Foolish Risks Of God:

God Is Not Fair, and Other Reasons for Gratitude Daniel P. Horan, 2020-01-08 Author Franciscan friar and popular retreat leader Dan Horan puts Christian dilemmas into a new light in this new book of thoughtful reflections As Paul made clear to the Corinthians two thousand years ago being a Christian can mean appearing out of step at times This is because a Christian s priorities aren t measured by the culture but according to the reign of God that Jesus preached and modeled In this collection of essays Horan demonstrates that the Christian life is most often focused on the counterintuitive and gratuitous foolishness of God s love revealed in the healing of the broken and brokenhearted forgiving the unforgiveable and loving the unlovable Like Jesus s early followers the ethical implications of Jesus s words and deeds for those of us who would follow him are not always what s expected of us But the risk of appearing foolish never stopped God s Fool St Francis of Assisi from embracing the Gospel as best he could protesting the injustices of certain social systems and letting nothing get in the way of his relationship with others God Is Not Fair and Other Reasons for Gratitude addresses what it means to follow Christ in the modern world opens up the Gospels to explore what Jesus has to say to our situations and predicaments and delves into what it means to faithfully live by vows counterculturally today [The Icarus Deception](#) Seth Godin, 2012-12-31 In Seth Godin s most inspiring book he challenges readers to find the courage to treat their work as a form of art Everyone knows that Icarus s father made him wings and told him not to fly too close to the sun he ignored the warning and plunged to his doom The lesson Play it safe Listen to the experts It was the perfect propaganda for the industrial economy What boss wouldn t want employees to believe that obedience and conformity are the keys to success But we tend to forget that Icarus was also warned not to fly too low because seawater would ruin the lift in his wings Flying too low is even more dangerous than flying too high because it feels deceptively safe The safety zone has moved Conformity no longer leads to comfort But the good news is that creativity is scarce and more valuable than ever So is choosing to do something unpredictable and brave Make art Being an artist isn t a genetic disposition or a specific talent It s an attitude we can all adopt It s a hunger to seize new ground make connections and work without a map If you do those things you re an artist no matter what it says on your business card Godin shows us how it s possible and convinces us why it s essential *Understanding and Obeying the 10 Commandments* Mike Mazzalongo, 2015-01-01 This series reviews the purpose and meaning of the 10 Commandments as they were originally given to the Jews under Moses along with their spiritual value and proper function in the modern Christian s life **The Joy of Encountering Jesus:** Hoan Moses Chung, 2015-03-30 The Joy of Encountering Jesus does not call simply for faith in Jesus but spells out how and why we can believe in Jesus in this twenty first century Reflecting on human experiences recorded in the Bible including those of Jesus of Nazareth we search for who we really are Finding our true selves is possible only by discovering the risen Jesus dwelling within us Then the sun rises the whole world dances with joy and our hearts are filled with Gods grace we are Living Gods Life in a New World The Joy of Encountering Jesus provides

We Brought Something LANCE SPEARMAN,2014-01-29 In all honesty I am obliged to accept that it may be a misnomer for me to claim authorship of this book Rather may be I should just settle for the title of a Compiler This is because I was only challenged to share the contents and lessons of most of the resource materials which had actually had far reaching effects on me and subsequently imparted me with renewed understanding vigour and approach to life Such contents actually got me thinking whether it was possible to achieve Gods purpose in life without some commensurate innate gifts to serve as the underlining background for success and to overcome the challenges of his commission on earth Besides God was said to have created man in His own image and this same God to whom all the wealth and riches of the world belong is both Omni potent and Omniscient As a liberal and kind God of love could He also have allowed a man in His own image to come to face the rigour of the world empty handed and totally unprepared To solve this riddle and expose the readers to a better understanding of the controversy this book has attempted to serialize the trends of life and the role of man in it vis vis the qualities he possesses to impact positively on what God has placed in his care for him to be able to return home triumphantly if he did the right things here during his earthly sojourn
