Feast Of Festivals:

A Feast of Festivals Hugo Slim, 1996 A lively and informative guide to the seasons and festivals of the Christian year The book is filled with ideas for personal and family celebrations that should enrich the pattern of daily life for young and old alike

The Seven Festivals of the Messiah Edward Chumney, 1994 One of the most fascinating yet probably one of the least understood topics in the Bible is that of the feasts listed in Leviticus In a step by step examination of each festival you will learn foundational truths and the prophetic connections to Jesus first and second comings This book will give tremendous insight into your personal relationship with God

Christian Feast and Festival Paulus Gijsbertus Johannes Post, 2001 This collection on Christian feast culture is closely connected with the first Dutch national research program Liturgical Movements and Feast Culture which was conceived and initiated in 1995 and coordinated by the Interuniversity Liturgical Institute headquartered in Tilburg The collection marks the conclusion of the program and through a report of work in progress is intended to present a sort of sampler of Dutch liturgical studies for an international forum Against the broader background of modern multidisciplinary liturgical studies and the theme of liturgical movements the dynamic of cultus and culture Christian feast culture in the year and in life forms the central theme of the collection A number of choices have had to be made as this developed For example the collection almost exclusively focuses on Western Christian rituality in which within that Western perspective broader ritual contexts are brought into the discussion The collection is divided into four parts In addition to an introduction part I to situate the topic part II contains a series of systematic theoretical explorations which present diverse but also converging disciplinary approaches generally illustrating them as well Part III comprises historical explorations Part IV comprises studies in contemporary liturgical practice including the *liturgia condenda* Each of the parts II IV has an introduction in which an effort is made to offer some lines of synthesis and evaluation

Exploring Community Festivals and Events Allan Jepson, Alan Clarke, 2014-10-17 The development of the festival and event industry has seen large scale growth and extensive government support as a result of objectives to enhance and project the image of place and leverage positive sponsorship and regeneration opportunities As we move deeper into austerity measures prompted by economic recession community festivals and events as a sacred or profane time of celebration can be considered even more important than ever before This book for the first time explores the role and importance of community culture and its impact through festivals and events Split into two distinct sections the first introduces key themes and concepts contextualises local traditions and culture and investigates how festivals and events can act as a catalyst for tourism and create a sense of community It then questions the social and political nature of festivals and community events through examining their ownership The second section focuses on communities themselves seeking to examine and discuss key emerging themes in community event studies such as the role of diaspora imagined communities pride and identity history producing and consuming space and place authenticity and multi ethnic communities Examples are drawn from Portugal the Dominican

Seasonal Feasts and Festivals Edwin Oliver James, 1993

Feasts in John Michael A. Daise, 2007 In this work Michael A Daise broaches the question of the rationale lying behind the six feasts mentioned in the Gospel of John He argues that in an earlier recension of the Fourth Gospel those feasts were sequenced into a single liturgical year and as such furnished temporal momentum for the concurrent motif of Jesus' hour After reviewing the feasts as they appear in the narrative then critiquing the major theories proposed for their purpose the author presents his key premise that the Passover at John 6:4 is to be read not as a regular Passover observed on 14 Nisan first month of the Jewish calendar but as the Second Passover of Numbers 9:9-14 observed on 14 Iyyar second month of the Jewish calendar The law of *hadash* for barley 6:9 requires a date for chapter 6 after the regular Passover the Exodus manna episode Exodus 16 on which John 6 largely turns dates to 15 Iyyar the contingent character of the Second Passover explains Jesus' absence from Jerusalem in John 6 and with John 5 and 6 reversed the chronology of John 2:13-6:71 coheres On such a reading the feasts of the entire Fourth Gospel unfold within a single liturgical year Passover 2:13 Second Passover 6:4 the unnamed feast Pentecost 5:1 Tabernacles 7:2 the Dedication 10:22-23 and Passover 11:55 Inasmuch as this scheme brings chronological design to chapters 2:12 and inasmuch as those same chapters also chronicle the imminent arrival of Jesus' hour 2:4-12:23 an overarching purpose for the feasts emerges namely to serve the motif of Jesus' hour by marking the movement of time toward its arrival
