## **Fateful Deception:**

**Fatal Deception** Michael Bowker, 2003-09-02 STILL LEGAL STILL LETHAL Most Americans mistakenly believe asbestos was banned long ago In fact it is still legal and can still kill you Its microscopic fibers cause painful and incurable diseases Despite being outlawed in nearly every other industrialized country asbestos remains a legal component of more than three thousand common products in the United States These include toasters washers dryers ovens building supplies and automobile brakes Our confusion about asbestos is no accident Fatal Deception is a chilling exposé of the asbestos industry's successful seventy year campaign to hide the deadly effects of its products from the American people The stakes are high tens of thousands of lives and hundreds of billions of dollars Michael Bowker rips the cover off the decades of deceit including the treachery in Libby Montana site of the most deadly environmental disaster in U S history He also unveils a startling and ongoing cover up at Ground Zero where thousands of New Yorkers may still be suffering from exposure to dangerous levels of asbestos fibers Compelling enraging and very timely Fatal Deception is not just a fascinating story it is a plea to the government and to the American people to help sponsor research into asbestos related diseases and a call to arms to ban asbestos now
