Faut-il Recodifier Le Droit De La Consommation:

The CISG and its Impact on National Legal Systems Franco Ferrari, 2009-04-27 In force in 70 countries around the world and covering more than two thirds of world trade the 1980 United Nations Convention on Contracts for the International Sale of Goods CISG is considered to be the most successful convention promoting international trade According to many commentators this success is due among others to the fact that the Convention does not directly impact on the domestic law of the various legal systems as it applies only to international as opposed to purely domestic contracts The Convention in other words does not impose changes in the domestic law which makes it easier for States to adopt the Convention This does not mean however that the Convention does not have any impact on the domestic law at all This book analyzes through 24 country reports as well as a general report submitted to the 1st Intermediate Congress of the International Academy of Comparative Law held in November 2008 in Mexico City to what extent the Convention de facto influences domestic legal systems In particular the book examines the Convention's impact on the practice of law the style of court decisions as well as the domestic legislation in the area of contract law

Le mineur consommateur, étude comparée du droit français et du droit brésilien Maxime Péron, 2025-01-30 Influenciadores do consumo de seus pais consumidores autônomos de produtos e serviços ou vítimas de sua utilização na França e no Brasil por volta de 78 milhões de crianças e adolescentes são alvos de incitações comerciais Comuns legislações de ambos os países os mecanismos de incapacidade não são suficientes para protegê-los porque negam seu consumo real e não cobrem todas essas hipóteses Questiona-se se eles devem ser qualificados como consumidores ou se necessitaria uma categoria jurídica de criança consumidora para protegê-los Em face dos riscos do consumo acentuados pelas novas tecnologias suas vulnerabilidades são agravadas e implicam uma proteção específica O método do direito comparado permite refletir sobre estas questões Tal como particularmente encorajado pelo direito brasileiro marcado por uma proteção centrada na qualidade da pessoa a identificação de uma categoria de criança consumidora oportuna para promover sua proteção Sua eficácia seria assegurada pelo desenvolvimento de um regime específico em torno da relação de consumo adequado a ambos os ordenamentos jurídicos e em parte inspirado na abordagem contratual dominante no direito francês Entre as diversas propostas que integrariam este regime consideram-se algumas de caráter geral como a utilização da metodologia do diálogo das fontes e outras mais específicas como o enquadramento dos anúncios publicitários em função da idade cronológica

Le nouveau droit des obligations. Commentaire théorique et pratique dans l'ordre du Code civil Gaël Chantepie, Mathias Latina, 2018-06-27 L'ouvrage commente l'ordonnance n° 2016-131 du 10 février 2016 portant réforme du droit des contrats du régime général et de la preuve des obligations C'est dans chacun des 300 articles qui composent la réforme que résident désormais les fondements du droit des obligations Et c'est ce texte qu'il s'agit d'interpréter en l'expliquant en le rapprochant du droit antérieur mais aussi en livrant des clés d'analyse pour anticiper les décisions ultérieures
