The Woman's Way Charles Garvice, 2019-12-09 In *The Woman's Way* Charles Garvice explores the intricate nuances of female identity and societal expectations at the turn of the 20th century. With a narrative style that seamlessly blends melodrama and romance, Garvice crafts a tale rich with emotional depth and character development. The novel delves into the struggles and triumphs of its female protagonist, reflecting prevailing themes of independence and societal constraints while also drawing on the literary aesthetics of the Edwardian period, wherein gender roles were both challenged and reinforced. Garvice's sharp prose captures the complexity of a woman's inner life during a transformative era in social thought. Charles Garvice, a prolific English author popular in his day, wrote extensively on themes of love, morality, and the challenges faced by women. His experiences as a writer during a time of social upheaval likely informed his acute understanding of the gender dynamics at play. Garvice's background in journalism and his interest in social issues contributed to his ability to create engaging narratives that resonate with the reader's emotions while illuminating deeper societal truths. This novel is a compelling recommendation for readers interested in early feminist literature and those who appreciate character-driven stories. Garvice's deft exploration of the hurdles faced by women will resonate with contemporary audiences, making *The Woman's Way* a timeless classic worth revisiting.

Big Bang David Bowman, 2019-01-15 Set in the 1950s, this epic Warholian novel presents a brilliant and wholly original take on the years leading up to the Kennedy assassination. Where were you when you first heard President Kennedy had been shot? This is a question most people can answer, even if the answer is "I wasn't born yet." In this epic novel,

David Bowman makes the strong case that the shooting on November 22nd 1963 was the major defining turning point that catapulted the world into an entirely new stratosphere. It was the second big bang. In this hilarious lightning fast historical novel Bowman follows the most famous couples of the decade as their lives are torn apart by post war's new normal. We see Lucille Ball's bizarre interrogation by the House UnAmerican Activities Committee and Jackie Onassis moonlight cruise with Frank Sinatra. We follow Norman Mailer and Arthur Miller as they attempt to get quickie divorces together at a loophole resort in Nevada and watch a young Howard Hunt snoop around South America with the newly founded CIA. A young Jimi Hendrix, now the epitome of counterculture cool, tries his luck as a clean cut army recruit. Written with an almost documentary film like intensity, **BIG BANG** is a posthumous work from the award winning author of *Let the Dog Drive A* riotous account of a country perhaps at the beginning of the end. *Traditions of the Arapaho* George Amos Dorsey, Alfred Louis Kroeber, 1903
