Fault Lines Of Empire:

The Fault Lines of Empire Elizabeth Mancke, 2005 Elizabeth Mancke presents a comparative history arguing that differences in the political cultures of Canada and the United States have their origins in changes in the governance of the British Empire in the late seventeenth and early eighteenth centuries

Western Empires, Christianity and the Inequalities between the West and the Rest Samiie Terreblanche, 2014-09-30 The acute problem of inequality in the world was brought centre stage by the sensational appearance of French economist Thomas Piketty s bestselling book *Capital in the Twenty first Century* In *Western Empires Christianity and the Inequalities between the West and the Rest* 1500 2010 Samiie Terreblanche studies the matter from a political economic perspective and brings five centuries of global history to bear in his focus on global as opposed to internal national inequalities The unprecedented accumulation of wealth in the Western world has come at a dire cost to the Restern world a term the author coins and empire building is at the root of it The last 500 years have seen successive epochs of empire followed by war and systemic chaos During this time the haves of world history have systematically channeled global resources towards the West through cunning and conquest a process in which Christian missionary societies played a key role as the soft avant garde followed by the hardware The book deals with several concepts of empire and the forces through which empires have been rolled out through history arms money ideology religion What fed into the Eurocentrism and notion of superiority which paved the way for a lamentable history of slavery exploitation and the unremitting accumulation of wealth and power The book shows how clearly dangerous a world we live in with the scales as precipitously tipped as they are Ten years in the writing and in many ways the apex of this decorated author s life work *Western Empires* is a book for everyone who wishes to understand or address the extreme concentration of wealth in the hands of the global few and the hopeless poverty of the many

Homelands and Empires Jeffers Lennox, 2017-05-08 The period from 1690 to 1763 was a time of intense territorial competition during which Indigenous peoples remained a dominant force British Nova Scotia and

French Acadia were imaginary places that administrators hoped to graft over the ancestral homelands of the Mi kmaq Wulstukwiuk Passamaquoddy and Abenaki peoples Homelands and Empires is the inaugural volume in the University of Toronto Press s Studies in Atlantic Canada History In this deeply researched and engagingly argued work Jeffers Lennox reconfigures our general understanding of how Indigenous peoples imperial forces and settlers competed for space in northeastern North America before the British conquest in 1763 Lennox s judicious investigation of official correspondence treaties newspapers and magazines diaries and maps reveals a locally developed system of accommodation that promoted peaceful interactions but enabled violent reprisals when agreements were broken This outstanding contribution to scholarship on early North America questions the nature and practice of imperial expansion in the face of Indigenous territorial strength

Muslim Cosmopolitanism in the Age of Empire Seema Alavi,2015-04-06 Seema Alavi challenges the idea that all pan Islamic configurations are anti Western or pro Caliphate A pan Islamic intellectual network at the cusp of the British and Ottoman empires became the basis of a global Muslim sensibility a political and cultural affiliation that competes with ideas of nationhood today as it did in the last century

Beyond the World of Titans, and the Remaking of World Order Peter Baofu,2009-03-26 Contrary to the conventional wisdom held by many not only the dominance of the U S in the post Cold War era is much exaggerated but also its days as a hyper power are ending Instead the world is slowly but steadily evolving towards what Dr Baofu originally calls the dawn of the post post Cold War era in the world of titans for a tremendous remaking of world order to be governed by different types of empires crossing regional borders This has important implications for understanding the logic of empire building be it in the past present or future to the extent that the current theoretical debate on international relations among different paradigms is as much misleading as obsolete The current debate also obscures something more tremendous in the long run in relation to the emergence of what Dr Baofu proposes as the union of the unions in the farther future that humans have never known both here on earth and later in deep space

The Far Reaches of Empire John Grenier,2008 The Far Reaches of Empire chronicles the half century of Anglo American efforts to establish dominion in Nova Scotia an important French foothold in the New World John Grenier examines the conflict of cultures and peoples in the colonial Northeast through the lens of military history as he tells how Britons and Yankees waged a tremendously efficient counterinsurgency that ultimately crushed every remnant of Acadian Indian and French resistance in Nova Scotia The author demonstrates the importance of warfare in the Anglo French competition for North America showing especially how Anglo Americans used brutal but effective measures to wrest control of Nova Scotia from French and Indian enemies who were no less ruthless He explores the influence of Abenakis Maliseets and Mi kmaq in shaping the region s history revealing them to be more than the supposed pawns of outsiders and he describes the machinations of French officials military officers and Catholic priests in stirring up resistance Arguing that the Acadians were not merely helpless victims of ethnic cleansing Grenier shows that individual actions and larger forces of history

influenced the decision to remove them The Far Reaches of Empire illuminates the primacy of war in establishing British supremacy in northeastern North America *Refugees and the End of Empire* P. Panayi,P.
