Modern Irish-American Fiction Daniel J. Casey, Robert E. Rhodes, 1989-07-01 Reflected in these writings from twenty one Irish Americans are the themes common to all immigrant literature but from the authors own ethnic point of view The struggle for success forms the underlying structure in the stories by O Hara Curran and McCarthy and the changing values the New World imposes on the individual are seen in Edwin O Connor s Grand Day for Mr Garvey Irish wit and black humor pepper all the stories as represented by Dunn s bartender philosopher Dooley and Donleavy s Fairy Tale of New York Catholicism is omnipresent and is often characterized by the priest as in Fitzgerald s Benediction Power s Bill and Flaherty s Fogarty Themes that have an immense effect on the characters relationships are their difficulties in communicating with one another which Gill captures succinctly in The Cemetery and the repositioning of gender roles so evident in Cullinan s Life After Death and in Costello s Murphy s Xmas Finally there are the intense often contradictory feelings the characters have toward their homeland Hamill s Gift illustrates the desire to rid Ireland of British rule Gordon s neighborhood shows the immigrants embarrassment over their origins Editors Casey and Rhodes have organized these pieces chronologically beginning at the turn of the century Thus the selections illustrate the progression of Irish American literature and also fulfill the word of William Kennedy who said of his own writing those who came before helped to show me how to turn experience into literature

James Joyce's America Brian Fox, 2019-02-14 James Joyce s America is the first study to address the nature of Joyce s relation to the United States It challenges the prevalent views of Joyce as merely indifferent or hostile towards America and argues that his works show an increasing level of engagement with American history culture and politics that culminates in the abundance of allusions to the US in Finnegans Wake the very title of which comes from an Irish American song and signals the importance of America to that work The volume focuses on Joyce s concept of America within the framework of an Irish history that his works obsessively return to It concentrates on Joyce s thematic preoccupation with Ireland and its history and America s relation to Irish post Famine history Within that context it explores first Joyce s relation to Irish America and how post Famine Irish history as Joyce saw it transformed the country from a nation of invasions and settlements to one spreading out across the globe ultimately connecting Joyce s response to this historical phenomenon to the diffusive styles of Finnegans Wake It then discusses

American popular and literary cultures in terms of how they appear in relation to or as a function of the British Irish colonial context in the post Famine era and concludes with a consideration of how Joyce represented his American reception in the Wake

The Routledge History of Irish America Cian T. McMahon, Kathleen P. Costello-Sullivan, 2024-07-23 This volume gathers over 40 world class scholars to explore the dynamics that have shaped the Irish experience in America from the seventeenth to the twenty first centuries From the early 1600s to the present over 10 million Irish people emigrated to various points around the globe Of them more than six million settled in what we now call the United States of America Some were emigrants some were exiles and some were refugees but they all brought with them habits ideas and beliefs from Ireland which played a role in shaping their new home Organized chronologically the chapters in this volume offer a cogent blend of historical perspectives from the pens of some of the world s leading scholars Each section explores multiple themes including gender race identity class work religion and politics This book also offers essays that examine the literary and or artistic production of each era These studies investigate not only how Irish America saw itself or in turn was seen but also how the historical moment influenced cultural representation It demonstrates the ways in which Irish Americans have connected with other groups such as African Americans and Native Americans and sets Irish America in the context of the global Irish diaspora This book will be of value to undergraduate and graduate students as well as instructors and scholars interested in American History Immigration History Irish Studies and Ethnic Studies more broadly

Superheroes and Superegos Sharon Packer MD, 2009-12-14 This comprehensive collection of essays written by a practicing psychiatrist shows that superheroes are more about superegos than about bodies and brawn even though they contain subversive sexual subtexts that paved the path for major social shifts of the late 20th century Superheroes have provided entertainment for generations but there is much more to these fictional characters than what first meets the eye Superheros and Superegos Analyzing the Minds Behind the Masks begins its exploration in 1938 with the creation of Superman and continues to the present with a nod to the forerunners of superhero stories in the Bible and Greek Roman Norse and Hindu myth The first book about superheroes written by a psychiatrist in over 50 years it invokes biological psychiatry to discuss such concepts as body dysmorphic disorder as well as Jungian concepts of the shadow self that explain the appeal of the masked hero and the secret identity Readers will discover that the earliest superheroes represent fantasies about stopping Hitler while more sophisticated and socially oriented publishers used superheroes to encourage American participation in World War II The book also explores themes such as how the feminist movement and the dramatic shift in women s roles and rights were predicted by Wonder Woman and Sheena nearly 30 years before the dawn of the feminist era

Disturbed Youth and Ethnic Family Patterns Rita F. Stein, 1971-06-30 Considers ways in which the traditions and values of Irish Americans and Italian Americans affect the behavior of emotionally disturbed adolescent boys from the two ethnic groups
