Fasting, Feasting Anita Desai, 2000-01 Anita Desai's new book hailed as unsparing yet tender and funny brilliantly confirms her place among today's foremost Indian writers *FASTING FEASTING* takes on Desai's greatest theme the intricate delicate web of family conflict It tells the moving story of Uma the plain older daughter of an Indian family tied to the household of her childhood and tending to her parents every extravagant demand and of her younger brother Arun across the world in Massachusetts bewildered by his new life in college and the suburbs where he lives with the Patton family Published in Britain to rave reviews *FASTING FEASTING* is rich in the sensuous atmosphere elegiac pathos and bleak comedy at which the author excels *The Spectator* From the overpowering warmth of Indian culture to the cool center of the American family it captures the physical and

Eat, Fast, Feast Jay W. Richards, 2020-01-07 The New York Times bestselling author and senior fellow at the Discovery Institute blends science and religion in this thoughtful guide that teaches modern believers how to use the leading wellness trend today intermittent fasting as a means of spiritual awakening adopting the traditions our Christians ancestors practiced for centuries into daily life Wellness minded people today are increasingly turning to intermittent fasting to bolster their health But we aren t the first people to abstain from eating for a purpose This routine was a common part of our spiritual ancestors lives for 1 500 years Jay Richards argues that Christians should recover the fasting lifestyle not only to improve our bodies but to bolster our spiritual health as well In Eat Fast Feast he combines forgotten spiritual wisdom on fasting and feasting with the burgeoning literature on ketogenic diets and fasting for improved physical and mental health Based on his popular series Fasting Body and Soul in The Stream Eat Fast Feast explores what it means to substitute our hunger for God for our hunger for food and what both modern science and the ancient monastics can teach us about this practice Richards argues that our modern diet heavy in sugar and refined carbohydrates locks us into a metabolic trap that makes fasting unfruitful and our feasts devoid of meaning The good news he reveals is that we are beginning to resist the tyranny of

processed foods with millions of people pursuing low carb ketogenic paleo and primal diets This growing body of experts argue that eating natural fat and fasting is not only safe but far better than how we eat today Richards provides a 40 day plan which combines a long term nutritional ketosis with spiritual disciplines The plan can be used any time of the year or be adapted to a penitential season on the Christian calendar such as Advent or Lent Synthesizing recent science with ancient wisdom Eat Fast Feast brings together the physical mental and spiritual benefits of intermittent fasting to help Christians improve their lives and their health and bring them closer to God
