Persuasion Jane Austen, 2017-09-02 Twenty seven year old Anne Elliot is Austen's most adult heroine Eight years before the story proper

begins she is happily betrothed to a naval officer Frederick Wentworth but she precipitously breaks off the engagement when persuaded by her friend Lady Russell that such a match is unworthy. The breakup produces in Anne a deep and long lasting regret. When later Wentworth returns from sea a rich and successful captain he finds Anne's family on the brink of financial ruin and his own sister a tenant in Kellynch Hall the Elliot estate. All the tension of the novel revolves around one question: Will Anne and Wentworth be reunited in their love?

Jane Austen once compared her writing to painting on a little bit of ivory 2 inches square. Readers of *Persuasion* will discover that neither her skill for delicate ironic observations on social custom, love and marriage nor her ability to apply a sharp focus lens to English manners and morals has deserted her in her final finished work.

About Jane Austen: Jane Austen was an English novelist whose works of romantic fiction set among the landed gentry earned her a place as one of the most widely read writers in English literature. Her realism and biting social commentary cementing her historical importance among scholars and critics. Austen lived her entire life as part of a close knit family located on the lower fringes of the English landed gentry. She was educated primarily by her father and older brothers as well as through her own reading. The steadfast support of her family was critical to her development as a professional writer. Her artistic apprenticeship lasted from her teenage years until she was about 35 years old. During this period she experimented with various literary forms including the epistolary novel which she tried then abandoned and wrote and extensively revised three major novels and began a fourth. From 1811 until 1816 with the release of *Sense and Sensibility* 1811 *Pride and Prejudice* 1813 *Mansfield Park* 1814 and *Emma* 1815 she achieved success as a published writer. She wrote two additional novels *Northanger Abbey* and *Persuasion* both published posthumously in 1818 and began a third which was eventually titled *Sanditon* but died before completing it.

One of the major sources of contention and strife in my marriage is the disagreement between my wife and me over what is the best Jane Austen novel. Yes we are both more than a bit geekish in our love of words and literature. Our second biggest ongoing quarrel is about the merits of the serial comma. For my money there are three of Austen's six finished novels that one can make a good argument for being her best: *Pride and Prejudice* the popular choice and my wife's *Emma* the educated choice. Most lit pros go with this one *Persuasion* the truly refined choice. Harrold Bloom in *The Western Canon* calls it perhaps a perfect novel and while I disagree with some of his interpretations of the characters yes blasphemy I know I wholeheartedly concur with his overall assessment. While all of Austen's novels are generally comic *Persuasion* book is the most nuanced. It's been described as autumnal and that word suits it. There's a bittersweetness to it that you just don't get in Austen's other work. Jane Austen books never disappoints me. This was the first time I've read this book and since it's one of her less popular novels I didn't know what to expect. However I quickly was swept up into the story and felt all of Anne's emotions like they were my own. I really enjoyed how unlike the other Austen novels I've read this one focuses on love lost and how over time people change in some ways but remain the same in other ways.
