What Happened on the Cross Nick Peros,2020-08-07 *What Happened on the Cross* offers a new and biblical understanding of how salvation was accomplished upon the cross showing that the Penal Substitution view common since the 1500s does not have a biblical basis and also showing that the Christus Victor understanding is inadequate The book is founded upon the understanding that Jesus Christ is the Second Adam and that is the foundation of how we are to understand how salvation was accomplished Both the shedding of blood and death were essential in the accomplishment of salvation and *What Happened on the Cross* shows why these were essential Using over 740 Scripture verses to make its argument the book gives a comprehensive picture from Genesis to Revelation of the many aspects involved in the accomplishment of salvation above all showing clearly that the cross had nothing to do with punishment for sins our sins were never punished upon the cross rather our sins were forgiven Understanding how salvation was accomplished upon the cross and that it was about forgiveness not punishment both exalts God and his greatness demonstrates his perfect love and justice as well as liberates our hearts towards him

Moral Partiality Yong Li,2022-07-29 Situated within the framework of Confucian family oriented ethics this book explores the issue of familial partiality and specifically discusses whether it is morally praiseworthy to love one s family partially In reviewing the tension between familial partiality and egalitarian impartiality from different perspectives while also drawing on binary metrics to understand the issue that is the weak and strong sense of familial partiality in Confucian moral theory the author carefully discusses the efficacy of three major arguments to justify moral partiality It is concluded that the tree argument fails to justify moral partiality in Confucianism the evolutionary argument only justifies moral partiality in the weak sense that we should devote more resources to our family and the care argument fails to justify moral partiality in the strong sense that family takes priority in any case even at the expense of the principle of justice Seeking to address the quandary the author advances an alternative argument based on Thomas Aquinas theory of love to interpret Confucian view of partial relationships holding that partial treatment is assumed in partial relationships The title will appeal to scholars and students interested in Confucianism Chinese philosophy moral philosophy and comparative philosophy

'The Real Scriptures' of God James Platter,2012-08-14 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isnt in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone elses church scriptures are false scriptures Ethiopia it
