What Do Children Need from Their Fathers? Cynthia Milligan, Alan Dowie, 1998

I Am My Father's Child Thandi Njuti, 2016-03-31 The story is about a young girl by the name of Nobomvu and her father Mr Mxgekwa Mr and Mrs Mxgekwa were an elderly Xhosa couple late fifties that often worked out of town as farmers but resided in the rural village called Cofimvaba at the Eastern Cape in South Africa They worked as farmers for a long time and they both had no educational background but they were well mannered and lived in harmony with other community members In that old age Mrs Mxgekwa bore a baby girl which was a surprise to many as no one including her husband was aware that she was pregnant The child was genetically different from her family hence she was named Nobomvu meaning the red one She was literally a white child in the black family The non resemblance of Nobomvu and her genetic indifference brought about a lot of unanswerable questions that resulted to confusion and tension with relatives and within the community The story of Nobomvu Mxgekwa is Christian fiction that is inspired by true life stories The contents of the story consist of parables that portray the application of the word of God The parable is known as an earthly story with the heavenly meaning

I Am My Father's Child Kenneth Samples, 2020-03-23 Growing up can be an exciting time and troublesome I once read that children get their identity from their parents If that is the case there are many households where one may be missing which leaves the parent raising the child a little time between their job and other requirements to provide for the household Some children are getting identity from the wrong source There is a possibility of dark influences that all children might face these days through peers whose families are not walking with the Lord I Am My Father s Child is just a reminder to those of all ages that none of us are fatherless We only have to seek him and read his words and we will have the right identity

Out of Touch Geoffrey L. Greif, 1997-04-03 The breakdown of the family has moved in

recent years to the forefront of national consciousness All manner of social ills from poor academic performance to teenage drug use and gang crime have been attributed to high divorce rates and the collapse of the traditional two parent family Targets of particularly harsh criticism are parents who lose all contact with their children after a divorce So called deadbeat dads are denounced in political speeches and ridiculed on billboard advertisements mothers who lose touch with their children are stigmatized as emotionally unstable or lacking maternal instincts Everyone seems to understand the importance of children being raised by two parent families and the damage that can occur when one parent loses contact completely What is significantly less clear is why this loss of contact occurs and what can be done to prevent it In Out of Touch Geoffrey Greif explores these issues with clarity compassion insight and an evenhandedness rarely encountered in an arena far more susceptible to acrimonious debate than sympathetic understanding Setting out to find the reality beneath the catchall categorization of out of touch parents as deadbeats substance abusers child mistreaters or criminals Greif focuses on those parents who tried and for a vast array of reasons failed to maintain contact with their children It is their voices in a discussion dominated up till now by the custodial parent that we most need to hear Greif argues if we are to uncover ways to avoid such failures in the future Rather than offering dry statistics and abstract generalizations Greif lets us hear these voices directly in 26 in depth interviews with estranged parents and with children caught in the crossfire of painful divorces Extending over a period of two to ten years these interviews and Greif s perceptive analyses of them reveal the whole spectrum of logistical emotional and legal difficulties that keep parents and children apart From the ordinary problems of visitation rights and child support to the more complex and troubling issues bitter court battles accusations of sexual abuse domestic violence children rejecting a parent child kidnapping and many others Out of Touch vividly and often heartbreakingly presents all the ways that fathers and mothers even with the best intentions can lose contact with their children But the book does more than tell the stories of failed relationships Its concluding chapter offers a series of specific and extremely helpful suggestions for families parents children grandparents who find themselves in danger of complete estrangement Greif outlines how families can employ support systems communication skills mediation and many other strategies to overcome the most difficult obstacles that occur after a divorce It is here that the lessons gleaned from the broken relationships of the past become invaluable advice for the future Informed by fresh perspectives moving personal accounts and a clear sighted approach to a tangled issue Out of Touch is a timely and deeply important book about both the forces that drive parents and children apart and the understanding that can keep them together **Library of Congress Subject Headings** Library of Congress,1997 [How to Get a Green Card](#) Ilona Bray,2024-05-28 The ultimate green card guide The U S immigration system is an enormous bureaucracy so it s vital that you understand it before attempting to apply for a green card Making a mistake can lead to delays and hassles or even ruin your chances for success How to Get a Green Card provides everything you need to know about qualifying for permanent U S residence if you don t have an employer
