**Staging the Absolute** Thomas Seifrid, 2023-10-02 Staging the Absolute argues that an array of practices and beliefs came together to define an essential aspect of Russian and Soviet culture in the twentieth century the persistent desire to interrupt or disrupt history Drawing on sources that define the nature of public rituals the book reveals the pervasive presence of the impulse to impede history in Russia's modern era and the realization of the idea in the form of the Stalinist show trials of the 1930s Thomas Seifrid analyses Soviet festivals public displays of agitational propaganda and urban planning together with such modernist precursors as fin de si cle and early twentieth century projects for reviving the theatre modernist adaptations of puppet theatre the Faust legend and its vogue in early twentieth century Russia and the nineteenth century panorama. The book reveals that what binds these otherwise disparate phenomena together is a shared impatience with history and a corresponding desire to appropriate urban space Illuminating the deeper meanings in these revived archaic forms Staging the Absolute shows how pervasive the interest in disrupting history was in the Russian modern The Wellesley Index to Victorian Periodicals 1824-1900 Walter E. Houghton, 2013-05-24 Simply a great work of era reference Future scholars will wonder how anybody managed without the Wellesley Index It will guietly change the whole nature of Victorian studies Christopher Ricks New Statesman It is now impossible to think of Victorian literary and historical studies without the benefit of it this is a very remarkable achievement indeed the complete set will be a monument to the Houghtons foresight pertinacity and skill TLS Turgenev in English: A Checklist of Works by and about Him David H.
