Kashrus ,1988 Poverty Alleviation and Rural Poor Meeta Krishna,2003 This Book Provides A Holistic View Of The Issues Related To Poverty Allieviation And Rural Poor With The Qualities Of Ground Realities That Could Be Observed In The Analysis Of The Book It Will Serve As A Sound Basis To Initiate Remedial Measures **Sacred Rituals and Humane Death** Magfirah Dahlan,2019-10-10 Sacred Rituals and Humane Death critically analyzes the civilizing nature of the underlying fundamental concept of humaneness in contemporary discourses around modern meat and animal ethics As

religious methods of animal slaughter such as the halal method in Islam as well as the practice of religious animal sacrifice are sometimes categorized as barbaric in recent debates the civilizing narrative of progress leads supposedly to more humane adaptation of methods and practices of animal curation and slaughter This volume argues that the shift toward modern meat does not constitute a shift toward less pain and suffering as purported by supporters of contemporary methods particularly mass agriculture Rather it is a shift in what is considered as acceptable versus unacceptable pain and suffering In this work the author analyzes the concealment and distancing that characterize modern meat production uncovering the acceptable pain and suffering involved in these procedures heralded as progress and advocating for a retrieval of earlier tradition bound practices rooted in religious cultural and ethical respect of animals and their important and sacred roles in sacrifice

This Compost Jed Rasula, 2012-09-01 Poetry for Jed Rasula bears traces of our entanglement with our surroundings and these traces define a collective voice in modern poetry independent of the more specific influences and backgrounds of the poets themselves In This Compost Rasula surveys both the convictions asserted by American poets and the poetics they develop in their craft all with an eye toward an emerging ecological worldview Rasula begins by examining poets associated with Black Mountain College in the 1950s Charles Olson Robert Creeley and Robert Duncan and their successors But This Compost extends to include earlier poets like Robinson Jeffers Ezra Pound Louis Zukofsky Kenneth Rexroth and Muriel Rukeyser as well as Clayton Eshleman Gary Snyder Michael McClure and other contemporary poets Walt Whitman and Emily Dickinson also make appearances Rasula draws this diverse group of poets together uncovering how the past is a compost fertilizing the present He looks at the heritage of ancient lore and the legacy of modern history and colonial violence as factors contributing to ecological imperatives in modern poetry This Compost restores the dialogue between poetic language and the geophysical biological realm of nature that so much postmodern discourse has sought to silence It is a fully developed carefully argued book that deals with an underrepresented element in modern American culture where the natural world and those who write about it have been greatly neglected in contemporary literary history and theory
