Foothold On A Hillside Memories Of A Southern Illinoisan Shawnees Paperback:

Foothold on a Hillside Charless Caraway, 1986 In a style reminiscent of the master storytellers of yore Charless Caraway recounts the story of his life as a man and a boy on small farms in Saline and Jackson counties particularly around Eldorado Makanda and Etherton Switch He makes no bones about the hardships of those old days first helping his father eke out a living from the land then scrambling for a living as a sharecropper and fruit picker as he scrimped and saved for the day when he and his young wife Bessie Mae Rowan Caraway could buy a piece of land of their own The one room school the general store the trips by wagon over roads that choked you in summer and swallowed you in winter the home that burned all are described in a matter of fact yet moving way Many of the locations buildings and people are represented in equally unromanticized photographs from the family's collection Some of the stories and photos recall the common disasters of the frontier drought flood and the tornado of 1925 It is clear from these stories that each aspect of life exacted a price but the Caraways paid that price without regret and rallied to go on their way Charless and his family and friends fill this book with courage strength and an unshakable faith in the value of human endeavor

Kaskaskia David MacDonald, Raine Waters, 2019-06-17 This first comprehensive account of the Illinois village of Kaskaskia covers more than two hundred years in the vast and compelling history of the state David MacDonald and Raine Waters explore Illinois s first capital in great detail from its foundation in 1703 to its destruction by the Mississippi River in the latter part of the nineteenth century as well as everything in between successes setbacks and the lives of the people who inhabited the space At the outset the Kaskaskia tribe along with Jesuit missionaries and French traders settled near the confluence of the Kaskaskia and Mississippi rivers about sixty miles south of modern day St Louis The town quickly became the largest French town and most prosperous settlement in the Illinois Country After French control ended Kaskaskia suffered under corrupt British and then inept American rule In the 1790s the town revived and became the territorial capital and in 1818 it became the first state capital Along the way Kaskaskia was beset by disasters crop failures earthquakes tornadoes floods epidemics and the loss of the capital city title to Vandalia Likewise human activity and industry eroded the river s banks causing the river to change course and eventually wash away the settlement All that remains of the state s first capital today is a village several miles from the original site MacDonald and Waters focus on the town s growth struggles prosperity decline and obliteration providing an overview of its domestic architecture to reveal how its residents lived Debunking the notion of a folklore tradition about a curse on the town the authors instead trace those stories to late nineteenth century journalistic inventions The result is a vibrant heavily illustrated and highly readable history of Kaskaskia that sheds light on the entire early history of Illinois
