Welcome to Fear City Nathan Holmes, 2018-09-26 Analyzes how location shot crime films of the 1970s reflected and influenced understandings of urban crisis The early 1970s were a moment of transformation for both the American city and its cinema As intensified suburbanization racial division deindustrialization and decaying infrastructure cast the future of the city in doubt detective films blaxploitation police procedurals and heist films confronted spectators with contemporary scenes from urban streets Welcome to Fear City argues that the location shot crime films of the 1970s were part of a larger cultural ambivalence felt toward urban life evident in popular magazines architectural discourse urban sociology and visual culture Yet they also

helped to reinvigorate the city as a site of variegated experience and a positively disordered public life in stark contrast to the socially homogenous and spatially ordered suburbs Discussing the design of parking garages and street lighting the dynamics of mugging panoramas of ruin and the optics of undercover police operations in such films as Klute The French Connection Detroit 9000 Death Wish and The Taking of Pelham One Two Three Nathan Holmes demonstrates that crime genres did not simply mirror urban settings and social realities but actively produced and circulated new ideas about the shifting surfaces of public culture Rejecting the easy abstractions and postmodern playfulness of noir and neo noir criticism Holmes places 1970s crime films as he says in relation to the urban context that was their location setting and subject He does this brilliantly convincingly and uniquely David Desser former editor Cinema Journal **Taking the Train** Joe Austin,2001 Traces the history of graffiti in New York City against the backdrop of the struggle that developed between the city and the writers **The New York Times Index** ,1926 *Cognitive and Behavioral Theories in Clinical Practice* Nikolaos Kazantzis,Mark A.
