Fatherhood And Family Policy:

Fatherhood and Family Policy M. E. Lamb, A. Sagi, 2014-02-25 First published in 1984 In the last two decades countries throughout the Western world have witnessed dramatic changes in social attitudes concerning sex roles The aim of this book is to review the evidence concerning a the factors that limit or constrain male involvement in child care b the ways in which some of these factors are being or might be changed and c the effects of traditional and increased paternal involvement on men women and children *Fatherhood and Family Policy* Micheal. E. Lamb, Abraham Sagi, 2014-02-25 First published in 1984 In the last two decades countries throughout the Western world have witnessed dramatic changes in social attitudes concerning sex roles The aim of this book is to review the evidence concerning a the factors that limit or constrain male involvement in child care b the ways in which some of these factors are being or might be changed and c the effects of traditional and increased paternal involvement on men women and children **Handbook of Father Involvement** Natasha J. Cabrera, Catherine S. Tamis-LeMonda, 2013-05-07 This second edition reviews the new research findings and theoretical advances on fathers families child development programs and policies that have occurred in the past decade Contributors from a range of disciplines and countries showcase contemporary findings within a new common chapter structure All of the chapters are either extensively revised or entirely new Biological evolutionary demographic developmental cultural sociological economic and legal perspectives of father involvement are described along with policy and program implications Now with a greater international perspective this edition considers demographic shifts in families in the United States and Europe All chapters now follow a common structure to enhance readability and interdisciplinary connections Each chapter features Historical Overview and Theoretical Perspectives Research Questions Research Methods and Measurement Empirical Findings Bridges to other Disciplines Policy Implications and Future Directions In addition each chapter highlights universal and cultural processes and mechanisms This structure illuminates the ways that theories methods and findings are guided by disciplinary lenses and encourages multidisciplinary perspectives This extensively revised edition now features Expanded section on Biological and Evolutionary Perspectives that reviews fathering in animal populations and the genetic and hormonal underpinnings that feed into fathering behaviors within and across species New section on Economic and Legal Perspectives that addresses the economics of fatherhood marriage divorce and child custody issues and family dispute resolution New section on Child Development and Family Processes that covers topics on father child relationships the father role in children s language cognitive and social development and father risk family context and co parenting Separate chapters on Black Latino and Asian American fathers Now includes research on cohabitation and parenting gender roles and fathering intergenerational parenting and fatherhood implications for men in the section on Sociological Perspectives The latest demographics policies and programs influencing father involvement in both the US and Europe Coverage of methodological and measurement topics and processes that are universal across ethnic groups and cultures in each chapter

Intended for advanced students practitioners policymakers and researchers interested in fatherhood and family processes from a variety of disciplines including psychology family studies economics sociology and social work and anyone interested in child and family policy *Fatherhood* H. Elizabeth Peters,Randal D Day,Gary W Peterson,Suzanne Steinmetz,2014-03-18

How much power does a father have to influence his children s development A lively and often heated public debate on the role and value of the father in a family has been underway in the United States for the past decade Nevertheless we are far from understanding the complex ways in which fathers make contributions to their families and children *Fatherhood Research Interventions and Policies* addresses the central questions of the role of fathers What is the impact of father involvement on child outcomes What factors predict increased involvement of fathers Bringing together papers presented at the Conference on Father Involvement this volume includes contributions by leading scholars in anthropology demography economics family science psychology and sociology Many of the contributors also address the implications of father involvement for family policy issues including family leave child care and child support Furthermore the discussion of fatherhood ranges well beyond the case of intact middle class white families to include fathers from various ethnic groups and socioeconomic classes and of varied marital status including fathers of nonmarital children single father families and nonresident fathers *Fatherhood Research Interventions and Policies* addresses both practical and theoretical concerns including the redefinition of fatherhood changes over time in research on fatherhood the predictive power of fathers activities on their children s adult outcomes the correlation between fathers income and their involvement with their nonmarital children the influence of fathers on their sons probability of growing up to become responsible fathers the effects of divorce on father son and father daughter relationships interventions that help to keep divorced fathers in touch with their children This comprehensive powerful book combines pioneering empirical research with thoughtful consideration of the social and psychological implications of fatherhood It is essential reading for researchers policymakers psychologists and students of family studies human development gender studies social policy sociology and human ecology The Oxford Handbook of Family Policy Over the Life Course Mary Daly,Birgit Pfau-Effinger,Neil Gilbert,Douglas J. Besharov,2023

Drawing on a multidisciplinary group of experts from many countries this Handbook is intended to be a reference work that provides students and scholars in policy related disciplines a wide ranging perspective on the diverse ways that family policies respond to modern issues and trends over the life course The Handbook is divided into two main parts The first part offers a panoramic introduction to the setting and issues which contemporary family policies have been designed to address The second part and main body of the volume is organized around four benchmark periods that encompass the main stages of the family life cycle and social policies that are called into play during these stages **Fatherhood Initiatives** United States. Congress. Senate. Committee on Finance. Subcommittee on Social Security and Family Policy,2001 **Fatherhood** Elizabeth Peters,Randal D. Day,2000 *Fatherhood Research Interventions and Policies* addresses the central questions of the

role of fathers What is the impact of father involvement on child outcomes What factors predict increased involvement of fathers This volume includes contributions by leading scholars in a multitude of fields The discussion of fatherhood ranges well beyond the case of intact middle class white families to include fathers from many other situations and ethnic groups This comprehensive powerful book combines pioneering empirical research with thoughtful consideration of the social and psychological implications of fatherhood Handbook of Father Involvement Natasha J. Cabrera, Catherine Susan Tamis-LeMonda, 2013 The goal of this Handbook is to address the challenges that face researchers of father involvement across disciplines Each of the sections of this handbook presents current perspectives and challenges to research on father involvement w in a specialized **Conceptualizing and Measuring Father Involvement** Randal D. Day, Michael E. Lamb, 2003-10-03 After decades of focusing on the mother s role in parenting family studies researchers have turned their attention to the role of the father in parenting and family development This volume focuses on ways of measuring the efficacy of father involvement *Chinese Fatherhood, Gender and Family* Mario Liong, 2017-01-16 This book is about how Chinese men make sense of and practise fatherhood within the context of changing gender conventions and socio cultural conditions Liong analyses data from participant observations at a men s centre focus groups and in depth interviews to assess the subjective experience and identities of Chinese fathers in Hong Kong from a gender perspective His findings show that economic provision education and marriage are the three natural and normal domains of paternity Not being able to fulfil these requirements is a threat to fathers masculinity yet is also an opportunity for fathers to reflect upon these accepted conventions In order to compensate these men typically develop a closer and more caring relationship with their children however these fathers still struggle with feelings of inferiority Intimate Fatherhood Esther Dermott, 2014-06-11 Fatherhood is gaining ever more attention stimulated by the prominence of fathers rights groups and new social policies This innovative and timely book analyzes contemporary fatherhood men s parenting behaviour and their rights and responsibilities *Fragmenting Fatherhood* Richard Collier, Sally Sheldon, 2008-09-05 Debates about the future of fatherhood have been central to a range of conversations about changing family forms parenting and society Law has served an important yet often neglected role in these discussions serving as an important focal point for broader political frustrations playing a central role in mediating disputes and operating as a significant symbolic state sanctioned account of the scope of paternal rights and responsibilities *Fragmenting Fatherhood* provides the first sustained engagement with the way that fatherhood has been understood constructed and regulated within English law Drawing on a range of disparate legal provisions and material from diverse disciplines it sketches the major contours of the figure of the father as drawn in law and social policy tracing shifts in legal and broader understandings of what it means to be a father and what rights and obligations should accrue to that status In thematically linked chapters cutting across substantive areas of law the book locates fatherhood as a key site of contestation within broader political debates regarding the family and gender equality

Multiple visions of fatherhood evolving unevenly over time across diverse areas of law emerge from this analysis. Fatherhood is revealed as an essentially fragmented status and one which is intertwined in complex ways with the legal, cultural, and political contexts in which discourses of parenthood are produced. *Fragmenting Fatherhood* provides an important and unique resource speaking to debates about fatherhood across a range of fields including law and legal theory, sociology, gender studies, social policy, marriage and the family, women's studies, and gender studies. **Family Law** John

Dewar, Stephen Parker, 2003-04-14 This volume contains an edited selection of the papers by contributors from around the world delivered at the 10th World Conference of the International Society of Family Law. The papers cover three broad themes: innovations in processes for resolving and determining family disputes; changing patterns in family and professional practices; and the political and other pressures operating on family law systems and law reform processes. *Fatherhood* H. Elizabeth Peters, Randal D. Day, Gary W. Peterson, Suzanne Steinmetz, 2014-03-18 How much power does a father have to influence his children's development? A lively and often heated public debate on the role and value of the father in a family has been underway in the United States for the past decade. Nevertheless, we are far from understanding the complex ways in which fathers make contributions to their families and children. *Fatherhood: Research, Interventions, and Policies* addresses the central questions of the role of fathers: What is the impact of father involvement on child outcomes? What factors predict increased involvement of fathers? Bringing together papers presented at the Conference on Father Involvement, this volume includes contributions by leading scholars in anthropology, demography, economics, family science, psychology, and sociology. Many of the contributors also address the implications of father involvement for family policy issues, including family leave, child care, and child support. Furthermore, the discussion of fatherhood ranges well beyond the case of intact middle-class white families to include fathers from various ethnic groups and socioeconomic classes and of varied marital status, including fathers of nonmarital children, single father families, and nonresident fathers. *Fatherhood: Research, Interventions, and Policies* addresses both practical and theoretical concerns, including the redefinition of fatherhood, changes over time in research on fatherhood, the predictive power of fathers' activities on their children's adult outcomes, the correlation between fathers' income and their involvement with their nonmarital children, the influence of fathers on their sons' probability of growing up to become responsible fathers, the effects of divorce on father-son and father-daughter relationships, interventions that help to keep divorced fathers in touch with their children. This comprehensive, powerful book combines pioneering empirical research with thoughtful consideration of the social and psychological implications of fatherhood. It is essential reading for researchers, policymakers, psychologists, and students of family studies, human development, gender studies, social policy, sociology, and human ecology. **The Role of the Father in Child Development** Michael E. Lamb, 2010-03-10 The definitive reference on the important role fathers play in child development today. Edited by Dr. Michael Lamb, the recognized authority on the role of fathers in child development, *The Role of the Father in Child Development*, Fifth Edition, brings together contributions

from international experts on each subject to provide a thorough and current summary of the state of fatherhood across cultures classes economic systems and family formations This classic guide offers a single source reference for the most recent findings and beliefs related to fathers and fatherhood This thoroughly updated new edition provides the latest material on topics such as The effects of divorce Fathers from low income backgrounds Stepfathers lives exploring social context and interpersonal complexity Social policy Gay fathers Fatherhood and masculinity The definitive book on when why and how fathers matter to their children and families The Role of the Father in Child Development Fifth Edition is an essential reference for all mental health professionals who endeavor to understand and support fathers in becoming positive influences in their children s development Innovations in Child and Family Policy Emily M. Douglas,2010-02-08

Innovations in Child and Family Policy tackles many of the common problems and challenges that are considered to be at the heart of child and family policy family creation economic support childrearing and family care giving Innovations begins by defining child and family policy and discussing the history of this growing specialization within the social sciences The main chapters of Innovations address policy and programmatic solutions to problems that face families by topic area 1 early childhood and education 2 government interventions with family violence children s welfare and the justice system and 3 supports for children and families Specifically the chapters in Innovations address the availability of child care family medical leave special needs children parent involvement in their children s education preventing and addressing child abuse and neglect children who witness partner violence child support orders children of incarcerated fathers and young adults in the justice system What makes this book unique is that it contains applied research from many program evaluations or assessments of existing state level legislation Social scientists from multiple disciplines examine the efficacy such programs and policies to make recommendations for expanded or new child and family policies For our novice and or student readers we hope that Innovations will help them to develop a greater sense of what academics professionals and politicians mean when they speak of child and family policy and also an appreciation for how social science research can contribute to policy making to support children and families For our more advanced readers we hope that these chapters make a significant contribution to the conversations regarding how multidisciplinary social science research can inform policy recommendations For all of our readers we hope that the use inspired research presented in Innovations will help to strengthen and support the we Fatherhood William Marsiglio,1995-04-03 Shifting marriage and divorce patterns transformation in the workplace the growth of the women s movement and the development of the men s movement all these social and cultural changes have changed fathers traditional family roles and forced a reexamination of how fathers and children interact Progress in this new understanding of fathers is highlighted in Fatherhood a volume of empirical and theoretical research on fathers in families The research pieces written by such well known scholars as Furstenberg Seltzer and Greif examine differences in culture class nationality and custodial status The chapters focus on legal economic and policy questions as well as on the interaction

between fathers and children within the family Some of the topics explored are fathers involvement in child care fathering in the inner city and single fathers who have custody of their children Fatherhood is the most current assessment of our research base on fatherhood available for professional scholarly and classroom use and is important reading for those interested in men s studies family studies gender studies sociology psychology and social work *Fatherhood in the Nordic Welfare States* Eydal, Guðný Björk, Rostgaard, Tine, 2016-01-13 The Nordic countries are known worldwide for their extensive welfare system and gender equality which enables both parents to hold jobs earn money and care for their children In this volume scholars from the Nordic countries as well as from the United States and the United Kingdom explore the effects of these policies on fatherhood and how the policies that support it contribute to shaping and influencing the image role and practice of fathers in a diversity of family settings *Work and Family Policy* Stephen Sweet, 2013-09-13 Numerous challenges exist in respect to integrating work and family institutions and there is remarkable cross national variation in the ways that societies respond to these concerns with policy This volume examines these concerns by focusing on cross national variation in structural cultural arrangements Consistent support is found in respect to the prospects of expanding resources for working families both in the opportunity to provide care as well as to remain integrated in the workforce However the studies in this volume offer qualifiers explaining why some effects are not as strong as might be hoped and why effects are sometimes restricted to particular classifications of workers or families It is apparent that when different societies implement similar policies they do not necessarily do so with the same intended outcomes and usage is mediated by how policies are received by employers and workers The chapters in this book speak to the merits of international comparative analysis in identifying the strategies challenges and benefits of providing resources to workers and their families This book was originally published as a special issue of Community Work Family **Fatherhood Initiatives** United States. Congress. Senate. Committee on Finance. Subcommittee on Social Security and Family Policy, 2001
