Fatherhood In America

Albert A Gayle

Fatherhood In America:

FATHERHOOD IN AMERICA Carl Mazza, Armon R. Perry, 2017-01-27 Fathers are critical to their children's growth and development. Research on the involvement of men with their children stresses the important role that fathers play from infancy to adolescence. Due to the ethnically diverse population of fathers in America, culture and context frames the nature of fathering and shapes expectations within a cultural milieu. The book offers a wide range of vantage points: social work, family studies, marriage and family therapy, counseling, sociology, psychology, gender studies, anthropology, cultural and ethnic studies, urban studies, and health. There are five primary parts within this book, each of which looks at numerous facets of fatherhood in the twenty-first century. Part I defines the concept of fatherhood and family composition, becoming a father, young fathers, single fathers, fathers and daughters, and examines the father-son relationship. Part II looks at nonresident fathers, homeless fathers, incarcerated fathers, and the never-married fathers. Part III reviews biological fathers, stepfathers, male foster carers, fatherhood and adoption, and gay fathers. Part IV examines the cultural dimensions of fatherhood, including Latino, African American, and Native American. Part V explores the fatherhood service delivery system by engaging fathers in culturally competent services, measuring the father's involvement, and the initiatives to support fathering. The context, practice, and gaps in responsible fatherhood programs are discussed. This informative and sensitive book will be useful for researchers, students, and professionals in the field of social work, health, family counseling, and human services. Applicable in classrooms and treatment situations, *Fatherhood in America* bridges the gap between research and practice through chapters authored by some of the country's foremost fatherhood scholars and clinicians, by offering fresh perspectives and keen insights borne out of field experience working with fathers.

Fatherhood In America Robert L. Griswold, 1993 Published just in time for Father's Day, this first history of men's lives as parents fills an important gap in the literature on parenting, the men's movement, and gender studies. Griswold is the author of *Family and Divorce in California 1850-1890*. Photos.

Fatherless America David Blankenhorn, 1995-02-08 With passion and precision, *Fatherless America* demonstrates that whether our concern is with teenage pregnancy, crime, violence against women, educational failure, or child poverty, no social trend of our generation is more dangerous than fatherlessness. It weakens families, harms children, causes or aggravates our worst social problems, and makes individual adult happiness harder to achieve. This explosive book goes beyond documenting the effects of fatherlessness on individual families to show how the very ideal of fatherhood is under siege with devastating consequences for society at large. Fathers are increasingly seen as expendable or as part of the problem. Does every child need a father? David Blankenhorn asks. Increasingly, our answer is no, or at least not necessarily.

Photos **American Fatherhood** Lawrence R. Samuel, 2015-11-05 *American Fatherhood* A Cultural History traces changes in what it means to be a dad in America from the 1960s through today The book begins with an overview of fatherhood in America from the founding fathers through the 1950s and progresses to the role of fathers as they were encouraged to move beyond being simply providers to becoming more engaged parents navigating complex and changing gender and family expectations By tracing the story of fatherhood in the United States over the course of the last half century *American Fatherhood* reveals key insights that add to our understanding of American culture The book argues that for most of the twentieth century male parents were urged to embrace the values and techniques of motherhood In recent years however fathers have rejected this model in place of one that affirms and even celebrates their maleness and their relationships with their children After decades of attempting to adopt the parenting styles of women in other words men have finally forged a form of child raising that is truer to themselves In short fatherhood has become a means of asserting rather than denying or suppressing masculinity an original and counterintuitive argument that makes us rethink the idea and practice of being a dad today

Black Fathers Michael E. Connor, Joseph L. White, 2011 This book offers a broader more positive picture of African American fathers Featuring case studies of African descended fathers this edited volume brings to life the achievements and challenges of being a black father in America Leading scholars and practitioners provide unique insight into this understudied population Short sighted social policies which do not encourage father involvement are critically examined and the value of father engagement is promoted The problems associated with the absence of a father are also explored The second edition features an increased emphasis on the historical issues confronting African descended fathers the impact of health issues on Black fathers and their children the need for therapeutic interventions to aid in the healing of fathers and their children the impact of an Afrikan centered fathering approach and the need for research which considers systemic problems confronting African American fathers community focused models that provide new ideas for re connecting absent fathers learning tools including reflective questions and a conclusion in each chapter and more theory and research throughout the book Part I provides a historical overview of African descended fathers including their strengths and shortcomings over the years Next contributors share their personal stories including one from a communal father working with underserved youth and two others that highlight the impact of absent fathers Then the research on father daughter relationships is examined including the impact of father absence on daughters and on gender identity This section concludes with a discussion of serving adolescents in the foster care system Part II focuses on the importance of a two parent home communal fathering and equalitarian households Cultural implications and barriers to relationships are also explored This section concludes with a discussion of the struggles Black men face with role definitions The book concludes with a discussion of the impact of adoption and health issues on Black fathers and their children and the need for more effective

therapeutic interventions that include a perspective centered in the traditions and cultures of Afrika in learning to become a father The final chapter offers an intervention model to aid in fatherhood An ideal supplementary text for courses on fathers and fathering introduction to the family parenting African American families men men and masculinity Black studies race and ethnic relations and family issues taught in a variety of departments the book also appeals to social service providers policy makers and clergy who work with community institutions

Restoring America's Foundation: Empowering Fathers for Strong Families Philip M. Herrick, 2023-11-13 In Restoring Americas Foundation Empowering Fathers for Strong Families author Philip M Herrick delves into the critical role fathers play in shaping the foundation of American society and the challenges faced by contemporary families This powerful book emphasizes the importance of dedicated and nurturing fathers who together with strong and loving mothers form the backbone of a thriving nation As the very structure of the American family comes under attack Herrick advocates for a collaborative approach between moms and dads recognizing the precious contributions each parent brings to their children s lives Drawing from his experience as a father of four sons he shares his firm belief in developing good values within the home that will translate to a stronger America This thought provoking work calls for a reassessment of parenthood and its impact on our society To rescue the American family we need to begin where it all starts at home Join Philip M Herrick in understanding this urgent crisis and rekindling the spirit of unity between parents for a brighter future

When Boys Become Parents Mark S. Kiselica, 2011 Kiselica dispels many of the myths surrounding teenage fatherhood and shows that contrary to popular belief these young men are often emotionally and physically involved in relationships with their partner and their child But without support and guidance from adults these relationships often deteriorate in the first year of the child s life Kiselica offers advice for professionals and policy makers that calls for support groups led by caring male role models bonding through sport before counseling begins and peer based recruitment From publisher description

The Modernization of Fatherhood Ralph LaRossa, 1997 The period between World War I and World War II was an important time in the history of gender relations and of American fatherhood Revealing the surprising extent to which some of yesterday s fathers were involved with their children The Modernization of Fatherhood recounts how fatherhood was reshaped during the Machine Age into the configuration we know today LaRossa explains that during the interwar period the image of the father as economic provider pal and male role model all in one became institutionalized Using personal letters and popular magazine and newspaper sources he explores how the social and economic conditions of the Roaring Twenties and the Great Depression a period of technical innovation as well as economic hardship fused these expectations into a cultural ideal With chapters on the U S Children s Bureau the fathercraft movement the magazine industry and the development of Parent s Magazine and the creation of Father s Day this book is a major addition to the growing literature on masculinity and fatherhood

The Faith Factor in Fatherhood Don E. Eberly, David Blankenhorn, 1999-10-13 Edited by founder and chairman of the National Fatherhood Initiative Don Eberly The Faith Factor

in Fatherhood addresses the key role that religious institutions can play in reviving what Eberly calls the sacred vocation of fatherhood In response to the wider debate regarding the increased expectations that are being placed by policy makers on faith based institutions to serve important public purposes contributors to this volume guide denominations places of worship and religious social agencies to recover the role they once played in reaching and supporting young men with a message of responsible fatherhood Ecumenical in scope the book addresses what each faith community can do to recover its particular heritage of engaged involved fathering through methods including instruction rites of passage programs stories ceremonies mentoring and community outreach

Clinical and Educational Interventions with Fathers Jay Fagan, Alan Hawkins, 2018-10-24 Call on men's hidden strengths to help them become responsible fathers in even the most challenging circumstances Clinical and Educational Interventions with Fathers gives you fresh approaches for effective interventions with fathers Whether by calling on their faith to help them deal with the complexities of fatherhood or offering high tech interventions on the Internet these techniques help men find their strengths maintain their masculinity and learn to guide nurture and discipline with love and responsibility Instead of thinking of fathers as deficient the book emphasizes finding fathers strengths and potentials for growth It also respects the diversity of parenting styles among fathers from various ethnic racial and class backgrounds No man wants to be a bad father Nevertheless many men in our culture do not know how to care for the children they beget Trapped by stereotypes of masculine behavior and deprived of positive role models they find themselves trying to do the challenging work of fatherhood without the necessary resources information or support Clinical and Educational Interventions with Fathers offers positive approaches to helping men become responsible fathers including designing special techniques and programs to help fathers in prison and other challenging circumstances helping fathers manage anger developing therapeutic support groups for African American men offering Web based support for fathers training staff to recognize and respond to fathers unique needs finding legal tools to support fathers rights Reaching fathers has become an ever more urgent priority for practitioners as family structure and family life change Traditional social service programs for mothers tend not to work well with men's very different needs and attitudes Yet very little has been published on successful interventions with fathers Clinical and Educational Interventions with Fathers fills that gap and suggests promising new directions for further research in this field By offering positive tested ways to help men become responsible fathers this volume will help you improve their lives and the lives of their sons and daughters

The Heart of a Father Ken Canfield, 1996 Every father has a hidden desire for his children to see them surpass him How can this come about Ken Canfield gives a three part blueprint First a dad should examine his own heart Next he should take steps to improve the way he connects with his children Then he should take a longer range view and plan specifically for a lifetime of involved fathering Based on years of careful research involving thousands of dads this book is a solid reference tool for dads Canfield's three part blueprint addresses A father's past A father should resolve his relationship with his own father in order

to effectively build a relationship with his children How to make a dad s house a home Canfield explains how to build the four walls or dimensions of fathering Involvement Awareness Consistency and Nurturing A plan for the future From being a new father to being a grandfather dads face challenges at each stage of their life With the long range perspective this book provides fathers can anticipate and prepare for the changing situations they ll face *On New Shores* Susan S.

Chuang,Robert P. Moreno,2008-09-26 Over the past several decades researchers as well as social policymakers and educators have acknowledged the importance that fathers play in their children s lives A good deal of research on fathering has been conducted among Euro American families in North America However our understanding of fathering across various ethnic groups remains limited Throughout Canada and the United States the immigrant population has been growing rapidly Currently no book has delineated the field of immigrant fathering from a comprehensive and multi disciplinary perspective which includes theory research and social policy Researchers are widely recognizing that the theoretical frameworks and models of parenting and more specifically fathering that were based on Euro American families may not be relevant to other ethnic groups As researchers refine theoretical and methodological approaches to understand fathering within sociocultural contexts they become more cognizant of the varying meanings of parenting between and within ethnic groups *On New Shores* extends the understanding of fathering in ethnic minority families and specifically focuses on immigrant fathers an area which has remained fairly uncharted The book provides readers with a richer and more comprehensive approach to how researchers practitioners and social policymakers can examine fathering among ethnic minority families American Masculinities: A Historical Encyclopedia Bret Carroll,2003-10-14 This is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field of men s studies Reference User Services Quarterly Pleasing layout and good cross references make Carroll s compendium a welcome addition to collections serving readers of all ages Highly recommended CHOICE An excellent index well chosen photographs and illustrations and an extensive bibliography add further value *American Masculinities* is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well *American Reference Books Annual American Masculinities A Historical Encyclopedia* is a first of its kind reference detailing developments in the growing field of men s studies This up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of Anthony Rotundo s *American Manhood* This seminal book opened new vistas for exploration and research into American History society and culture Weaving the fabric of American history *American Masculinities* illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies Seeing U S history in terms of gender archetypes readers will gain a richer and deeper understanding of America s democratic political system domestic and foreign policies and capitalist economic system as well as the private sphere of the home and domestic life The

contributors to American Masculinities share the assumption that men's lives have been grounded fundamentally in gender that is in their awareness of themselves as males. Their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and how they have influenced a given field or era. Rather, this important work delves into the psychological core of manhood which is shaped not only by biology but also by history, society, and culture. Encapsulating the current state of scholarly interpretation within the field of Men's Studies, *American Masculinities: A Historical Encyclopedia* is designed to help students and scholars advance their studies, develop new questions for research, and stimulate new ways of exploring the history of American life. Key Features: Reader's Guide facilitates browsing by topic and easy access to information. Extensive name, place, and concept index gives users an additional means of locating topics of interest. More than 250 entries, each with suggestions for further reading. Cross references direct users to related information. Comprehensive bibliography includes a list of sources organized by categories in the field. Topics Covered: Arts, Literature, and Popular Culture; Body, Health, and Sexuality; Class; Ethnic, Racial, and Religious Identities; Concepts and Theories; Family and Fatherhood; General History; Icons and Symbols; Leisure and Work; Movements and Organizations; People; Political and Social Issues. About the Editor: Bret E. Carroll is Associate Professor of History at California State University, Stanislaus. He received his Ph.D. from Cornell University in 1991. He is author of *The Routledge Historical Atlas of Religion in America* (1997), *Spiritualism in Antebellum America* (1997), and several articles on nineteenth-century masculinity.

Stars That Honor My Father's America Angela Arena, 2011 *ICGR 2019 2nd International Conference on Gender Research* Prof. Paola Paoloni, Prof. Mauro Paoloni, Prof. Simona Arduini, 2019-04-11

Mutuality Matters Herbert Anderson, Edward Foley, 2004. Previous principles of hierarchy, inequality, and duty that defined the relationships between husband, wife, and children have been challenged and often replaced by more fluid bonds of equality, intimacy, emotional self-disclosure, communication, and mutual trust. The key question that has emerged for our times then is: how exactly do families sustain genuine mutuality, democracy, and strong relationships? Figuring out good answers to this question is the major theme of this book, and the origin of the title *Mutuality Matters*.

American Fatherhood Jürgen Martschukat, 2019-12-31. Explores the surprising diversity of fathers and fatherhood throughout American history and society. The nuclear family has been endlessly praised as the bedrock of American society, even though there has rarely been a time in history when a majority of Americans lived in such families. This book deconstructs the myth of the nuclear family by presenting the rich diversity of family lives in American history from the American Revolution to the twenty-first century. To tell this story, Jürgen Martschukat focuses on fathers and their relations to families and American society. Using biographical close-ups of twelve different characters, each embedded in historical context, *American Fatherhood* provides a much more realistic picture of how fatherhood has been performed within different kinds of families. Each protagonist covers a crucial period or event in American history, presents a different family constellation, and makes a different argument with regard to how American society is governed through the family.
