Parsifal Richard Wagner,1904 *The Elephant's Rope and the Untethered Spirit* Lynne Picard,2021-07-23 This book will move even the hardened skeptic It confirms that suppressed anger and stress can impact health in subtle yet ultimately severe ways and then goes on to demonstrate that real miracles happen when body mind and spirit are integrated through the use of both conventional and unconventional healing methods Lynne Picard's story is that of a courageous woman who learns how to strike an effective balance between traditional treatment and natural healing What makes this book unique is that she is not biased toward either quite the contrary She understands that sometimes both are necessary in order to achieve true holistic healing During her battle with cancer there were several periods of remission followed by recurrences Conventional treatments surgery and chemotherapy bought Lynne the time she need to discover true healing She followed alternate paths not always understanding their purpose at the outset Some of these paths led to radical treatments whose results she could hardly believe even though her own body was evidence The Elephant's Rope and the Untethered Spirit is a book that offers real hope and real guidance for all who wish to heal themselves of illness to gain and maintain good health and to achieve an integration of body mind and spirit **Arthurian Legends on Film and Television** Bert Olton,2008-10-23 The Arthurian legends are a crucial part of Western culture With their enduring themes archetypal characters and complex plots it is not surprising that the stories of Camelot should find their way into films and television programs From the moody Excalibur to the looney Knightly Knight Bugs more than 250 entries give complete credits synopses and analyses Included are works based solely on Arthur and his literary origins and works that feature other figures like Galahad Percival and the operatic favorites Tristan and Isolde Also included are animated films parodies like Monty Python's films like Indiana Jones and the Last Crusade with Arthurian themes and television series with Arthurian episodes such as Babylon 5 and MacGyver Operatic and dramatic works recorded for film and television like Camelot are also covered Appendices bibliography and index **Book of Thoth** Aleister Crowley,1944-01-01 Now a classic in the field used by students of the Golden Dawn as well as by those who want to understand Crowley's tarot This is the definitive study of the Egyptian tarot and is used as a key to all Western mystery disciplines Color plates of eight cards **A Guide to Parsifal, the Music Drama of Richard Wagner** Richard Aldrich,1904 *Opera and Politics* John Bokina,1997-01-01 To what extent do operas express the political and cultural ideas of their age How do they reflect the composer's view of the changing relations among art politics and society In this book John Bokina focuses on political aspects and meanings of operas from the baroque to postmodern period showing the varied ways that operas become sensuous vehicles for the articulation of political ideas Bokina begins with an analysis of Monteverdi's three extant operas which address in an oblique way the political and ideological dualities of aristocratic rule in

the seventeenth century Italy He then moves to Mozart's Don Giovanni which he views as a celebration of the demise of a predatory aristocracy He presents Beethoven's Fidelio as an example of the political spirit of a revolution based on republican virtue and Wagner's Parsifal as a utopian music drama that projects romantic anticapitalist ideals onto an imagined past He shows that Strauss's Elektra and Schoenberg's Erwartung transform the traditional operatic depiction of madness by reflecting the emerging Freudian psychoanalysis of that era And he argues that operas by Pfitzner Hindemith and Schoenberg explore the political roles of art and the artists each couching contemporary conditions in an allegory about the fate of art in a historical period of transition Finally Bokina offers a reappraisal of Henze's The Bassarids as a political opera that confronts the promise and limits of the sensual sexual revolt of the twentieth century
