Gunton, In this book one of the leading and most popular theologians of our time develops themes he first introduced in *The Promise of Trinitarian Theology* in 1992 a book which continues to be widely read and used as a textbook in Christian Doctrine throughout the world Each essay addresses a topic of central importance in Trinitarian theology ranging from the knowledge of God to the Christian sacraments Together they reflect in particular on an increasing interest in the doctrine of the Holy Spirit and its bearing on the structure of the doctrine of the Trinity and its various sub themes of Chri *Canadian Pentecostals, the Trinity, and Contemporary Worship Music* Michael A. Tapper, 2017-05-08 This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada PAOC It considers whether the lyrics from the most commonly used PAOC songs are consistent with this Evangelical group s trinitarian statement of faith Colin Gunton s trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs Three major areas are considered the doctrine of God human personhood and cosmology Making use of Gunton s notions of relationality particularity and perichoresis along with several key Pentecostal scholars this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith [Colin Gunton's Trinitarian Theology of Culture](#) Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton s work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton s later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton s trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton s account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church s particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton s theology with the social sciences to critique ableism and consider the politics of the church s belonging in

community **Providence Made Flesh** Terry J. Wright, 2009-11-01 Traditional discussions of the Christian doctrine of providence often center on the relation between divine agency and human freedom seeking to offer an account of the extent to which a person is free before God the first cause of all things Terry J Wright argues that such riddles of causation cannot determine the content of providence and suggests a unique and alternative framework that depicts God's activity in terms of divine faithfulness to that which God has made Providence is not God as first cause acting through creaturely secondary causation rather providence is God's sovereign mediation of the divine presence across the whole world achieved through creaturely faithfulness made possible and guaranteed by his own faithful action in Jesus Christ **T&T Clark Handbook of Colin Gunton** Andrew Picard, Murray Rae, Myk Habets, 2021-01-14 The T T Clark Handbook of Colin Gunton is a theological companion to the study of Gunton's theology and a resource for thinking about Gunton's importance in modern theology Each of the essays brings Gunton's depth to a broad range of contemporary theological concerns The volume unveils cutting edge Gunton scholarship for a new generation and at the same time enables readers to see the timely significance of Gunton today Each of the essays not only introduces readers to key themes in the Gunton corpus but also provides readers with fresh interpretations that are fully conversant with the contemporary theological problems facing the church Designed as both a guide for students and a reference point for scholars the companion seeks both to outline the frameworks of key Gunton debates while at all times pushing forward fresh interpretative strategies concerning his thought The Theology of Colin Gunton Lincoln Harvey, 2010-06-09 In The Theology of Colin E Gunton a number of contemporary theologians from across the world critically engage with the work of this influential British theologian Gunton's handling of the gospel of Jesus Christ is celebrated key doctrines critically examined and his contribution to the ongoing theological task carefully evaluated Contributors address key issues at the centre of Gunton's understanding of the Christian gospel thereby enabling readers to appreciate how Gunton's fundamental analysis of the relation between God creation and Jesus Christ impacts the church's ongoing task of faithful theological enquiry In this volume of essays contributors explore Gunton's constructive thinking on a range of doctrinal topics as well as critically analyze Gunton's theological method and use of the Christian tradition As such this collection of essays provides the Christian theological community with its first wide ranging and carefully argued examination into the influential work of Colin E Gunton *Rhyming Hope and History* Russell Rook, 2011-10-26 The subject of culture has provided theologians with a whole new realm of exploration By the turn of the twentieth century and the beginning of this new millennium the subject of culture had presented itself to theologians and church leaders for vital consideration As one of the world's leading theologians Robert Jenson's eminent career has coincided with the pre eminence of culture in theological and churchly discussion Having described himself as a theologian of culture in his earliest works culture continually informs Jenson's systematic theology which in turn works its way out in countless cultural forms In *Rhyming Hope and History* we explore the philosophical and theological influences of Jenson's work and outline their vast

and varied applications to the world of culture and the life of the church For Jenson the church is the cultural embodiment of the risen Christ in the fallen reality of our world In a series of conversations between Jenson and leading thinkers including G W F Hegel Jonathan Edwards Wittgenstein Richard H Niebuhr Kathryn Tanner Paul Tillich Nicholas Wolterstorff Augustine and Jeremy Begbie we explore this creative and courageous proposal Spirit and Sonship David A. Höhne,2016-03-09 This book weaves together an interpretation of Christian Scripture with a conversation between Colin Gunton and Dietrich Bonhoeffer concerning the role the Holy Spirit plays in shaping the person and work of Christ The result is a theological description of human personhood grounded in a sustained engagement with and critique of Gunton s theological description of particularity a topic central to all his thinking In the course of the conversation with Bonhoeffer the book also offers one of few broad assessments of his work as a systematic theologian In bringing together the work of two important modern theologians this book explores both the possibilities of theology generated from Christian Scripture and the central importance of the doctrines of Christ and the Trinity in understanding what it means to declare someone or something unique Relational Christianity Wesley M. Pinkham,2022-06-21 This work begins with a transformative idea human existence is fundamentally relational Relational Christianity explores how the nature of the Trinity must define the Church and the Christian spiritual life Utilizing Scripture Christian spiritual tradition and philosophy Pinkham and Gruenberg paint the picture of a Trinitarian Jesus centered Christianity led by the Father and explored in interpersonal oneness In this view God s intimate unifying love is the theological river that runs through the landscape of biblical revelation and through God s movement in history This work of Trinitarian practical theology suggests that the relation between Father Son and Spirit should shape and guide all Christian interactions with God with others and with self In the paradigm of relational Christianity the formation of genuine personhood and identity are based upon relational connections first with the Trinity and second with God s family The shape of the new covenant community must reflect the Father s nature Church culture must prioritize relationship in the same way the Trinity does A Free Corrector Joshua McNall,2015-06-01 A Free Corrector evaluates Colin Guntons treatment of Augustines legacy on the Trinity and the doctrine of creation Gunton claimed that Augustines work ultimately contributed to a host of problems for the Western tradition Joshua McNall addresses this in conjunction with Guntons argument regarding Augustine s afterlife In the end A Free Corrector argues that while Gunton was far too free in his correction of Augustine it is also true that isolated aspects of his Augustinian narrative remain viable God of Salvation Dr Murray A Rae,Professor Ivor J Davidson,2013-06-28 The theology of salvation stands at the heart of the Christian faith Very often the structure of Christian salvation is seen in terms of a single theme such as atonement for sins forgiveness liberation or friendship with God It is easy to reduce soteriology to a matter of merely personal experience or to see salvation as just a solution to a human problem This book explores a vital yet often neglected aspect of Christian confession the essential relationship between the nature of salvation and the character of the God who saves In what ways does God s

saving outreach reflect God's character How might a Christian depiction of salvation best bear witness to these features What difference might it make to start with the identity of God as encountered in the gospel then view everything else in the light of that In addressing these questions this book offers fresh appraisals of a range of major themes in theology the nature of creaturely existence the relationship between divine purposes and material history the holiness love and judgement of God the atoning work of Jesus Christ election justification and the nature of faith salvation outside the church human and non human ends the nature of eschatological fellowship with God In looking at these issues in the light of God's identity the authors offer a stimulating and tightly argued reassessment of what a Christian theology of salvation ought to resemble and ask what the implications might be for Christian life and witness in the world today *T&T Clark Handbook of Suffering and the Problem of Evil* Matthias Grebe, Johannes Grössl, 2023-07-13 This wide ranging work provides an extensive exploration of the theology of theodicy asking questions such as should all instances of suffering necessarily be understood as evil Why would an omnipotent and benevolent God allow or perpetrate evil Is God unable or unwilling to reduce human and non human suffering on Earth Does humanity have the capacity to exercise a moral evaluation of God's motives and intentions Conventional disciplinary boundaries have tended to separate theological approaches to these questions from philosophical ones This volume aims to overcome these boundaries by including biblical Part I historical Part II doctrinal Part III philosophical Part IV and pastoral interreligious perspectives and alternative intersections Part V on theodicy Authors include thinkers from analytic and continental traditions multiple Christian denominations and other religions and both established and younger scholars providing a full variety of approaches What unites the essays is an attempt to answer these questions from the perspective of biblical testimony historical scholarship modern theological and philosophical thinking about the concept of God non Christian religions science and the arts The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the theology of suffering and evil *Accounting and Money for Ministerial Leadership* Nimi Wariboko, 2013-05-22 This book will help seminary students and ministers with no training in accounting to expand their core management competency and church leadership skills to include basic issues of finance and accounting It will also provide pastors ministers with financial management orientation to become better leaders managers of their churches and organizations Specifically this book is designed to bring pastors ministers and seminary students up to speed in the language of accounting and money in contemporary American society It gives them practical resources for effective not hands on management of church finances Among others it will offer training on basic accounting and budgeting reading of financial reports and elementary tax and legal issues in order to develop pastors students core competency in stewardship leadership After going through this book most students and pastors should be able to read exegete and make sense of the financial reports that will be given to them by church accountants treasurers finance committees This book helps pastors to understand and interpret the accounting and monetary issues of their ministries in a

professional and theologically sound way *Covenant and Salvation* Michael Scott Horton, 2007-01-01 Following *Covenant and Eschatology* and *Lord and Servant* this concluding volume of a four part series examines Christian salvation from the perspective of covenant theology In *Covenant and Salvation* Michael Horton surveys law and gospel union with Christ and justification and theosis conversing with both classical and contemporary viewpoints *Theandric and Triune* Ty Kieser, 2024-01-25 Describing Jesus as an agent of divine actions or as one who possesses human agency is commonplace in christological discussions Yet these discussions often wade in a shallow understanding of the terms meanings and the theological implications of such claims For example while many theologians who are committed to the definition of Chalcedon consider Jesus one agent we might ask if this implies that the triune God comprises three agents Or if Christ possesses singular agency how are his divinity and humanity operative in his actions In response this work draws from the theology of John Owen and advancements in philosophy of action in order to offer an account of divine and human agency in christological action from within the Reformed tradition It provides clarity to the christological and trinitarian uses of the language of agent agency in Christ and attends to the theological esp trinitarian entailments therein While at first glance there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ's action and the human sympathy of Christ for his people

T&T Clark Companion to Atonement Adam J. Johnson, 2017-07-27 The T T Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation Most edited volumes on this doctrine focus on one aspect of the work of Christ for example Girard Feminist thought Penal Substitution or divine violence The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection The essays are divided into four main sections 1 dogmatic location 2 chapters on the Old and New Testaments 3 major theologians and 4 contemporary developments The first set of essays explore the inter relationship between the atonement and other Christian doctrines for example Trinity Christology and Pneumatology opening up yet further avenues of inquiry Essays on key theologians eschew reductionism striving to bring out the nuances and breadth of the contribution The same is true of the biblical essays The final section explores more recent developments within the doctrine for example the work of Rene Girard and the ongoing reflection on Holy Saturday The book is comprised of 18 major essays and an A Z section containing shorter dictionary length entries on a much broader range of topics The result is a combination of in depth analysis and breadth of scope making this a

benchmark work for further studies in the doctrine **Christian Spiritual Formation** Diane J. Chandler, 2014-04-04 This comprehensive theory and practice of Christian spiritual formation weaves together biblical and theological foundations with interdisciplinary scholarship real world examples personal vignettes and practical tools to assist readers in becoming whole persons in relationship with God and others *The Gospel in the Western Context* Gert-Jan Roest, 2018-10-02 In *The Gospel in the Western Context* Gert-Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks **Jesus and the God of Classical Theism** Steven J. Duby, 2022-06-07 Christianity Today 2023 Book Award Academic Theology In both biblical studies and systematic theology modern treatments of the person of Christ have cast doubt on whether earlier Christian descriptions of God in which God is immutable impassible eternal and simple can fit together with the revelation of God in Christ This book explains how the Jesus revealed in Scripture comports with such descriptions of God The author argues that the Bible s Christology coheres with and even requires the affirmation of divine attributes like immutability impassibility eternity and simplicity
