Singapore What goes on behind the locked doors of the hospital especially inside the patients minds is a mystery to even the best psychiatrists and psychologists In Yohanna Abdullah s creative mind MDU is a NASA space station on Mars This is a peek into the mental universe of one writer diagnosed with bipolar disorder Type 1 in 1998 Karma Hotel is Yohanna s cryptic code name for the basement ward where up to 40 patients are treated for various mood disorders While admitted there for three manic episodes within a year in 2022 and 2023 she wrote about 60 poems The book also features some of her raw illustrations of the space and people at the karmic staycation Enjoy the poetic stops in Karma Hotel which takes you to the author s universe from Mars to Uranus to Earth and even to the Andromeda Galaxy *Our Recovery of Jesus* Walter Ernest Bundy,1929 **Faith Healing** Miranda Marquit,2006 This book explores both sides of the issue of faith healing From Psychotherapy to Psychopoetry Pierre Bonnet,2016-01-22 The book is intended to challenge and is aimed at the curious reader who wants to think about whatand howhe or she thinks about things like choice human nature life and so on *THE FANTASY OF FAITH* Rogene A. Buchholz,2023-08-16 In a nutshell Christianity is one of the greatest if not the greatest hoax ever perpetuated on people in the history of the universe It is practically all fantasy of one sort or another that millions of people believe in all over the world and have done so for many centuries since Christianity began It all could have been made up out of whole cloth The Old Testament cannot be taken at face value as the creation story was most likely borrowed from other sources and adapted to fit with the author s purpose of explaining how the world began The Exodus may be entirely fiction and most certainly did not happen the way it is described in the Bible As far as the New Testament is concerned it was written decades after the crucifixion of Jesus by people who were not eyewitnesses to the events they described There may have been a prophet whose teachings drew many followers but there was certainly no virgin birth no miracles and no resurrection The purpose of all the apocalyptic writing and second coming of Christ may have been motivated by the oppression of the Roman Empire where the Jewish people felt powerless and needed to believe in something that would provide them with a feeling that in the final analysis justice would be done and they would get their revenge Thus Christianity needs to be exposed for the fraud that it is which is what this book attempts to do by looking at the history of Christianity Biblical scholarship and other aspects of Christianity along with its alternatives *Science Fact and Science Fiction* Brian Stableford,2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The

goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed

**Queering Faith in Fantasy Literature** Taylor Driggers, 2022-01-13 Fantasy literature inhabits the realms of the orthodox and heterodox the divine and demonic simultaneously making it uniquely positioned to imaginatively re envision Christian theology from a position of difference Having an affinity for the monstrous and the other and a preoccupation with desires and forms of embodiment that subvert dominant understandings of reality fantasy texts hold hitherto unexplored potential for articulating queer and feminist religious perspectives Focusing primarily on fantastic literature of the mid to late twentieth century this book examines how Christian theology in the genre is dismantled re imagined and transformed from the margins of gender and sexuality Aligning fantasy with Derrida s theories of deconstruction Taylor Driggers explores how the genre can re figure God as the other excluded and erased from theology Through careful readings of C S Lewis s *Till We Have Faces* Angela Carter s *The Passion of New Eve* and Ursula K Le Guin s *The Left Hand of Darkness* and the *Earthsea* novels Driggers contends that fantasy can challenge cis normative heterosexual and patriarchal theology Also engaging with the theories of H I ne Cixous Luce Irigaray Marcella Althaus Reid and Linn Marie Tonstad this book demonstrates that whilst fantasy cannot save Christianity from itself nor rehabilitate it for marginalised subjects it confronts theology with its silenced others in a way that bypasses institutional debates on inclusion and leadership asking how theology might be imagined otherwise *The Philosopher's Index* ,2006 Vols for 1969 include a section of abstracts [Beeton's Fact, fiction, history and adventure](#), ed. by S.O. Beeton Samuel Orchart Beeton, 1870 *Faith* Peter Barfoot, 2018-07-26 After thirty three years as a senior pastor and nearly fifty overseas missions Peter Barfoot is well qualified to write on the subject of faith In *Faith God s Gift to the Heart* Peter explores the many and diverse aspects of the Christian faith and shares on how it brought him to and through difficult and even dangerous situations Peter s years as a newspaper editor magazine publisher and author of hundreds of articles combined with his ministry experience to produce a book which is both inspiring and informative Accompanied by his wife Lorraine Peter continues to teach write and minister to the sick worldwide to the glory of God and his Son Jesus Christ *Faith and Fear* Gregory A. Daddis, 2025 In a groundbreaking reassessment of the long Cold War era historian Gregory A Daddis argues that ever since the Second World War s fateful conclusion faith in and fear of war became central to Americans thinking about the world around them With war pervading nearly all aspects of American society an interplay between blind faith and existential fear framed US policymaking and grand strategy often with tragic results A sweeping history *Faith and Fear* makes a forceful argument by examining the tensions between Americans overreaching faith in war as a foreign policy tool and their overwhelming fear of war as a destructive force **Faith in the Inferno** Elise

Monet,2024-10-28 In a wilderness journey of extraordinary joy and suffering Elise Monet takes readers to realms beyond ordinary human consciousness where forces of good and evil are arresting undeniable and more convincing than earthly reality From an exquisite foretaste of heavenly bliss to the horrifying specter of perdition Monet is driven along a path of love and terror that shatters her worldview and transforms her understanding of spiritual reality Faith in the Inferno unravels three decades of seeing visions and hearing voices which severely test the author s faith and sanity In explicit detail she describes her visions what voices say and her struggle to make sense of them Monet addresses problems with conventional treatment of schizophrenia which ignores the meaning and reality of spiritual voices She sheds light on historical accounts of voice hearers how and why spiritual forces may intercede in a person s life the delight and agony such experiences bring discerning truth from deceit and the importance of finding coping mechanisms Having broad appeal and practical value at the intersection of culture faith and psychosis this memoir offers an inspirational testimony about how God speaks through suffering to save us After documenting her terrifying dark night of the soul Monet leads readers to a place of love hope and healing     Faith for the Journey (Volume III) Roderick L.
