

FATHERLESS AMERICA

*Confronting Our Most
Urgent Social Problem*

DAVID BLANKENHORN

"Blankenhorn is one of America's most insightful advocates. . . . Fatherless America is well researched, empirically sound, and an important contribution to the public debate." — William J. Bennett, author of The Book of Virtues

Fatherless America

G Psacharopoulos

Fatherless America:

Fatherless America David Blankenhorn, 1996-01-05 A compelling and controversial exploration of absentee fathers and their impact on the nation

Fatherless America David Blankenhorn, 1995-02-08 *Fatherless America* David Blankenhorn, 1995-02-08 With passion and precision *Fatherless America* demonstrates that whether our concern is with teenage pregnancy crime violence against women educational failure or child poverty no social trend of our generation is more dangerous than fatherlessness It weakens families harms children causes or aggravates our worst social problems and makes individual adult happiness harder to achieve This explosive book goes beyond documenting the effects of fatherlessness on individual families to show how the very ideal of fatherhood is under siege with devastating consequences for society at large Fathers are increasingly seen as expendable or as part of the problem Does every child need a father David Blankenhorn asks Increasingly our answer is no or at least not necessarily

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Selfish America Gregory Ransaw, 2016-07-28 America today is a shadow of what it once was Over the past forty years people have turned away from God and instead accepted the flawed view that morality is subjective and personal As a country we have discarded the idea that there is an absolute right and an absolute wrong This is spread through our universities where students learn only the scientific perspective without completing their education in religion and morality This has created untold social problems from the 2008 market crash to the widespread abuse of drugs and alcohol *The Selfish America* looks closely at the transcendent reality of absolute morality and how it can be used to reestablish the word of God in our country With these steps we can save America and reestablish our moral foundations This can only be done through acknowledging that there is a transcendent physical reality a transcendent intellectual reality and a transcendent moral reality in God

New Family Values Karen Struening, 2002-06-25 How many different kinds of families are there *New Family Values* provides a critical analysis of scholars and authors who argue that law and policy should be used to foster one model of the family the intact two parent heterosexual family Karen Struening argues that this position does not adequately address the problem it supposedly solves family dissolution and unnecessarily constrains personal liberty Healthy families may be necessary for civic unity and individual stability but there can be many different kinds of families

From Family Collapse to America's Decline Mitch Pearlstein, 2011-09-16 Very high rates of family fragmentation in the United States are subtracting from what very large numbers of students are learning in school and forever holding them back in many other ways This in turn is damaging the country economically by making us less primed for innovation while also making millions of Americans less competitive in an increasingly demanding worldwide marketplace All of which is leading and can only lead to deepening class divisions in a nation which has never viewed itself or operated in such splintered ways What can be done to reverse these severely destructive trends starting with reducing the enormous number of children forced to grow up with only one parent living under the same roof What educational reforms

are most likely to help under such demanding circumstances And as dangerous as the situation is why do leaders in education and other fields persist for both understandable and less worthy reasons in dancing around profoundly important questions of family breakdown to the point of contortion and ultimately failure *George Washington and Political Fatherhood* Heinz Tschachler,2020-02-20 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther s Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election **Bible and Bedlam** Louise J. Lawrence,2018-08-23 Bible and Bedlam first critically questions the exclusion and stereotyping of certain biblical characters and scholars perceived as mad as such judgements illustrate the sanism prejudice against individuals who are diagnosed or perceived as mentally ill perpetuated within the discipline of Western biblical studies Second it seeks to highlight the widespread ideological gatekeeping protection and policing of madness in both western history and scholarship with regard to celebrated biblical figures including Jesus and Paul Third it initiates creative exchanges between biblical texts interpretations and contemporary voices from mad studies and sources autobiographies memoirs etc which are designed to critically disturb disrupt and displace commonly projected and often pejorative assumptions surrounding madness Voices of those subject to diagnostic labelling such as autism schizophrenia and or psychosis are among those juxtaposed here with selected biblical interpretations and texts **Heretic Men** Conrad Riker,101-01-01 Are You Tired of Being a Slave on the Marriage Plantation Have you lost your home kids and savings to a divorce court rigged against men Do you feel trapped shamed as toxic for being strong mocked as weak for showing vulnerability Why work 80 hour weeks to fund a system that calls you privileged while silencing your voice Expose the hidden system turning men into modern day serfs Shatter the lies behind equality that erase male leadership Uncover data proving how society profits from your exploitation Learn why churches betrayed biblical truth for feminist dogma See how media brainwashes masses to despise masculine heroes Discover biological truths feminists don t want you to know Escape the double bind trapping you in lose lose scenarios Reclaim purpose in a world starving for real fathers If you want to crush feminist tyranny and rise as an unbreakable leader then buy this book today **America's Promise** Don E. Eberly,1998 Noted scholar and activist Don Eberly details the history achievements and goals of the civil society movement He demonstrates why civil society is crucial to the preservation of democratic values and institutions and he explains why the concern over America s moral decay must be our major priority Our society argues Eberly cannot thrive and perhaps cannot

survive without strong social institutions a vibrant moral order and an active intellectual grass roots dimension *More Lasting Unions* Stephen Garrard Post, 2000 A powerful reassertion of the social and spiritual significance of marriage and the family Many recent social theorists maintain that marriage and the nuclear family are not particularly important to the fabric of our culture In this powerful refutation grounded in both Christian teaching and social science data Stephen G Post asserts that the bonds of marriage and family are fundamental to our social and spiritual well being Unique in the field for its wide treatment of relevant issues *More Lasting Unions* also takes up these important topics the special needs of children and of aging parents adoption as an alternative way of family building the perils of family self indulgence and consumerism balancing family commitments and concern for neighbors *Anchor Man* Steve Farrar, 2000-05-07 If you thought your parenting responsibilities ended after eighteen years per child you thought wrong Instead it s your privilege to lead your family and influence succeeding generations for a century or more *Anchor Man* presents the high calling of fatherhood the traits of a Christian father the adventures that await him as he interacts with his children and the significance of his role as a good family man Steve Farrar presents these roles and responsibilities in a way any man wanting to increase his understanding of his place in the family and our society can put into action every day *Anchor Man* encourages exhorts and demonstrates with biblical concepts how to raise a godly family and how to anchor that family in Christ for the next one hundred years Farrar s unique teaching style blends humor and practicality with the tools fathers need to become all that God intended them to be as the leaders of their families When a man gets serious about following Christ with his whole heart Farrar says God desires to not only pour out His blessing on that man but on his children and his children s children

Continuing to Care Karen Ann Conner, 2013-08-21 *Continuing to Care* describes the challenges of an aging America and changing family system Caregiving has always been a primary obligation of the family based on an informal intergenerational contract that specifies who owes what to whom This system of intergenerational reciprocity has been a central feature of American family life and has formed the foundation for successful social programs such as Social Security and Medicare that support older Americans Recent changes in the American family threaten the intergenerational family contract Changing definitions of family increasing divorce and remarriage rates the establishment of blended families and dramatic changes in the age structure and intergenerational composition of the family affect the ability of this important social unit to continue to provide care to its members Change in the American family system raises some difficult personal and social questions What is the obligation of adult children to elderly frail parents Are we expected to provide care ourselves or is supervising care provided by others an acceptable alternative Do the same rules apply in the case of step parents What is a child s obligation to a long absent father Can Americans continue to juggle responsibility for their children with the demands of careers and the needs of aging parents How much longer will we do it And what will society do if we decide to stop These questions need to be addressed as we reexamine our families caregiving role *Continuing to Care* brings these questions into the public forum

for consideration and debate **Precious in His Sight** Roy B. Zuck, 2012-05-11 Though numerous volumes have been written on human observations about children very few volumes present God's perspective on them as recorded in the Bible. *Precious in His Sight* fills the gap admirably. Not only is this volume unique it is also comprehensive. The author covers all of the children in the Bible intensively studying the biblical text as well as incorporating insights from the best historical works on childhood and child rearing in ancient times. The author's sensitivity to the cultural and sociological factors impinging on families in biblical times is everywhere apparent. In order to appreciate what the book of Proverbs says about children for example one must understand how children were treated and viewed in other cultures during Old Testament times. Everything the Bible says about children applies to contemporary childhood according to the author. He finds biblical examples and abundant implications for children's physical, emotional, social and spiritual development. The principles that can be garnered from this incisive work will help educators and parents in the teaching and training of children today.

Gender, Heteronormativity, and the American Presidency Aidan Smith, 2017-10-03 *Gender, Heteronormativity, and the American Presidency* places notions of gender at the center of its analysis of presidential campaign communications. Over the decades an investment in gendered representations of would-be leaders has changed little in spite of the second and third wave feminist movements. Modern candidates have worked vigorously to demonstrate compensatory heterosexuality, an unquestionable normative identity that seeks to overcome challenges to their masculinity or femininity. The book draws from a wide range of archived media material including televised films and advertisements, public debates and speeches and candidate autobiographies. From the domestic ideals promoted by Eisenhower in the 1950s right through to the explicit and divisive rhetoric associated with the Clinton-Trump race in 2016, intersectional content and discourse analysis reveals how each presidential candidate used his or her campaign to position themselves as a defender of traditional gender roles and furthermore how this investment in appropriate gender behaviour was made manifest in both international and domestic policy choices. This book represents a significant and timely contribution to the study of political communication. While communication during presidential elections is a well-established research field, Aidan Smith's book is the first to apply a gendered lens over such an extended historical period and across the political spectrum. **The Way We Really Are**

Stephanie Coontz, 2008-08-06 Stephanie Coontz, the author of *The Way We Never Were*, now turns her attention to the mythology that surrounds today's family: the demonizing of untraditional family forms and marriage and parenting issues. She argues that while it's not crazy to miss the more hopeful economic trends of the 1950s and 1960s, few would want to go back to the gender roles and race relations of those years. Mothers are going to remain in the workforce, family diversity is here to stay and the nuclear family can no longer handle all the responsibilities of elder care and childrearing. Coontz gives a balanced account of how these changes affect families both positively and negatively but she rejects the notion that the new diversity is a sentence of doom. Every family has distinctive resources and special vulnerabilities and there are ways to help

each one build on its strengths and minimize its weaknesses The book provides a meticulously researched balanced account showing why a historically informed perspective on family life can be as much help to people in sorting through family issues as going into therapy and much more help than listening to today's political debates *Church for the Fatherless* Mark E. Strong, 2012-08-02 Mark Strong explains why churches are uniquely suited to become places of refuge for our nation's fatherless From mentoring programs for dads to special ministry efforts for children Strong gives practical ways that churches can be conformed to the image of our loving Father

In a World Of...Friends, Foes & Fools James Merritt, 2008-08 One of the wisest men who ever lived is writing a letter of advice to his children and you can look over his shoulder The Proverbs of Solomon take on a new meaning when read as a letter from father to son The advice of the wise old king is invaluable to today's fathers struggling with the pressures of home and career responsibilities travel broken families and other realities of modern life In *Friends Foes and Fools* Dr James Merritt shows why no book ever written has been a better or more practical self help guide than Proverbs in helping fathers guide their children toward the right choices in life and away from the wrong ones Dad if you want to read a book that will change you and your family read this one Dr John C Maxwell Founder INJOY Dr James Merritt is the Senior Pastor and Founder of Cross Pointe The Church at Gwinnett Center located in Duluth Georgia and hosts the international broadcast ministry Touching Lives which airs in all 50 states and in 122 countries around the world The ministry also reaches literally every continent through the world wide web at www.touchinglives.org Dr Merritt and his wife Teresa reside just outside Atlanta Georgia

Viri Dignitatem: Personhood, Masculinity and Fatherhood in the Thought of John Paul II David H. Delaney, 2023-10-30 In numerous works both before and after his papal election John Paul II offers ample reflection on the themes of personhood relationality and sexual complementarity but while he advances a clearly articulated theology of femininity and motherhood as in his apostolic letter *Mulieris Dignitatem* he might seem to offer no equivalent treatment of masculinity and fatherhood In *Viri Dignitatem* David Delaney seeks to surface and systematize the rich but often overlooked theology of masculinity and fatherhood that is found dispersed throughout John Paul II's writings demonstrating its essentiality for understanding his larger anthropology In the first part of the study Delaney treats the foundations of this anthropology establishing John Paul II's thought on personhood relation and human action Building on this the second part considers sexual differentiation drawing out from John Paul II's teaching on the body femininity Mary and the Church his corresponding perspective on masculinity which is itself rooted in nuptial complementarity and the revealing work of Christ The third part focuses on John Paul II's theology of fatherhood which Delaney presents as both a natural and spiritual vocation that is based on the Fatherhood of God as this is manifested and imaged by the incarnate Son Finally the fourth part provides a synthetic assessment of this theology of masculinity and fatherhood showing its coherence and addressing contemporary criticisms and misinterpretations At a time of accelerating crises of sexuality the family and fatherhood Delaney's *Viri Dignitatem* provides a welcome and important elaboration of John

Paul II's teaching on the dignity and vocation of man *The Dad Book* Jay Payleitner, 2015-04-01 Younger dad older dad in the middle dad who couldn't use an easy access volume of pick me up ideas and inspirations called *The Dad Book* Especially when it includes entries like aardvarks Hollywood and waffles Though the science of raising children remains a mystery Jay Payleitner bestselling author of *52 Things Kids Need from a Dad* and veteran dadmeister of five grown kids will spark new ideas with fresh suggestions for engaging your kids dad to dad humor that will lift to your perspective reminders that God's in the fathering trenches with you ways to teach your kids by showing them instead of telling them encouragement to connect your kids with the God who knows you and them inside out and thinks you're all terrific You'll get a big confidence boost from Jay's straightforward man friendly advice A terrific way to lift your outlook above the fray and help you build lifelong positives into your family

Reviewing **Fatherless America**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
