 Dionysus, Christ, and the Death of God, Volume 2 Giuseppe Fornari,2020-09-01 This magisterial reflection on the history
and destiny of the West compares Greco Roman civilization and the Judeo Christian tradition in order to understand what
both unites and divides them Mediation understood as a collective symbolic experience gives society unity and meaning
putting human beings in contact with a universal object known as the world or reality But unity has a price the very force
that enables peaceful coexistence also makes us prone to conflict As a result in order to find a common point of convergence
of at one ment someone must be sacrificed Sacrifice then is the historical pillar of mediation It was endorsed in a cosmic
religious sense in antiquity and rejected for ethical reasons in modernity where the Judeo Christian tradition plays an
intermediate role in condemning sacrificial violence as such while accepting sacrifice as a voluntary act offered to save other
human beings Today as we face the collapse of all shared mediations this intermediating solution offers a way out of our
moral and cultural plight
