Self in American Film Susan Mackey-Kallis,Brian Johnston,2023-12-12 Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture The book concludes with a discussion of Joseph Campbell s interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them Scholars of film gender studies American studies cultural studies gender studies and psychology will find this book of particular interest The Christmas Prince Frederick Samuel Boas,Walter Wilson Greg,1922 The Christmas Prince St. John's College,1922
