Fatal Encounter The Story Of The Gibraltar Killings:

A Secret History of the IRA Ed Moloney, 2002 A portrayal of the Irish Republican Army includes coverage of its associations with Qaddafi's regime Margaret Thatcher's secret diplomacy with Gerry Adams and the Catholic Church's negotiations with Republican leadership **Thatcher's Secret War** Clive Bloom, 2021-08-02 Scary but enlightening Christopher Stone Margaret Thatcher remains one of the United Kingdom's most polarising prime ministers This provocative investigation sheds light on the secret internal cold war that she waged against the enemy within everyone she could not see eye to eye with It was a campaign fuelled by paranoia on both the left and right of the political spectrum and fought with corruption black propaganda dirty tricks and even murder Expertly juxtaposing notable events with today's political arena this new and updated edition of Thatcher's Secret War surmises that although Thatcher's ideals seem to have vanished one remains the power and importance of the extra parliamentary state and its surveillance methods and hidden powers in a new age of terrorism **Armed Struggle** Richard English, 2005 Looks at the history of the Irish Republican Army from the 1916 Easter Rising until the present day discussing such topics as the IRA's core beliefs and philosophy the partition of Ireland and the split of the IRA **Northern Ireland: The Troubles** Kenneth Lesley-Dixon, 2020-01-31 It is of course no secret that undercover Special Forces and intelligence agencies operated in Northern Ireland and the Republic throughout the troubles from 1969 to 2001 and beyond What is less well known is how these units were recruited how they operated what their mandate was and what they actually did This is the first account to reveal much of this hitherto unpublished information providing a truly unique record of surveillance reconnaissance intelligence gathering collusion and undercover combat An astonishing number of agencies were active to combat the IRA murder squads the Provos among others the Military Reaction Force MRF and the Special Reconnaissance Unit also known as the 14 Field Security and Intelligence Company The Det as well as MI5 Special Branch the RUC the UDR and the Force Research Unit FRU later the Joint Support Group JSG It deals with still contentious and challenging issues as shoot to kill murder squads the Disappeared and collusion with loyalists It examines the findings of the Stevens Cassel and De Silva reports and looks at operations Loughgall Andersonstown Gibraltar and others **The IRA, 1968-2000** J. Bowyer Bell, 2013-04-03 Based on thousands of interviews over 35 years with the leaders and members of the Republican movement and the IRA itself as well as the Irish British and Americans involved in the Troubles the focus of this study is on the workings of an organization involved in armed struggle **Special Operations Success** James D. Kiras, 2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting

experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States

I Volti e le Voci del Conflitto: "Sorry for yer Troubles" Barbara Gabriella Renzi, 2017 Il presente lavoro si incentra sull'Irlanda del Nord e la sua capitale Belfast oltre dieci anni dopo la fine formale dei Troubles In via ufficiale infatti l'Accordo del Venerdì Santo del 1998 aveva messo fine alle ostilità di carattere etnico sociale e politico piuttosto che religioso Tuttavia in maniera a volte sottile ed altre volte eclatante la violenza rimane radicata nella società nordirlandese come un lascito testamentario del conflitto Questo libro anche tramite le parole di poeti e attivisti descrive la situazione attuale da più punti di vista Vi inoltre uno squarcio sul lavoro di operatori sociali e psicologici che avvalendosi di tutti gli strumenti possibili compresa l'arte tentano di far superare traumi e situazioni psicologiche create a ragione della violenza prolungata
