Michael Frase, 1998 Imagine that you were the secret witness to a sadistic killing that only the victim was aware of your hidden presence at the scene and that you were too paralyzed with fear to answer her silent pleas for help This is Kasey Riteman s dilemma Kasey had quit her job to escape the sexual advances of her hateful boss Hoping to vent her anger she drove aimlessly into the nighttime countryside admonishing herself to begin to make adult choices about her life Going from bad to worse her old Honda quits running and she s stranded on an deserted rural road Seeking help she stumbles upon the grisly murder becoming an accidental witness Paralyzed by fear unable to help the woman she cannot even figure out how to tell the police realizing that if she goes to the authorities with her murderous tale she will surely sign her own death warrant Slowly the perfect solution presents itself an ingenious scheme so perfect it promises to solve the case and offer Kasey complete protection Pretending to be a psychic she leads the police to the murder scene but when media attention explodes around her she realizes she is more vulnerable than ever and she s up against some powerful enemies who don t really believe in psychic phenomenon **The Fatal Gift, Etc. [A Tale.]**. Frank Frankfort MOORE, 1898 *The Gift* Marcel Mauss, 2002-09-10 First published in 1990 Routledge is an imprint of Taylor Francis an informa company *The Fatal Gift* Frank Frankfort Moore, 1898 *Returning the Gift* Rebecca Colesworthy, 2018-10-15 From debates about reparations to the rise of the welfare state the decades following World War I saw a widespread turn across disciplines to questions about the nature and role of gifts What is a gift What do gifts mean and do Which individuals and institutions have the authority to give Marshalling wide ranging interdisciplinary research *Returning the Gift* argues that these questions centrally shaped literary modernism The book begins by revisiting the locus classicus of twentieth century gift theory the French sociologist Marcel Mauss s 1925 essay *The Gift The Form and Reason for Exchange in Archaic Societies* His title notwithstanding the gift Mauss envisions is not primitive or pre capitalist but rather a distinctively modern phenomenon Subsequent chapters offer sustained nuanced readings of novels and nonfiction by Virginia Woolf Jean Rhys Gertrude Stein and H D from the 1920s to 1940s underscoring the ways their writing is illuminated by contemporaneous developments in the social sciences economics and

politics while also making a case for their unique contributions to broader debates about gifts Not only do these writers insist that literature is a special kind of gift but they also pose challenges to the gift s feminization in the work of both their Victorian forebears and contemporary male theorists Each of these writers uses tropes and narratives of giving of hospitality sympathy reciprocity charity genius and kinship to imagine more egalitarian social possibilities under the conditions of the capitalist present The language of the gift is not as we might expect a mark of hostility to the market so much as a means of giving form to the society in market society of representing everyday experiences of exchange that the myth of the free market works even now to render unthinkable **Requital** Shekhar Barthakur,2025-03-05 *The Importance of*

Reinventing Oscar ,2021-11-01 The present collection of essays is the outcome of the Oscar Wilde conference held at the Technical University of Dresden 31 August 3 September 2000 The papers cover a wide range of historical and comparative aspects they look into the status of Wilde as poet dramatist essayist and intellectual during his own times as well as investigate the meaning of his work for subsequent writers and critics thus giving an outline of the Wildean history of literary reception intellectual discourse and media transformation Intellectually brilliant and challenging Oscar Wilde had been a favourite of the late Victorians performing the roles of the dandy and the poet of art for art s sake However due to his questioning of prevalent moral double standards and his insistence on the autonomy of art he was indicted for gross indecencies convicted and sent to prison Instead of being ostracised he became a source of inspiration for writers and artists on the British isles as well as on the European continent The papers in this volume explore such topics as Wilde s concepts of socialism and aestheticism his fashioning of the femme fatale and of the dandy his use of fashion and of simulation his impact on modernism and postmodernism as well as on genres such as crime writing and fictional biography and the influence of Wilde on writers such as James Joyce W B Yeats Joe Orton Peter Ackroyd Tom Stoppard David Hare and Mark Ravenhill Other papers focus on the reception of Wilde in Russia former Yugoslavia Hungary and Germany as well as on cinematic and Internet representations of Wilde Critical and creative responses vary from the general to the specific from traditional assessments to analyses of the arts of camp parody and pastiche thus indicative of the sub cultural appropriation of Saint Oscar Terry Eagleton

The Mandarin Carlton Dawe,1899 **Christianity, Empire, and the Making of Religion in Late Antiquity** Jeremy M. Schott,2013-04-23 In *Christianity Empire, and the Making of Religion in Late Antiquity* Jeremy M. Schott examines the ways in which conflicts between Christian and pagan intellectuals over religious ethnic and cultural identity contributed to the transformation of Roman imperial rhetoric and ideology in the early fourth century C E During this turbulent period which began with Diocletian s persecution of the Christians and ended with Constantine s assumption of sole rule and the consolidation of a new Christian empire Christian apologists and anti Christian polemicists launched a number of literary salvos in a battle for the minds and souls of the empire Schott focuses on the works of the Platonist philosopher and anti Christian polemicist Porphyry of Tyre and his Christian respondents the Latin rhetorician Lactantius

Eusebius bishop of Caesarea and the emperor Constantine Previous scholarship has tended to narrate the Christianization of the empire in terms of a new religion's penetration and conquest of classical culture and society The present work in contrast seeks to suspend the static essentializing conceptualizations of religious identity that lie behind many studies of social and political change in late antiquity in order to investigate the processes through which Christian and pagan identities were constructed Drawing on the insights of postcolonial discourse analysis Schott argues that the production of Christian identity and in turn the construction of a Christian imperial discourse were intimately and inseparably linked to the broader politics of Roman imperialism *Ranthorpe* George Henry Lewes, 1847
