A Hanging in Detroit David Gardner Chardavoyne, 2003-07-16 The first historical study and a riveting account of the last execution in Michigan On September 24 1830 Stephen G Simmons a fifty year old tavern keeper and farmer was hanged in Detroit for murdering his wife Levana Simmons in a drunken jealous rage Michigan executed only two people during the fifty year period from 1796 to 1846 when the death penalty was legal within its boundaries Simmons was the second and last person to be executed under Michigan law In A Hanging in Detroit David G Chardavoyne vividly evokes not only the crime trial and execution of Simmons but also the setting and players of the drama social and legal customs of the times and the controversy that arose because of the affair Chardavoyne illuminates his account of this important moment in Michigan's history with many little known facts creating a study that is at once an engrossing story and the first historical examination of the event that helped bring about the abolition of the death penalty in Michigan Simmons execution came at a time when Michigan had begun to change from a sparsely populated wilderness to a thriving agricultural center and Detroit from a small military outpost to a metropolis founded on trade manufacturing and an influx of immigrants and other settlers The hanging was a defining moment during this period of dramatic social change Thousands of spectators crowded into Detroit expecting to see a thrilling public execution Many of those spectators however left deeply disturbed by the spectacle they had witnessed Chardavoyne a lawyer probes the unsettling incident which sparked a profound shift in attitudes toward capital punishment in Michigan examining along the way such mysteries as why Simmons was hanged for his crime when other contemporary killers were hardly punished at all A Hanging in Detroit will fascinate legal historians and lay readers alike with its incisive look into Great Lakes regional history and crime and punishment in Michigan

interview sources Fine relates civil rights developments in Michigan to civil rights actions by the federal government and other states He focuses on the administrations of the three governors Democrats G Mennen Williams 1949 1960 and John B Swainson 1961 1962 and Republican George Romney 1963 1969 and the roles they played in furthering civil rights in Michigan as well as other politicians and policymakers Students of state history civil rights history and those interested in post World War II history will find few accounts as broad ranging as this study of state civil rights legislation during the years the book covers
