Literary L.A. Lionel Rolfe, 1981 **Invoking the Beyond:** Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond *Psychedelic Cults and Outlaw Churches* Mike Marinacci, 2023-07-04 A comprehensive

tour of North American spiritual groups that use psychoactive drugs in the search for higher consciousness Explores prominent psychedelic churches and sects in depth including the Native American Church and their peyote rituals the cannabis sex temple known as the Psychedelic Venus Church and the Church of Naturalism an LSD therapy cult that came to a murderous end Presents an encyclopedic survey of dozens of minor organizations many of which have never before been documented in an authoritative source Shares personal interviews and anecdotes about the strange outrageous adventures of religious psychonauts alongside rare photos and illustrations From LSD powered guru Timothy Leary to cannabis sex cults to psychedelic outlaw churches Mike Marinacci presents a comprehensive tour of North American religious sects and spiritual groups who use entheogens and psychoactive drugs in the search for higher consciousness mystical insight and spiritual enlightenment Exploring prominent churches and cults in depth he examines the lives of their colorful leaders the origins of their unorthodox beliefs the controversial practices of their congregants and their many conflicts with both law enforcement and public opinion He looks at the Native American Church and their legal battle over their peyote rituals the cannabis sex temple known as the Psychedelic Venus Church the murderous end of the LSD therapy cult known as the Church of Naturalism and several other major groups and temples of psychedelic spirituality He then offers an encyclopedic survey of dozens of minor organizations many of which have never before been documented in an authoritative source Sharing personal interviews and anecdotes about the strange outrageous adventures of religious psychonauts alongside rare photos and illustrations this extensively researched study of underground psychedelic religious sects in the United States reveals their spiritual and cultural influence from the 1960s to the present day

Death and Redemption in London & L.A.

Lionel Rolfe, 2003 Devastated that his wife and writing partner of 25 years left him on the eve of the new millennium Lionel Rolfe set pen to paper in an attempt to make sense of the dance between men and women But as he began writing a deeper understanding took hold the Grim Reaper stopped by And not just once but again and again The deaths of Carl Kessler the unrepentant Stalinist and trade union organizer and Nieson Himmel a close friend and veteran nighttime police reporter for the Los Angeles Times hit him hard But it was the death of Rolfe's uncle the great violinist Yehudi Menuhin that turned his life upside down In the end the emotional ordeal was a blessing in disguise After all without it the world would not have

DEATH AND REDEMPTION IN LONDON a man wholl change your worldview forever **The Uncommon Friendship Of Yaltah Menuhin & Willa Cather** Lionel Rolfe, 2004 Pleasure and Panic Dan Malleck, Cheryl Krasnick Warsh, 2022-06-15

Booze dope smokes and weed Mind altering mood changing substances have been part of human society for millennia And the history of drugs and alcohol is infused with what we understand as their proper and improper use Pleasure and Panic reveals how cultural fears and social political and economic disparities have always been deeply embedded in attitudes about drugs and alcohol Long before John Lennon testified at Canada's Le Dain Commission in favour of marijuana decriminalization social movements existed to challenge the view that consumption of mind altering substances especially by

young people posed a danger to society The contributors to this collection explore how drugs and alcohol intersect with diverse histories including gender medicine popular culture and business Pleasure and Panic brings a dispassionate voice to current debates about liberalizing drug and alcohol laws and challenges existing ideas about how to deal with the so called problems of drug and alcohol use

Utopias in Nonfiction Film Simon Spiegel,2022-01-11 Comprehensive and thorough Utopias in Nonfiction Film takes a new direction in its surprise application to documentary that has the potential to shake up the field Jane Gaines Columbia University USA Spiegel has introduced a new sub genre to utopian studies the documentary film The book covers an impressive range of films making the book one of the few truly international and comparative works in utopian studies Lyman Tower Sargent University of Missouri St Louis USA Simon Spiegel s magisterial overview of utopian documentaries and nonfiction films is a treasure trove of information and unearths many forgotten and half forgotten films providing perceptive discussions of sidelined movies that deserve his and our critical scrutiny Eckart Voigts University of Braunschweig Institute of Technology Germany This book is the first major study on utopias in nonfiction film Since the publication of Thomas More s Utopia more than 500 years ago countless books have been written which describe a better world But in film positive utopias seem to be nonexistent So far research has focused almost exclusively on dystopias since positive outlooks seem to run contrary to the media s requirement Utopias in Nonfiction Film takes a new approach starting from the insight that literary utopias are first and foremost meant as a reaction to the ills of the present and not as entertaining stories it looks at documentary and propaganda films an area which so far has been completely ignored by research Combining insights from documentary research and utopian studies a vast and very diverse corpus of films is analysed Among them are Zionist propaganda films cinematic city utopias socialist films of the future as well as web videos produced by the Islamist terrorist group ISIS
