The final section of the book looks at rural diets

in the nineteenth century when some variation and new items such as the potato became important. At the same time peasants depended basically on the grain crop as they had for thousands of years. Forced by taxation to enter the market afflicted by severe famines towards the end of the century many peasants ate and drank no better as a result of the modernization of the country. *Food, Drink and History* Stephen Usherwood, 1972-01-01 *A Legislative History of the Federal Food, Drug, and Cosmetic Act and Its Amendments* United States, 1979 [The Reports of the Historical MSS. Commission](#) Richard Arthur Roberts, 1920 **A Legislative History of the Federal Food, Drug, and Cosmetic Act and Its Amendments: Text**, 1979 **The Oxford Encyclopedia of Food and Drink in America** Andrew Smith, 2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink. Professor of Culinary History Andrew Smith and nearly 200 authors bring together in 770 entries the scholarship on wide ranging topics from airline and funeral food to fad diets and fast food drinks like lemonade Kool Aid and Tang foodstuffs like Jell O Twinkies and Spam and Dagwood hoagie and Sloppy Joe sandwiches **Food in Time and Place** Paul Freedman, Joyce E. Chaplin, Ken Albala, 2014-11-24 Food and cuisine are important subjects for historians across many areas of study. Food after all is one of the most basic human needs and a foundational part of social and cultural histories. Such topics as famines food supply nutrition and public health are addressed by historians specializing in every era and every nation. *Food in Time and Place* delivers an unprecedented review of the state of historical research on food endorsed by the American Historical Association providing readers with a geographically chronologically and topically broad understanding of food cultures from ancient Mediterranean and medieval societies to France and its domination of haute cuisine. Teachers students and scholars in food history will appreciate coverage of different thematic concerns such as transfers of crops conquest colonization immigration and modern forms of globalization **Helps for Students of History**, 1919 [Food and Drink in American History](#), 2013 **Writing Food History** Kyri W. Claflin, Peter Scholliers, 2013-08-01 The vibrant interest in food studies among both academics and amateurs has made food history an exciting field of investigation. Taking stock of three decades of groundbreaking multidisciplinary research the book examines two broad questions: What has history contributed to the development of food studies? How have other disciplines sociology anthropology literary criticism science art history influenced writing on food history in terms of approach methodology controversies and knowledge of past foodways? Essays by twelve prominent scholars provide a compendium of global and multicultural answers to these questions. The contributors critically assess food history writing in the United States Africa Mexico and the Spanish Diaspora India the Ottoman Empire the Far East China Japan and Korea Europe Jewish communities and the Middle East. Several historical eras are covered: the Ancient World the Middle Ages Early Modern Europe and the Modern day. The book is a unique addition to the growing literature on food history. It is required reading for anyone seeking a detailed discussion of food history research in diverse times and places *Local Foods Meet Global*

*Foodways* Benjamin Lawrance, Carolyn de la Peña, 2013-09-13 This book explores the intersection of food and foodways from global and local perspectives The collection contributes to interdisciplinary debates about the role and movement of commodities in the historical and contemporary world The expert contributions collectively address a fundamental tension in the emerging scholarly terrain of food studies namely theorizing the relationship between foodstuff production and cuisine patterns They explore a wide variety of topics including curry bread sugar coffee milk pulque Virginia ham fast food obesity and US ethnic restaurants *Local Foods Meet Global Foodways* considers movements in context and in doing so complicates the notions that food shapes culture as it crosses borders or that culture adapts foods to its neo local or global contexts By analysing the dynamics of contact between mobile foods and or people and the specific cultures of consumption they provoke these case studies reveal the process whereby local foods become global or global foods become local to be a dynamic co creative development jointly facilitated by humans and nature This volume explores a vast expanse of global regions such as North and Central America Europe China East Asia and the Pacific India sub Saharan Africa the Atlantic Ocean and the USSR Russia It includes a foreword by the eminent food scholar Carole Counihan and an afterword by noted theorist of cuisine Rachel Laudan and will be of great interest to students and researchers of history anthropology geography cultural studies and American studies This book is based on a special issue of *Food and Foodways*     [A Cultural History of Food in the Age of Empire](#) Martin Bruegel, 2014-05-22 The nineteenth century West saw extraordinary economic growth and cultural change This volume explores and explains the birth of the modern world through the food it produced and consumed Food security vastly improved though malnutrition and famines persisted Scientific research radically altered the ways in which food and its relation to the body were conceived efficiency became the watchword norms the measure and standardized goods the rule At the same time the art of food became a luxury pursuit as interest in gastronomy soared *A Cultural History of Food in the Age of Empire* presents an overview of the period with essays on food production food systems food security safety and crises food and politics eating out professional cooking kitchens and service work family and domesticity body and soul representations of food and developments in food production and consumption globally     [Bibliography of the History of Medicine](#) ,1993
