**Charlemagne's Tablecloth** Nichola Fletcher, 2025-09-23 Feasts banquets and grand dinners have always played a vital role in our lives They oil the wheels of diplomacy smooth the paths of the ambitious and spread joy at family celebrations They lift the spirits involve all our senses and at times transport us to other fantastical worlds Some feasts have given rise to hilarious misunderstandings at others competitive elements take over Some are purely for pleasure some connect uncomfortably with death but all are interesting Nichola Fletcher has written a captivating history of feasts and entertaining throughout the ages that includes the dramatic failures along with the dazzling successes From a humble meal of potatoes provided by an angel to the extravagance of the high medieval and Renaissance tables groaning with red deer and wild boar to the exquisite refinement of the Japanese tea ceremony Charlemagne's Tablecloth covers them all In her gustatory exploration of history's great feasting tables Fletcher also answers more than a few riddles such as Why did Charlemagne

use an asbestos tablecloth at his feasts and Where did the current craze for the elegant Japanese Kaiseki meal begin Fletcher answers these questions and many more while inviting readers to a feasting table that extends all the way from Charlemagne's castle to her own millennium feast in Scotland This is an eclectic collection of food and feasts from the flamboyant to the eccentric the delicious to the disgusting and sometimes just the touchingly ordinary For anyone who has ever sat down at a banquet dining table and wondered Why Nichola Fletcher provides the delicious answer in a book that is a feast all its own

*Chinese History and Literature* J. Prusek, 2012-12-06 The studies contained in this volume arose over the last thirty years Originally the range of the materials I intended to include in my selection was very much wider Publishing difficulties however have obliged me to curtail them to something less than half the planned content At first I intended to include all the studies I supposed might be of interest to readers and represent contributions still of some significance for research in this domain of Oriental scholarship When the necessity arose to limit the contents I gave preference to the standpoint of thematic completeness rather than to what would be of interest to the general reader Thus in this volume I have confined myself to two thematic fields only Old Chinese literature and studies dealing with mediaeval storytellers' productions *hua pen* I have excluded the whole complex of historical studies and all studies relating to the new literature I am now preparing on the principal historical theme on which I was engaged already in the period of my studies in Prague under Prof J Bidlo and then in 1928 till 1930 with Prof B Karlgren in Sweden and Prof G Haloun in Halle in Germany a more compendious study in which I hope to sum up the results of my research and I also intend to publish a volume of selected studies dealing with the New Chinese literature at some later date
