For Love Of A Pagan:

For Love of a Pagan Anne Hampson, 1978 *Eros and Touch from a Pagan Perspective* Christine Hoff Kraemer, 2013-10-23 Within the past twenty years contemporary Pagan leaders progressive Christian and Goddess theologians advocates for queer and BDSM communities and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch Many assert that the erotic is a divinely transformative force both for personal development and for social change Although the erotic includes sexuality it is not limited to it access to connected nonsexual touch is as profound a need as that for sexual freedom and health In this book Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner Arguing that the erotic is a powerful moral force that can ground a system of ethics Kraemer integrates approaches from queer theology therapeutic bodywork and sexual minority advocacy into a contemporary Pagan religious framework Addressing itself to liberal religious people of many faiths *Eros and Touch from a Pagan Perspective* approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful consensual touch **Just**

Out of Love for My Kin Amy Livingstone, 2011-02-23 In *Out of Love for My Kin* Amy Livingstone examines the personal dimensions of the lives of aristocrats in the Loire region of France during the eleventh and twelfth centuries She argues for a new conceptualization of aristocratic family life based on an ethos of inclusion Inclusivity is evident in the care that medieval aristocrats showed toward their families by putting in place strategies practices and behaviors aimed at providing for a wide range of relatives Indeed this care and in some cases outright affection for family members is recorded in the documents themselves as many a nobleman and woman made pious benefactions out of love for my kin In a book made rich by evidence from charters which provide details about life events including birth death marriage and legal disputes over property Livingstone reveals an aristocratic family dynamic that is quite different from the fictional or prescriptive views offered by literary depictions or ecclesiastical sources or from later historiography For example she finds that there was no single monolithic mode of inheritance that privileged the few and

that these families employed a variety of inheritance practices Similarly aristocratic women long imagined to have been excluded from power exerted a strong influence on family life as Livingstone makes clear in her gender conscious analysis of dowries the age of men and women at marriage lordship responsibilities of women and contestations over property The web of relations that bound aristocratic families in this period of French history she finds was a model of family based on affection inclusion and support not domination and exclusion **For Love and Country** Elizabeth D. Stansfield, 2014-08-12 When Maggie du Woernig willfully ignores her parents admonitions and entangles herself with Nik Koenig she is certain he is the only man who will make her happy Blind to Nik's real intentions she throws herself recklessly into a situation that could not only destroy her life but compromise the safety of her country Han Heinrich has resigned himself to working in the castle stables mostly as an excuse to have contact each day with Maggie His aspirations for a more fulfilling career seem fruitless in spite of his father's position as the duke's highest advisor But when Han learns about Maggie's precarious situation he is willing to sacrifice everything to protect the woman he loves and to save the country he would die for He only hopes that someday Maggie will forgive him **The Art of Marvell's Poetry** J. B.

Leishman, 2021-10-29 First Published in 1966 The Art of Marvell's Poetry presents J B Leishman's appreciation of Andrew Marvell's poems by demonstrating a sensitive understanding of attitudes peculiar to the seventeenth century and to Marvell Leishman calls Marvell an inveterate imitator and experimenter His success depended on originality of combination rather than originality of invention But while such phrases as Musick the Mosaique of the Air Desarts of vast Eternity and a green Thought in a green shade were certainly inspired by others they are distinctively and unquestionably Marvell's own Marvell's poetry is shown to be the work of a man living at a certain moment in history it is poetry which could not have been written at any other time and its affinities to the work of contemporary poets are clearly demonstrated The Art of Marvell's Poetry is a must read for scholars and researchers of English poetry English literature and European literature **Chaucer and**

Pagan Antiquity Alastair J. Minnis, 1982 Professor Minnis argues that the paganism in Troilus and Criseyde and The Knight's Tale is not simply a backdrop but must be central to our understanding of the texts Chaucer's two great pagan poems Troilus and Criseyde and The Knight's Tale belong to the literary genre known as the romance of antiquity which first appeared in the mid 12th century in which the ancient pagan world is shown on its own terms without the blatant Christian bias against paganism characteristic of works like the Chanson de Roland where the writer is concerned with present day rather than classical forms of paganism Chaucer's attitudes to antiquity were influenced but not determined by those found in the compilations commentaries mythographies and history books which we know that he knew These sources illuminate the manner in which he transformed Boccaccio Much modern criticism has concentrated on the medieval veneer of manners and fashions which are ascribed to the heathen protagonists of Troilus and The Knight's Tale Dr Minnis examines the other side of the coin Chaucer's historical interest in cultures very different from his own The paganism in these poems is not mere

background and setting but an essential part of their overall meaning For Love of Country Maurizio Viroli,1995-09-14

Nationalism and patriotism are two of the most powerful forces shaping world history Though seen by many as two sides of the same coin they have developed widely different connotations Nationalism is increasingly seen as destructive and at the root of the world's bloodiest conflicts patriotism seems something more benign a political virtue How are we to mark the distinction between these two phenomena How can we rescue patriotism from the tainted grasp of nationalism

Reconstructing the historical meaning of the terms Maurizio Viroli shows how the two concepts have been used within specific cultural and ideological contexts He reviews the political thought of Italy England and Germany and shows how patriotism and nationalism have fundamentally different roots Professor Viroli concludes that it is morally unacceptable and indeed unnecessary to be a nationalist to defend the values that nationalists hold dear Patriotism however is a valuable source of civic responsibility Treatise on Ethics (1684) Nicolas Malebranche,2012-12-06

MALEBRANCHE'S THEORY OF BEING His first work *The Search After Truth* appeared from 1674-76 some fourteen to sixteen years after his dramatic encounter with Descartes work to this day it is the only work unfailingly associated with his name though it was the first of nine studies and several volumes of responses in which he went on to explore and develop his thought Malebranche criticizes the prevailing theories of sense perception imagination memory and cognition and first proposes his own theory of how we acquire and evaluate ideas from mathematical to physical and moral to self-reflective Underlying this theory is his rejection of Scholastic Aristotelian metaphysics in which particular beings are said to have powers or forms that act on our minds to inform us Malebranche here in company with other critics of that metaphysics from Montaigne to Bacon and Hobbes argues that the prevailing view of beings endowed with powers by which they act unilaterally as causes in the full sense of that word makes no sense and cannot be confirmed by experience For Malebranche on the other hand power can be predicated univocally only of God Created beings have only that limited power given by God under the conditions of creation **Telling Images** V.
