Preventing Fatal Incidents in School and Youth Group Camps and Excursions Andrew Brookes, 2018-05-07 This book approaches the prevention of fatal incidents in outdoor education and related fields through detailed study of past tragedies. Although safety in many fields is built on accumulated lessons from past incidents, tragedies on school or youth group camps and excursions are so infrequent and so widely scattered that knowledge from previous incidents can elude those who would benefit. Nevertheless, the emergence of unlearned lessons from the past weighs heavily when those affected by a tragedy judge whether an incident should have been prevented. This book provides a foundation for a detailed and comprehensive understanding of fatality prevention in outdoor education and in youth camps and excursions. It compiles, examines, and analyses information on fatal incidents that have occurred over many decades involving many kinds of groups and endeavours from around the globe. No previous work has attempted this task. **Napa Valley Case Files** Raymond A. Guadagni, 2022-06-27 Well known for its picturesque setting, Napa Valley is also home to crimes perpetrated in the name of greed, love, and rage. Shocking incidents have rocked the small communities nestled among the vineyards, like that of greedy young Billy Duvall who killed his parents as they slept, and Bob Edwards who suffocated his beloved wife in a misguided attempt to keep a promise. Two victims of domestic violence came to very different ends: one murdered and the other offered a second chance at life after a jail sentence. Join author and retired Napa Superior Court judge Raymond A. Guadagni as he offers his unique perspective on these notorious court cases and the criminal justice system. **American X-ray Journal**, 1899 *Writing Broadcast News* Mervin Block, 1997 The author offers clear advice and examples on broadcast journalism and elements that distinguish writing for broadcast news from writing for print sources. **Simenon** Stanley G. Eskin, 2025-03-05 The most comprehensive account of Georges Simenon's life and work in either English or French from his youth and adolescence in Belgium through his spirited beginnings as a writer of pulp fiction in the Paris of the 20s, his invention of Maigret in 1930, his turn to straight fiction in the 30s, and from the 40s on his prolific output of detective and straight fiction. His obsession with women and his major friendships with Jean Renoir, Charlie Chaplin, Thornton Wilder, and others are detailed. Also, critical evaluations of his fiction, including the largely ignored pulp fiction, Simenon's relationship to popular traditions, literature, detective fiction, high literature, and the critics are offered. The photographs are rare and revealing, e.g., with Josephine Baker cutting up in a bistro. **Sword of the Demon** Richard A.
