**Malcolm Torry**

## **Features Of A Viable Socialism:**

**Features of a Viable Socialism** Hans Breitenbach, Tom Burden, David Coates, 1990      **The Feasibility of Citizen's Income** Malcolm Torry, 2016-06-07 This book is the first full length treatment of the desirability and feasibility of implementing a citizen's income also known as a basic income. It tests for two different kinds of financial feasibility as well as for psychological, behavioral, administrative and political viability and then assesses how a citizen's income might find its way through the policy process from proposal to implementation. Drawing on a wide variety of sources of evidence from around the world, this new book from the director of the Citizen's Income Trust UK provides an essential foundation for policy and implementation debates. Governments, think tanks, economists and public servants will find this thorough encompassing book indispensable to their consideration of the economic and social advantages and practicalities of a basic income.

**The Defetishized Society** Chris Wyatt, 2011-09-29 New Economic Democracy establishes a self governing civil society unifying the private sphere of production and the public sphere of citizenship within a non-statist scheme of communal ownership. It provides the premises to seeking a solution to Marx's fetishism of commodities. Only a thorough restructuring of the economic and political institutions can provide the social climate in which the phenomenon of fetishism can be transcended. Defetishizing the commodity implies reversing the concealment of the social relations through which commodities are produced and preventing the tendency to bestow magical characteristics to commodities. The key imperative to the defetishized society is a system of genuinely democratic institutions. It provides this necessary corrective and also challenges the prediction that politico-economic organizations like worker cooperatives are destined to be dominated by the dictates of oligarchs. The explanatory approach of Marx's concepts combined with an original argument will make the book a valuable research tool to students and researchers in political theory, democratic theory and political economy.

**Interpreting the Labour Party** John Callaghan, Steven Fielding, Steve Ludlam, 2018-07-30 This electronic version has been made available under a Creative Commons BY-NC-ND open access license. Interpreting the Labour Party consists of twelve essays on the principal thinkers and schools of thought concerned with the political and historical development of the Labour Party and Labour movement. The essays are written by contributors who have devoted many years to the study of the Labour Party, the trade union movement and the various ideologies associated with them. The book begins with an in-depth analysis of how to study the Labour Party and goes on to examine key periods in the development of the ideologies to which the party has subscribed. Each chapter situates its subject matter in the context of a broader intellectual legacy including the works of Sidney and Beatrice Webb, Theodore Rothstein, Stuart Hall and Samuel Beer among others.

**What was Socialism, and what Comes Next?** Katherine Verdery, 1996-03-07 By analyzing her primary data from Romania and Transylvania and synthesizing information from other sources, Verdery lends a distinctive anthropological perspective to a variety of themes common to political and economic studies on the end of socialism, themes such as civil society, the creation of market

economies privatization national and ethnic conflict and changing gender relations      Social Limits to Economic Theory Jonathan D Mulberg,2005-09-26 Modern economics makes much of its claim to be impartial objective and value free but it is unable to address our most immediate problems such as widespread environmental degradation and persistent poverty In Social Limits to Economic Theory Jon Mulberg argues for a new progressive political economy based on notions of community and justice and incorporating environmental and ethical considerations In doing so he provides the best introduction to date to critical non orthodox economics      Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense      Prolonged Labour D. Coates,2005-03-22 Prolonged Labour is a comprehensive scholarly and balanced account of New Labour s domestic policies in its first two terms in office It mobilizes ministerial speeches elite interviews and policy documents plus the best available contemporary scholarship and political journalism to build an accurate and full account of New Labour in power It then subjects that record to systematic and sympathetic evaluation Prolonged Labour is an invaluable guide to Government performance since 1997 and as such an essential tool for students and voters alike      Revolution in Law: Contributions to the Legal Development of Soviet Legal Theory, 1917-38 Piers Beirne,2017-03-02 The essays in this volume reassess pre revolutionary Russian legal culture the debates of the 1920s over the role of law under socialism and the abrupt and bloody termination of the debate which took place in the 1930s      **Cyber-Marx** Nick Dyer-Witheford,1999 In this highly readable and thought provoking work Nick Dyer Witheford assesses the relevance of Marxism in our time and demonstrates how the information age far from transcending the historic conflict between capital and its laboring subjects constitutes the latest battleground in their encounter Dyer Witheford maps the dynamics of modern capitalism showing how capital depends for its operations not just on exploitation in the immediate workplace but on the continuous integration of a whole series of social sites and activities from public health and maternity to natural resource allocation and the geographical reorganization of labor power He also shows how these sites and activities may become focal points of subversion and insurgency as new means of communication vital for the smooth flow of capital also permit otherwise isolated and dispersed points of resistance to connect and combine with one another Cutting through the smokescreen of high tech propaganda Dyer Witheford predicts the advent of a reinvented autonomist Marxism that will rediscover the possibility of a collective communist transformation of society Refuting the utopian promises of the information revolution he discloses the real potentialities for a new social order in the form of a twenty first century communism based on the common sharing of wealth      **Money for Everyone** Torry, Malcolm,2013-06-27 Due to government cuts the benefits system is currently a hot topic In this timely book a Citizen s

Income sometimes called a Basic Income is defined as an unconditional non withdrawable income for every individual as a right of citizenship This much needed book written by an experienced researcher and author is the first for over a decade to analyse the social economic and labour market advantages of a Citizen s Income in the UK It demonstrates that it would be simple and cheap to administer would reduce inequality enhance individual freedom and would be good for the economy social cohesion families and the employment market It also contains international comparisons and links with broader issues around the meaning of poverty and inequality making a valuable contribution to the debate around benefits Accessibly written this is essential reading for policy makers researchers teachers students and anyone interested in the future of our society and our economy Consistency and Viability of Socialist Economic Systems J. Marangos,2013-07-03 Economic systems and the reforms processes examined in Consistency and Viability of Socialist Economics Systems are the centrally administered socialist economics system of the Soviet Union the Liberman Kosygin reforms the Gorbachev reforms and market socialism of Yugoslavia **Engaging Erik Olin Wright** Michael Burawoy,Gay Seidman,2024-06-04 When the renowned social scientist Erik Olin Wright passed away in 2019 at the height of his intellectual powers he left behind an unfinished project intended to forge a connection between class analysis and real utopias In taking up this project the essays in this volume pay tribute to his generative theory crystalline thinking inspirational teaching and personal generosity Friends of the late Erik Olin Wright celebrate his life and work with essays about his lifelong preoccupations with analytical Marxism and the transformation of capitalist societies The result is a beautiful book that glows with intelligence optimism and love FRANCES FOX PIVEN Erik Wright succumbed to cancer while he was advancing a decades long project of envisioning real utopias designs for a workable socialism The essays in this superb volume recount this monumental undertaking and also advance it in significant ways VIVEK CHIBBER Erik Olin Wright devoted his brilliant mind to the challenging task of rethinking and reimagining socialism after the fall of the Soviet Union and China s turn towards full blown capitalism In this tribute to his work progressive intellectuals and activists bring forward and deepen Wright s trail blazing Real Utopias Project amidst the current deep crisis of capitalism WALDEN BELLO These rich and compelling essays testify to the power and actuality of Erik Olin Wright s thought as well as to his dialogism mentorship and influence A terrific read and a fitting tribute to a brilliant scholar and beloved comrade NANCY FRASER *Making the Progressive Case* David Coates,2011-06-16 The book presents the conservative and liberal arguments related to the current economic issues faced by the Obama administration including market regulation and green economy **Policy Responses To Social Exclusion** Percy-Smith, Janie,2000-09-01 This timely book examines current policy responses to social exclusion Each contribution addresses a different area of policy describing the context for the intervention examining key themes and issues and assessing the likely effectiveness of policies **Times of Hate, Times of Joy, Lost Highway** Summerisle,2005-12 First 720 pages of Lost Highway Times Times of Hate Times of Joy website at <http://leftthought.blogspot.com> Deals with practically

everything in the political and philosophical and cultural spectrum Goes from traditional socialist themes to counter culture to libertarian socialism and anarchism to thoughts on religion to the exploration of obscure but important philosophical movements and figures and how their ideas figure into today s world Talks a lot about history and explores parallels between different historical epochs Includes the evaluation of the present day as threatening to veer into fascism and looks at what some of the structural and economic causes of this veering into could be why in the post 9 11 world this is more likely to happen Everything is mixed in together and because it s large format this is actually much bigger than a conventional 720 page book this is more like a 900 page conventional format book and that s only the first 2 years four months of the website

**New Political Thought** Adam Lent,1998 This is a guide through contemporary political thought Drawing on a wide variety of expertise and experience the contributors chart the emergence of new political ideologies outlining the most important concepts and the most influential thinkers they also list the key events and debates within each discipline providing readers with an effective framework to organize their understanding

**What I Was Thinking** Simon Gelman,2020-10-08 Simon Gelman started to think about writing a book seventeen years ago at the end of his chairmanship Initially he saw quite a few obstacles His hesitations were related to his lack of knowledge of the English language lack of knowledge of American culture and lack rather a complete absence of experience in writing nonmedical text Over the years the conceived idea was maturing and the question of whether writing the book or not gradually converted into how to write it Gelman managed to overcome the uncertainties and decided just to tell the story The first chapter of the book is a memoir However it is written as a retrospective analysis of the thoughts Gelman had and actions he chose at different periods of his life The following chapters address certain subjects like how to be a chairman of an academic medical department relationships between doctors and patients socialism and capitalism and anti Semitism These chapters describe Gelman s views and how they changed over time affected by his maturing and life in three different countries Soviet Union Israel and United States with very different social structures and cultures A few of Gelman s friends who read the first drafts of this book were saying that these chapters that describe his changing views on the subjects can be helpful to understand many different often not well justified actions in human lives The book does not suggest what should be done in one or another circumstance It rather tells the story of how and why the decisions right or wrong were made depending on the background and acquired knowledge

**Politics** Andrew Heywood,2019-03-12 The fifth edition of this seminal textbook by best selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics Renowned for its engaging and accessible style this book helps students to understand the discipline s foundational concepts and theories and use these to make sense of its key subfields from elections and voting to security and global governance Systematically revised and updated throughout it also uses a range of tried and tested pedagogical features to draw links between different standpoints and help make contemporary institutions events and developments come to life Drawing on a

wide range of international examples this text is the ideal choice for lecturers around the world Carefully designed and written to map onto the way the subject is introduced at degree level it remains the go to text for undergraduate introductory and comparative politics courses Furthermore it can also be used as pre course reading or as a point of reference throughout politics degrees majors or minors New to this Edition Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world New Politics in Action features reflect the latest political developments including Trump s triumph politics as polarization South Africa a one party state and North Korea a rogue nuclear power Discusses the transformation of the media landscape assessing the advent and impact of social media and fake news New and improved text design reflecting the book s contemporary and engaging coverage Accompanied by a brand new website featuring a flashcard glossary additional cases interactive simulations and weblinks for students PowerPoint slides for lecturers a testbank and a guide to using the book

**Rudolf Bahro Critical Responses** Ulf Wolter, 2017-07-28

This title was first published in 1980 This volume is a collection of essays on Rudolf Bahro and his ideas in Eastern Europe of informing of a third way in the traditin of antiSalinist opposition his contribution to the philosophy of socialism his alternaive wiriting of history and state socialism

## Features Of A Viable Socialism Introduction

In today's digital age, the availability of Features Of A Viable Socialism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Features Of A Viable Socialism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Features Of A Viable Socialism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Features Of A Viable Socialism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Features Of A Viable Socialism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Features Of A Viable Socialism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Features Of A Viable Socialism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities

and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Features Of A Viable Socialism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Features Of A Viable Socialism books and manuals for download and embark on your journey of knowledge?
