will hear the tunes behind the words and give them back to me Youens maintains that M ller in depicting the wanderings of the alienated lover produced poetry that was simple but not simple minded poetry that embraced simplicity as part of its meaning In her view M ller used the ruder folk forms to give his verse greater immediacy to convey more powerfully the wanderer s complex inner state Youens addresses many different aspects of Winterreise the cultural milieu to which it belonged the genesis of both the poetry and the music Schubert s transformation of poetic cycle into music the philosophical dimension of the work and its musical structure **From Madman to Crime Fighter** Roslynn D.
