Daniel Monsour,2018-11-07 Thematically focused on the theology of redemption or what is called in theology soteriology each of the two sections of *The Redemption* addresses biblical literature and significant moments in the history of Christian theology and especially the work of Anselm of Canterbury The second part of the book presents a significant treatment of the problem of good and evil and introduces the important category of cultural evil Most significant from the standpoint of Lonergan's original contribution is the treatment accorded in both Part 1 and Part 2 to what he calls the just and mysterious law of the cross The treatment of biblical literature contains a valuable distinction between redemption as end and redemption as medium Beginning with theses 15-17 from Lonergan's *Collected Works* *The Incarnate Word* this volume also includes rare and never before published texts originally written in the late 1950s **Complete Works ...** graf Leo Tolstoy,1905 **The Complete Works of Count Tolstoy: Miscellaneous letters and essays** graf Leo Tolstoy,1905 *Early Modern Philosophy of Religion* Graham Oppy,N. N. Trakakis,2014-09-11 The early modern period in philosophy encompassing the 16th to the 18th centuries reflects a time of social and intellectual turmoil The Protestant Reformation the Catholic Counter Reformation and the birth of the Enlightenment all contributed to the re-evaluation of reason and faith The revolution in science and in natural philosophy swept away two millennia of Aristotelian certainty in a human-centred universe Covering some of the most important figures in the history of Western thought notably Descartes Locke Hume and Kant *Early Modern Philosophy of Religion* charts the philosophical understanding of religion at a time of intellectual and

The Philosophical Quest for God Norbert Fischer, 2005. Philosophy is Love of wisdom. There is continual danger that the ports of the search will be taken as the final goal. The constitutive absoluteness of its goal points to an unknown absolute. This absolute creates a place for thinking about God. Thus the God question plays its role in every philosophy from antiquity to the present. The way begins with man as the entry point of the question concerning transcendence. Then this question is shown to be directed toward God. The middle section is dedicated to the arguments concerning divine existence. After the arguments for the reasonableness of belief in God we deal with the relationship of philosophical thought about God to living faith. Finally the ways to a search for God carried out in trust which certain thinkers have followed while recognizing its problems is outlined.

God's Wounds Jeff B. Pool, 2011-07-28. *God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering Volume II: Evil and Divine Suffering* is the second of a three volume study of Christian testimonies to divine suffering. The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely. The goal is then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from

Christian discourse about the nature and life of God This second volume proceeds on the basis of the presuppositions of the symbol those implicit attestations that permit the possibility of divine suffering that which constitutes divine vulnerability with respect to creation The author investigates two divine wounds or modes of divine suffering to which the larger family of testimonies normally attest 1 divine grief or suffering due to human sin or betrayal by the beloved human and 2 divine self sacrifice or suffering for the beloved human in its bondage to sin or misery so as to establish the possibility of redemption and reconciliation
