leaders and coaches become positive deviants and transform the rules of the game within cultures where denial and group think are rife How can coaches work with the anxious and depressed embracing the dark as well as the light Are coaches prepared for the rise of Millennials women leaders and those over sixty the Third Acters Einzig challenges the model of the Strong Leader in favour of Responsible leadership based on authentic strength distributed power and responsive thinking And she shows how this vision of a transformed workplace is essential for the transformations society must undertake to reclaim a positive future This thought provoking collection of essays designed to be read in any order is enlightening and inspiring reading for coaches in practice and in training HR and L D professionals and for leaders everywhere
