joy and shows us how fear can ultimately cure us by opening our eyes to all that needs healing in our lives Drawing on peer reviewed studies and powerful true stories The Fear Cure presents a breakthrough understanding of fear s effects and charts a path back to wellness and wholeness on every level We learn How a fearful thought translates into physiological changes that predispose us to illness How to tell true fear the kind that arises from a genuine threat from false fear which triggers stress responses that undermine health How to tune in to the voice of courage inside our Inner Pilot Light How to reshape our relationship to uncertainty so that it s no longer something to dread but a doorway to new possibilities What our fears can teach us about who we really are At the intersection of science and spirituality The Fear Cure identifies the Four Fearful Assumptions that lie at the root of all fears from the sense that we re alone in the universe to the belief that we can t handle losing what we love and shifts them into Four Courage Cultivating Truths that pave our way to not only physical well being but profound awakening Using exercises from a wide range of mind body practices and spiritual traditions Dr Rankin teaches us how to map our own courage cultivating journey write a personalized Prescription for Courage and step into a more authentic life

The Thing You Think You Cannot Do Gordon Livingston, 2012-04-10 What are we afraid of and what can we do about it Fear of change of intimacy of loss of the unknown has become a corrosive influence in modern life eroding our ability to think clearly Exploited for power by politicians and for money by the media it has become embedded in the way we think about our lives Overcoming our fear says Gordon Livingston constitutes the most difficult struggle we face Dr Livingston a psychiatrist has increasingly found himself prescribing virtues like courage to his patients instead of tranquilizers or antidepressants Now he tells us all what we need to do to develop personal virtues in the face of societal fear and our own individual fears And he does this with the crystalline prose and leavening wit that have made him an internationally bestselling author As the celebrated novelist Mark Helprin has said of Dr Livingston To read him is to trust him and to learn for his life has been touched by fire and his motives are absolutely pure
