## **Fate Keeps On Happening Adventures Of Lorelei Lee And Other Writings:**

Fate Keeps on Happening Anita Loos, 1984      *Networks of Modernism* Wesley Beal, 2015-10-15 *Networks of Modernism* offers a new understanding of American modernist aesthetics and introduces the idea that networks were central to how American moderns thought about their culture in their dramatically changing milieu. While conventional wisdom holds that the network rose to prominence in the 1980s and 1990s in the context of information technologies, digitization is only the most recent manifestation of networks in intellectual history. Crucial developments in modern America provide another archive of network discourses well before the advent of the digital age. The rise of the railroad recast the American landscape as an assortment of interconnected hubs. The advent of broadcast radio created a decentralized audience that was at once the medium's strength and its weakness. The steady and intertwined advances of urbanization and immigration demanded the reconceptualization of community and ethnic identity to replace the failing melting pot metaphor for the nation. Indeed, the signal developments of the modern era eroded social stratification and reorganized American society in a nodal, decentralized, and interpenetrating form, what today we would label a distributed network that is fully flattened and holds no clustered centers of power. In this ferment of social upheaval and technological change, the moderns found what we would today term the network, though they did not have the vocabulary for it that we do now to be a versatile model for their aesthetic experiments in representing social space and social relations. Whether they used the figuration of the network as a kind of formal experiment to negotiate the tensions between dispersal and unity, fragment and totality, or took the network as a subject in itself, as seen when dealing with crowds or public spaces, the network was a way for writers and artists to conceptualize and explore their rapidly changing society. Through readings of the works of Randolph Bourne, Jean Toomer, Anita Loos, John Dos Passos, and Nathanael West, *Networks of Modernism* positions the network as the defining figure of American modernist aesthetics and explores its use as a conceptual tool used to think through the rapid changes in American society.

Fate Keeps on Happening Anita Loos, 1985      Women, Celebrity, and Literary Culture between the Wars Faye Hammill, 2009-12-03 As mass media burgeoned in the years between the first and second world wars, so did another phenomenon: celebrity. Beginning in Hollywood with the studio-orchestrated transformation of uncredited actors into brand-name stars, celebrity also spread to writers whose personal appearances and private lives came to fascinate readers as much as their work. *Women, Celebrity, and Literary Culture between the Wars* profiles seven American, Canadian, and British women writers: Dorothy Parker, Anita Loos, Mae West, L. M. Montgomery, Margaret Kennedy, Stella Gibbons, and E. M. Delafield, who achieved literary celebrity in the 1920s and 1930s and whose work remains popular even today. Faye Hammill investigates how the fame and commercial success of these writers, as well as their gender, affected the literary reception of their work. She explores how women writers sought to fashion their own celebrity images through various kinds of public performance and how the media appropriated these writers for particular cultural discourses. She also reassesses the relationship between

celebrity culture and literary culture demonstrating how the commercial success of these writers caused literary elites to denigrate their writing as middlebrow despite the fact that their work often challenged middle class ideals of marriage home and family and complicated class categories and lines of social discrimination The first comparative study of North American and British literary celebrity *Women Celebrity and Literary Culture between the Wars* offers a nuanced appreciation of the middlebrow in relation to modernism and popular culture

**The Problem with Pleasure** Laura Frost, 2013-07-09 Aldous Huxley decried the horrors of modern pleasure or the proliferation of mass produced widely accessible entertainment that could degrade or dull the mind He and his contemporaries including James Joyce T S Eliot Gertrude Stein D H Lawrence and Jean Rhys sought to radically redefine pleasure constructing arduous and indirect paths to delight through their notoriously daunting work Laura Frost follows these experiments in the art of unpleasure connecting modernism's signature characteristics such as irony allusiveness and obscurity to an ambitious attempt to reconfigure bliss In *The Problem with Pleasure* Frost draws upon a wide variety of materials linking interwar amusements such as the talkies romance novels the Parisian fragrance Chanel no 5 and the exotic confection Turkish Delight to the artistic play of Joyce Lawrence Stein Rhys and others She considers pop cultural phenomena and the rise of celebrities such as Rudolph Valentino and Gypsy Rose Lee against contemporary sociological scientific and philosophical writings on leisure and desire Throughout her study Frost incorporates recent scholarship on material and visual culture and vernacular modernism recasting the period's high low elite popular divides and formal strategies as efforts to regulate sensual and cerebral experience Capturing the challenging tensions between these artists' commitment to innovation and the stimulating amusements they denounced yet deployed in their writing Frost calls attention to the central role of pleasure in shaping interwar culture

**I'm No Angel** Ellen Tremper, 2006 Have you ever wondered why there are so many dumb blonde jokes always about women Or how Ivanhoe's childhood love the flaxen Saxon Rowena morphed into Marilyn Monroe Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra about to plunge a dagger into Agamemnon and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow's platinum tressed head into a rain barrel the playing field for women and men had leveled considerably But how did the fairy tale blonde that placid pliant girl become the tomato upstairs as Monroe styled herself in *The Seven Year Itch* In *I'm No Angel: The Blonde in Fiction and Film* Ellen Tremper shows how at its roots the image of the blonde was remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women's lives As she demonstrates through these novels and performances fair hair and its traditional attributes patience pliancy endurance and innocence suffered a deliberate alienation which both reflected and enhanced women's personal and social freedoms essential to the evolution of modernity From fiction to film the active desiring and sometimes difficult women who disobeyed manipulated and thwarted their fellow characters mimicked and furthered women's growing power in the world The author concludes with an overview of the

various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance. An engaging and lively read, *I'm No Angel* will appeal to a general audience interested in literary and cinematic representations of the blonde as well as to scholars in Victorian women's and film studies.

**Before Fanfiction** Alexandra Edwards, 2023-10-18. Fan studies has a literary history problem. From the discipline's seminal works of the early 1990s to its recent media attention garnering popular scholarship, fan studies has repeated one creation myth time and again. Fandom, this myth tells us, might have gained popularity in the 1960s as female audiences mimeographed and mailed each other Star Trek fanzines, but it owes its creation to the male-dominated world of the 1930s science fiction pulps. But this history neglects the full picture of U.S. fan cultures in the early twentieth century and it erases the many women writers and readers who transformed American culture by their participation in early forms of fandom. *Before Fanfiction* serves as an intervention. It examines the work of popular women writers working in middlebrow, modernist, and regional forms and the fan responses to such work in order to present a counter history of fan cultures, one that returns women to center stage while arguing for a more complex, less hierarchical understanding of authorship, genre, and the American literary marketplace in early twentieth-century America. This book is the first to approach early twentieth-century fan culture from a literary-historical perspective. It will appeal to both literature and fan studies scholars who will find in it not only research and analysis but also a model for future work examining the many connections between literature and fan culture.

**Women Adapting** Bethany Wood, 2019-05-29. When most of us hear the title *Gentlemen Prefer Blondes*, we think of Marilyn Monroe and Jane Russell's iconic film performance. Few, however, are aware that the movie was based on Anita Loos's 1925 comic novel by the same name. What does it mean? *Women Adapting* asks to translate a Jazz Age blockbuster from book to film or stage. What adjustments are necessary, and what if anything is lost? Bethany Wood examines three well-known stories that debuted as women's magazine serials: *Gentlemen Prefer Blondes*, Edith Wharton's *The Age of Innocence*, and Edna Ferber's *Show Boat*, and traces how each of these beloved narratives traveled across publishing, theatre, and film through adaptation. She documents the formation of adaptation systems and how they involved women's voices and labor in modern entertainment in ways that have been previously underappreciated. What emerges is a picture of a unique window of time in the early decades of the twentieth century when women in entertainment held influential positions in production and management. These days, when filmic adaptations seem endless and perhaps even unoriginal, *Women Adapting* challenges us to rethink the popular platitude. The book is always better than the movie.

*Gentlemen Prefer Blondes and But Gentlemen Marry Brunettes* Anita Loos,1998-09-01 Kissing your hand may make you feel very very good but a diamond and safire bracelet lasts forever Anita Loos first published the diaries of the gold digging blonde Lorelei Lee in the flapper days of 1925 forging a new archetype for the modern world Gentlemen Prefer Blondes follows Lorelei and her best friend Dorothy from Hollywood to Manhattan to Paris and London pursued by eager suitors all the while In the Central of Europe with a new diamond tiara in her handbag Lorelei meets a traveling American millionaire who just might be the one She retires her diary but not for long because as she writes in the opening pages of But Gentlemen Marry Brunettes it is bright ideas that keep the home fires burning and prevent a divorce from taking all of the bloom off Romance For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators The Word on the Streets Brooks E. Hefner,2017-10-27 From the hard boiled detective stories of Dashiell Hammett to the novels of Claude McKay The Word on the Streets examines a group of writers whose experimentation with the vernacular argues for a rethinking of American modernism one that cuts across traditional boundaries of class race and ethnicity The dawn of the modernist era witnessed a transformation of popular writing that demonstrated an experimental practice rooted in the language of the streets Emerging alongside more recognized strands of literary modernism the vernacular modernism these writers exhibited lays bare the aesthetic experiments inherent in American working class and ethnic language forging an alternative pathway for American modernist practice Brooks Hefner shows how writers across a variety of popular genres from Gertrude Stein and William Faulkner to humorist Anita Loos and ethnic memoirist Anzia Yezierska employed street slang to mount their own critique of genteel realism and its classist emphasis on dialect hierarchies the result of which was a form of American experimental writing that resonated powerfully across the American cultural landscape of the 1910s and 1920s Encyclopedia of American Humorists Steven H. Gale,2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature Cassette Books Library of Congress.
