that broke this mold began and continued to flourish in the city of Florence in northern central Italy. These ideas which placed an increasing emphasis on the development of our common humanity rather than other worldly spirituality coalesced in what came to be known as humanism. This philosophy and its new ideas would eventually spread across Italy yet wherever they took hold they would retain an element essential to their origin. And as they spread further across Europe this element would remain. Transformations of human culture throughout western history have remained indelibly stamped by their origins. The Reformation would always retain something of central and northern Germany. The Industrial Revolution soon outgrew its British origins yet also retained something of its original template. Closer to the present the IT revolution that began in Silicon Valley remains indelibly colored by its Californian origins. Paul Strathern shows how Florence and the Florentines themselves played a similarly unique and transformative role in the Renaissance.

Performing Parenthood Heather Jerónimo, 2024-07-05 *Performing Parenthood* reveals different enactments of motherhood and fatherhood in twentieth and twenty first century Spain showing how the family has adapted or at times failed to do so within the context of Spain's changing socioeconomic reality. Through an examination of examples of non normative parenthood in contemporary Spanish literature and film including gay literary father figures subversive physical touch between mother and child fathers who cross dress lesbian maternal community building non biological parenting and disabled bodies the book argues that current conceptualizations of parenthood should be amplified to reflect the various existing identities and performances of motherhoods and fatherhoods. Connecting canonical works to recent works the book establishes a unique dialogue that will expand the conversation about the Spanish family beyond the traditional view bringing visibility to alternative family models. It argues that parental identities exist on a spectrum enabling many parental figures to disregard heteronormative standards imposed upon the role and allowing them to experience parenthood in meaningful ways. Bringing visibility to literary and cinematic examples of alternative Spanish families *Performing Parenthood* provides a glimpse into an evolving society influenced by national and global changes.

Lucy Webb Hayes Russell L. Mahan, 2005 Rutherford B. Hayes and Lucy Webb Hayes lived their lives as though they knew Rutherford would become President of the United States one day. They not only led exemplary lives from beginning to end but saved an incredible amount of information for the future historian. Lucy saved almost all of her letters since girlhood. Rutherford did likewise plus kept a regular diary from his youth to his death. It is the opinion of this author that it is more interesting to hear the story of Lucy Hayes through the words of Lucy and those who knew her when their statements are clear and succinct than to have the events filtered through a historian's paraphrase and

summary Accordingly there is a fair amount of quotation from Lucy herself from Rutherford and from others in the course of this book It is hoped that these quotations have been woven into the biography in such a manner as to give the reader a closer view of its subject than can be had by pure narrative It is necessary to write about Rutherford to know what Lucy was doing This is true for two reasons First he left an excellent diary which records many events for which no writing from Lucy or others is available Second even without the diary it is impossible to understand the life of a First Lady without also knowing something of the life and career of the man who took her to the White House Still this biography is about Lucy Hayes not Rutherford *An Exposition of the New Testament* John Gill, 1811 **Fubar** Chuck Hastings, 2000-07-21 FUBAR is the story of Thor Evensens ruin and recovery of Rachel Risdahls fateful choice between two men and of Rachels daughter Glenda growing up wiser and stronger than her mother Its set in the Seattle high tech suburbs of Bellevue and Redmond in the mid 1990s Once Thor had been a successful engineering manager with a wife and three children and a big new house He loses it all within the space of three weeks Hes downsized out of his job his headstrong small son Thor Jr has a fatal accident while in his care and his bitter wife Marie sues him for divorce Abruptly Thor is reduced to a struggling newly single guy initially unemployed and staying with his parents and then moving to a rented room When he does find a new position its a manufacturers representative sales job for which he considers himself ill suited At first he feels overwhelmed and beaten He tells his parents that his life is FUBAR Fouled Up Beyond All Repair in the polite version But they refuse to let him give up on himself He works hard to make a go of it and his fortunes slowly improve He even buys a small condo While driving back from a sales trip to Spokane hes caught in a blizzard in Snoqualmie Pass and forced off the road by a reckless driver into a deep snowdrift He rents the last available room in a nearby ski lodge and winds up sharing it chastely with Rachel Risdahl RN after her car quits Thor and Rachel hit it off well go out to dinner on the following day after theyre both back in Seattle and begin a passionate relationship Rachel is beautiful but has poor self esteem Shes very self conscious about being half Tlingit Native American despite her Norwegian surname A few days later Thor and Rachel are preparing Christmas dinner in her townhouse when her rich and abusive ex boyfriend Skip Eastman shows up Theres a melee her spunky high school senior daughter Glenda calls the police They arrive Skip flees and is arrested on his way home but posts bail Three months later while Thor is out of town on business during bad weather Skip reappears and gets Rachel back by bribing her with a two week trip to Hawaii Thor telephones Rachel from Spokane and reaches Glenda Glenda is outraged at her mother for going back to Skip She pleads with Thor to keep on being her surrogate stepfather at her school events Thor is devastated but tries to pick himself up and go on He has a brief fling with his firms office manager and goes out with his bosss sexy cousin for a few weeks Skip beats Rachel severely shes hospitalized But when she gets out she goes back to Skip and even moves in with him Rachel gets fired from her job Her ex husband dies and leaves her and Glenda well off Glenda remains living in Rachels townhouse renting an extra bedroom to a classmate from Japan Thor teams up innocently with the two attractive girls for
