Faure 6 Barcaroles:

Gabriel Faure Edward R. Phillips, 2011-04-14 First published in 2011 this research study includes a biography section as well as the works of Gabriel Urbain Faur born on 12 May 1845 Much of Faur s music especially the late pieces remain little played and little known as a result his reputation as a salon composer of pleasant music continues even among educated musicians The author suggests that it is more likely that the difficulty of much of Faur s music for the listener and the demands it places upon him or her are the principal reasons for its omission from concert programs and for a misunderstanding of Faur s place in the history of French music

Gabriel Fauré: The Songs and their Poets Graham Johnson, 2017-07-05 The career of Gabriel Faur s a composer of songs for voice and piano traverses six decades 1862 1921 almost the whole history of French m die is contained within these parameters In the 1860s Faur the lifelong prot of Camille Saint Sa was a suavely precocious student he was part of Pauline Viardot s circle in the 1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Faur as the favoured composer from the early 1890s of Winnarretta Singer later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self doubt an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Faur own life story and the parallel lives of his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist Charles Van Lerberghe The chronological range of the narrative encompasses Faur first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Faur 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty first century musical modernity is evaluated differently from the way it was assessed thirty years ago Faur s no longer merely a Master of Charms circumscribed by the belleque His status as a great composer of timeless

reimagined his musical idiom with each new poet and school and his song cycles show the same sensitivity to the poetic material Far more than Debussy Ravel or Poulenc he crafted his song cycles as integrated works reordering poems freely and using narratives key schemes and even leitmotifs to unify the individual songs The Faur Song Cycles explores the peculiar vision behind each synthesis of music and verse revealing the astonishing imagination and insight of Faur s musical readings This book offers not only close readings of Faur s musical works but an interdisciplinary study of how he responded to the changing schools and aesthetic currents of French poetry
