## **Fathers And Sons English German Text:**

**Fatherhood and Its Representations in Middle English Texts** Rachel E. Moss, 2013 The figure and role of the late medieval father is reappraised through a close reading of a range of documents from the period including both letters and romances Late medieval English society placed great weight on the practices of primogeniture patrilineal descent and patriarchal government and the significance of the father had cultural resonance beyond the rule of law Yet despite burgeoning interest in both the family and gender the father has to date received little attention from medievalists This book takes an interdisciplinary approach to the analysis of the fictions of fatherhood the ideological constructs that underpinned late medieval conceptions of fathers and patriarchy Its focus on gentry and mercantile readers and writers also offers new insights into the literary culture of late medieval England by considering how texts were produced and received within gentry and bourgeois communities and demonstrates the ability of texts to not only reflect but also shape hegemonic norms and cultural anxieties Through close examination of late medieval letters and romances it shows how the father was the dominant figure not only of medieval domestic life but also of the medieval imagination Dr RACHEL E MOSS is a Lecturer in History at the University of Northampton *Archive and Memory in German Literature and Visual Culture* Dora Osborne, 2015 Explores the changing relationship between memory and the archive in German language literature and culture since 1945 *Faith in the Son of God (Foreword by Robert W. Yarbrough)* Kevin McFadden, 2021-05-05 A Study of Faith in Christ in Pauline Theology Over the last fifty years the apostle Paul's theology has come under immense critical examination One important issue prompted by recent scholarship is the correct translation of the Greek phrase *pistis Christou* as faith in Jesus Christ Galatians 2:16 Many English speaking scholars now interpret this Greek phrase as the faithfulness of Jesus Christ This new translation is bound up with the theological argument that we are not justified by our own faith but by the faithfulness of Christ Kevin McFadden argues that faith in Christ is a proximate cause of salvation that accords with grace Not only is this treatment a helpful introduction to the *pistis Christou* debate but it also demonstrates the central role of faith in salvation as the church brings the gospel to the world **Inheriting Walter Benjamin** Gerhard Richter, 2016-02-25 Gerhard Richter examines in the work of Walter Benjamin one of the central problems of modernity the question of how to receive an intellectual inheritance Covering aspects of Benjamin's complex relationship to the legacies of such writers as Kant Nietzsche Kafka Heidegger and Derrida each chapter attends to a key concern in Benjamin's writing while reflecting on the challenges that this issue presents for the question of inheritability and transmissibility Both reading Benjamin and watching himself reading Benjamin Richter participates in the act of inheriting while also inquiring into the conditions of possibility for inheriting Benjamin's corpus today *The Realist Novel* Dennis Walder, 2005-08-18 This book guides the student through the fundamentals of this enduring literary form By using carefully selected novels the authors provide a lively examination of the particular themes and modes of realist novels of the period **The Century Cyclopedia**
