Becoming a Parent Catherine McMahon,2022-12 Provides an evidence based overview of the challenges of becoming a parent in a broad range of contemporary contexts The other glass ceiling Charles S Areni ,Stephen S Holden,2014-05-13 The other glass ceiling offers an insightful male perspective to a debate on the lack of work family balance in modern day families Based on research and full of entertaining anecdotes this book challenges the predominant gender roles that expect a mother to care for her family and doubt her commitment to a career while at the same time requiring a father to provide for his family financially and doubting his ability to look after his own children This is the other glass ceiling the one reflected in gender inequity in the family home and preventing equality in parenting The other glass ceiling is perpetuated by both genders equally and the solution requires compromises from both sides Charles Areni and Stephen Holden encourage dads to step up to take on a bigger share of the burden of home duties They encourage mums to let go to let dad get involved in child rearing and to bring to the task his own skills and approaches Breaking through this other glass ceiling will be good for mum good for dad oh and good for the children too **Caregiving**

Fathers in the Workplace Jasmine Kelland, 2022-04-11 This book explores the experiences of caregiving fathers in the UK. Conceptions of fatherhood, childcare and work have altered over the last few decades with many fathers taking a more active role in caregiving than before and seeking to alter their working patterns accordingly. However, such a wider involvement in caregiving for fathers can clash with traditional values about masculinity and work which still hold sway over public opinion and workplace policies. Using quantitative and qualitative data collected through the use of surveys, focus groups and semi-structured interviews with managers and working parents, the book explores perceptions and experiences of fathers who amend their working patterns due to caregiving responsibilities. It highlights the specific challenges faced by caregiving fathers when they attempt to take an active role in the parenting of their children, which is identified as the fatherhood forfeit. This impactful new book proposes actions to address such mistreatment and improve equality in the workplace, which includes changes to policy, increases in training and the importance of workplace role modelling. It will be of interest to academics studying human resource management, gender, masculinity, organisational studies and the home-life balance, as well as policymakers.

From Fear to Courage Susie Linder-Pelz, 2002 How important is work to your wellbeing? Before you answer, think about this: if you work an 8-hour day, travel an hour, have an hour for lunch, usually at or near work, and sleep 8 hours, you've only 6 hours for everything else. Suddenly, it becomes very clear why having a fulfilling and satisfying career is so important. Yet, with the massively changing world of work, there is widespread dissatisfaction and fear surrounding our ability to find work, keep and enjoy it. For many people, the unspoken issues of fear and lack of confidence have a devastating impact on their careers and lives. These are the issues addressed in *From Fear to Courage*. Through the diary notes of career coach Dr Susie Linder-Pelz, we meet people of differing ages, backgrounds and occupations, each experiencing a real-life career crisis. For example, a chirpy marketing professional reaching 40 and feeling trapped, a regretful teacher, a fear-filled generation X training consultant, and a midlife manager made redundant.
